Seraphin Message 165: REMOVING THE PLASTIC PACKAGING

Through Rosie, 9th January, 2014

Whether you know it or not, the time of MOVING ON for all those presently inhabiting earth is coming ever closer. So far, your passage has been chaotic, mostly directionless, moving in some cases towards your earthly goal (yet the address imprinted on your soul is always directing you towards THE DIVINE).

It is as if you, as a parcel addressed to THE DIVINE, have let your wrapping paper become ravaged and battled during the travelling process. Through perforation, inner decay of the contents has been made possible, and threats to your very existence has been made possible. Placing this damaged parcel into a WATERTIGHT IMPENETRABLE PLASTIC EXTERIOR has sometimes been imperative to safeguard your inner core from complete destruction.

The SORTING and SELECTION process which awaits you means that ALL PROTECTIVE COVERINGS WILL NECESSARILY BE REMOVED, SINCE THE DANGER HAS PASSED, SINCE THEY ARE NO LONGER NECESSARY. Thus will the state of the inside be revealed in all its various facets: the decay, the mould, the distortion, the secrets, the real thoughts and actions which have been retained undercover as either perverse or wonderful SECRETS.

All will be exposed: the very depths of depravity and the very beauty of your inner DIVINITY. Both the darkness and lightness will be revealed. You will stand naked in the most intense light of all, and nothing you can do will avert this benign gaze. For its purpose it not to condemn or commit, but to assess and smile, gently directing you to the NEXT BEST PLACE FOR YOU TO GO.

The learning process continues, Beloveds, as you see WHICH ROAD YOU ARE ON and WHO IS ACCOMPANYING YOU. Your lives as constant forward movement rather than a constant repetition of stagnant cycles will be CRYSTAL CLEAR TO ALL. May you stand humbly in front of the GREAT LIGHT and be open to the new path facing you.

The watertight covering has DULLED YOUR SENSES, CREATED CONDENSATION and STRESS which cannot escape, has prevented TRUE COMMUNICATION with others. You will feel great relief when this casing is removed. You may explode and scream from being restrained for so long. You may cry from the realisation that there is so much you have missed. You may walk around in a daze confronted with an INTENSITY you are not used to. You may jump with joy, freed of your fetters. You may collapse in pain, having relinquished your familiar support. You may wish to return to the close crampedness which has become your reality. If this is your desire – to remain stagnant rather than to grow – you will return to similar circumstances so that you again receive the chance and impulse to learn and grow.

You may re-discover feelings and experiences from the past. You may discover your inner worth. You may discover crusts of experience which others have forced upon you and which you now reject as “foreign”. You may recognise useless and superfluous items in your lives which you throw out immediately. You may be reminded of hidden hopes and dreams. You may lament lost loves or re-discover great potential. You will see all and consider all. You will be able to make educated choices, whereas previously your judgement was clouded. You will ponder every detail and assess how you have fitted into, abetted, contributed to, detracted from, or opposed the diabolic plans in sway on earth up to this point. You will see your position on the scale of stupidity and gullibility to integrity. You will re-learn FREEDOM OF CHOICE. You will redefine your world and WHAT IS WORTH CHOOSING. You will create your future with INTENT TO DO GOOD TO ALL. You will no longer be content to COMPROMISE. You will sing a new song, guided by new guides.

WE are here to guide you in this. You will no longer rush into dark tunnels without a lamp in your hand. You will know when to retreat or get off your present track because you will be able to correctly assess its worth. You will be able to set off with confidence, of your own accord. You will retrieve the ability to enlighten others who travel your path, as they will enlighten you. You will praise the day when the packaging was removed and when you retrieved FULL SIGHT. You will bless all those who cross your path. Instead of a sullen gaze which belies their existence, you will greet everyone with a smile. You will be grateful for the great gift extended to you, even as you were lost, floundering in a quagmire of your own making. You will be conscious of the GREAT BENEVOLENT UNIVERSAL CONSCIOUSNESS which has granted you this reprieve. In short, you will veritably be BORN AGAIN IN SPIRIT. You are our stars. May you light the way. We hold our hands ceremoniously over our hearts in anticipation of this day, Seraphin

Seraphin Message 166: BIRTHING PARADISE

Through Rosie, 13th January 2014

Creating paradise goes hand in hand with NOT CREATING THE OPPOSITE, known on this planet as “hell”, considered a prison of darkness and despair. Where all are in constant connection with Divine Will, in full knowledge of the benevolent workings of the Divine hand, despair has no fertile ground.

Do you recognise “darkness”, Beloveds? Do you really wish to live in a PARADISE? Do you really want to bring “heaven” to earth? And what is your idea of “paradise” or “heaven” – terms which are loosely, carelessly and casually banded around in your daily encounters (HEAVENS ABOVE! OH HEAVENS!) instead of pertaining to and being cherished as that special and sacred state of equilibrium where all are at peace, for which all should strive.

We shall tell you what paradise IS NOT: it is a place where noise is not, where stress is not, where boasting is not, where dearth is not, where manipulation is not, and where ill-health, lack of money and unsolvable problems ARE NOT.

All this will be BIRTHED BY YOU, as you turn your eyes beyond the area they presently scan, searching instead for chinks of light in the dense thicket. You will ask “Who has blazoned the comfortable path in the opposite direction, paved with smiling (lip-service paying) guards who partition off deviating paths with ropes, who erect signs alerting travellers to DANGEROUS AREAS NEARBY WHERE WILD ANIMALS ROAM, who usher you into areas of deep darkness away from the light and away from the thicket dividing you from it?” They have pushed you in one direction, and they have encouraged the thicket to grow behind you. You have but to turn your heads. You have but to investigate what is growing underneath the moss. You have but to move with determination in a new direction.

“And how exactly is PARADISE to be achieved?” you will ask, “How can we construct this realm of constant calm, of abundance and love?” And we say to you: YOU ARE THE SEEDS OF ALL THINGS. YOU ARE THE PRECURSORS OF TOMORROW. If you gossip and brawl today, you will sully your tomorrow. If you oppress your fellows, you will receive their sullen anger tomorrow. If you help someone today, you will receive your reward tomorrow. If you show aggression today, others will react with fear to you tomorrow. If you lie today, someone will cheat you tomorrow. If you suck someone into your sphere of influence today, you will be faced with reluctance tomorrow. If you shout at someone today, they will keep their distance tomorrow. If you are unclear today, you will have to dispel chaos tomorrow. If you share your troubles today, you will be asked how you are tomorrow. If you make changes today, you will see the results tomorrow.

Therefore, KNOW THAT THE PARADISE OF TOMORROW ORIGINATES IN THE MINDS OF TODAY, in your every thought and action. This we have said often, and we repeat it today because tomorrow will reveal, IN ALL CLARITY, what your faulty behaviour of yesterday has yielded. You will be presented with your harvest, individually and collectively. You will see your steps (which may have seemed justifiable when judged in separation in the past) as cumulating in a heinous present when viewed in their entirety and as ONE. You will rediscover silence. You will discover the meaning of “bated breath” as you decide – IN TOTAL KNOWLEDGE OF THE POTENCY AND IMPACT OF YOUR STEP – which direction to choose next. Thus will paradise be birthed, in the still knowledge of your power and the exercising of that power in alignment with that which benefits all.

Seraphin Message 167: EXAMINING INDIVIDUAL FRAMES AT THE END OF THE GAME

Through Rosie, 13th January 2014

S: Just as a film consists of a series of photos giving the illusion of continuous movement, the film of your present lives is about to SLOW DOWN SO THAT EACH INDIVIDUAL FRAME CAN BE CLEARLY SEEN. Each frame will stand still so that it can be thoroughly assessed for quality. Nothing will be overlooked. Nothing will fade into a blur.

How will you react to this painful slowing down in momentum? You will see your own lives in a different light. You will see other people, your nation, and indeed your whole planet in a different light. It will be like lying on an operating table: all harmful tumours must be removed to ensure the full functioning of the body.

Yet we wish to talk less of the body here and more of the mind, in which originates the seed of all things manifest. Indeed, the patterns and “films” of your mind will be broken down into reasonable pieces. You will see that some patterns have caused you to run “on automatic”, again at some speed. And again, close examination is necessary, for in the new earth MINDLESS REPETITION HAS NO PLACE.

To stop and question will become the norm. You will be asked to dissect your thinking processes: that which you consider “fact” and which forms the very basis of your premises will turn out to be WORTHLESS NOTHINGS. And what you considered to be “illusion” or “flights of fantasy” or unproven but remote possibilities will now move into the range of what you consider to be CONCRETE FACT.

You may feel very unsteady in all this re-arranging of material which you have long been sorting into various mental piles. But now the wind blows, and all the piles of sorted papers now rise to the sky, falling in a completely different place. Thus will you radically rearrange your thoughts, your friends, your situations, your past experiences, your future hopes, your intentions and your dreams into NEW GODLY CATEGORIES.

This alignment with the new wind will be part of a set of NEW PRIORITIES in your lives. Never again will you feel useless, hopeless, superfluous or disorientated. There is much work to be done, Beloveds. Let us roll up our sleeves, for we see the storm of change brewing on the horizon.

R: You have given us yet another message, Seraphin – the third in a very short period of time. This is, I imagine, because I have made myself more available, or is the situation becoming more acute?

S: The situation is ALWAYS becoming more acute, and more sorted in the sense that DENOUEMENT/DISENTANGLEMENT is progressing and CLARITY increasing. In the end, all will be clear, like a sheet of transparent glass. This is what we aim for, what we work for, and why we entreat you through messages to participate in these energies. We work with you to spur change on.

You can only imagine how complex all this is. We only address certain aspects. Many other aspects remain undisclosed in your realm because you do not have the knowledge presently to understand. Information is missing. Whole chunks of your history are missing. Awareness of your position in the universe is missing. Sensitivity to the power of energies at play in this scenario is missing. We can only say that THE GAME IS BEING PLAYED OUT AND THAT THERE WILL BE THAT FINAL WHISTLE BLOW, because this is in the nature of a game: THAT IT ENDS, that both sides assess themselves and ask themselves where they went wrong and how they can improve. This intermission which is coming to you will be one of the greatest learning opportunities you have known, catapulting you into a whole different space. We are here to help you, Seraphin

Seraphin Message 168: REWIRING YOUR MINDS TO THE DIVINE

Through Rosie, 16th January 2014

These are times of great distress for those who have no firm anchor, who float like abandoned ships upon every wave of fear, swept into every storm, unable to dock in a safe harbour. This is because they rely on old paradigms and concepts and beliefs to guide them, and these no longer have the desired effect. So here you float as flotsam and jetsam, riding on the edge of change and screaming as you do so.

Strange bodily feelings and feeling "at a loss" or "in another dimension" are part of this MAJOR REWIRING presently occurring. You are being REWIRED TO THE DIVINE, and your mind is being encouraged also to rewire to the SOURCE and also the source of all mysteries large and small.

Imagine you sit in the same office every day, and that you know NOTHING ELSE. Your building is surrounded by other buildings so that you never see a horizon. As you carry out your daily work, writing notes diligently, you may notice that the colour of the paper changes from grey to white and then to grey again. You may explain this in several ways. You may say MY EYES ARE WEARY in the morning and in the evening, and therefore the paper is clearer in the middle of the day. Or you may say: more electricity is used in the mornings and evenings, and so there is less power in the lamps at that time. You may explain shadows away in a similar manner. You may actually not think anything, or attempt to explain anything, or perhaps you simply put it down to something INEXPLICABLE.

Imagine your perplexity when someone takes you by the hand and you climb many flights of steps to the roof of the building. Here, for the first time in your life, you feel the fresh air on your skin, and for the first time, you see THE SUN RISING AND SETTING. This puts all your previous experiences in a completely new light, showing you very clearly HOW LIMITED WAS YOUR TRAIN OF THOUGHT.

Be ready for this GREAT REWIRING, THIS GREAT REFRAMING OF YOURSELVES WITHIN THE NETWORK OF THE MAJESTIC DIVINE FORCES OF WHICH YOU ARE PART.

And yes, I know that we have already brought you so many stories and parables concerning expanded perspectives. And their influence has been little. And so we continue ever onwards with this, another attempt to prepare you, another attempt urging you to make FULL USE OF YOUR MINDS TO MAKE DETAILED ENQUIRY INTO YOUR PRESENT CIRCUMSTANCES. If you think we do not exist, what is the meaning of your closeted lives? Do you think you are THE ONLY ONES living in the VAST EXPANSE you call the universe? And if you conclude there must be others, then WHY WOULD THEY NOT WISH TO ASSIST YOU IN YOUR PERIL? Or would they prefer to destroy you? AND WHY HAVE THEY NOT DONE THIS? Close your eyes and open your hearts and try to feel the love being offered to you ON ALL SIDES, including from the beyond, far from your tiny planet.

As always, we seek to assure you and encourage you and to move you in a direction which opens up VAST VISTAS. We are relentless in our efforts and inexhaustible in our offers of love. Seraphin

Message 169: MEDITATION TO DRAW YOU AWAY FROM THE SAME

Through Rosie, 20th January 2014

You are going along familiar pathways. You may be travelling to work, doing your chores, attending regular meetings, taking the same route, wearing the same clothes, seeing the same people, following the same guru, watching the same programme, following the same pattern, saying the same things, reacting in the same way, over-reacting to the same stimuli, indulging in the same escape, blaming the same source, inviting the same disaster, ignoring the same opportunity, fabricating the same trauma, exacerbating the same dilemma, inviting the same insult, responding to the same whistle call, following the same tracks, reaching for the same destination.

We would like to draw you away from DOING THE SAME.

Imagine, after all these years of time of doing the same, of climbing a difficult mountain, you now have the chance to START A NEW JOURNEY UNFETTERED BY THE PAST, Imagine you climb to the top of a mountain where your normal path stops abruptly at an ornate archway. Beyond this lies the UNKNOWN, the possible paradise. Close your eyes NOW and imagine what your new path is. What are your new priorities? How can you give joy to yourself and to others? Take a few minutes to visualise this scene in detail in your mind.

Remember the glorious scenes you have been given, the vistas of endless opportunity and realise the potential for change, for every little detail you have seen will have meaning for you in your life on earth. Hold this memory in your heart as you re-enter the archway and gaze down at the myriad avenues of your past with new eyes. Place your seal of gratitude on this experience, for you have accessed the precious GOD OR GODDESS WITHIN who has given you these insights, and whose intuitive knowing is far more expansive than your well-trodden, circulatory and sometimes tortuous ways of cognitive and “logical” thinking. We love you, Seraphin

Seraphin Message 170: THERE IS NO SEPARATION WHERE ONLY LOVE IS

Through Rosie, 6th February 2014

There is no separation between you, Beloved Children, who live in the bounteous fields of your Mother Earth. Everything on earth – all the buildings you have constructed, all the items you have created, your entire physical surroundings are made OF HER BODY. Without her great gift of materials and nutritional soil encouraging growth, you would not be able to survive. RECOGNISE THIS EXTREMELY CLOSE CONNECTION, and know that mutual respect of this your MOTHER in so many ways, is vital to your MUTUAL SURVIVAL.

The intrusion of your mind with its tendency to immediately judge everyone who comes into your vision, is one of the main “diseases” on your planet. The shift now required is to LOOK FOR THE SIMILARITIES – to do this instantly at first sight, and to continue doing so as a relationship deepens. If you hear alarm bells ringing during your encounters, if you suddenly feel unaccountably or unreasonably or surprisingly ANGRY, SAD or UNDER ATTACK, then know that these alarm bells are for YOU, asking you to conduct further self-reflection. Do not let these alarm bells become the thin end of the wedge of SEPARATION.

What are your similarities? How are beggars, kings, teachers, toddlers, animals great and small, on land or in the sea, all THE SAME? They all thrive on LOVE. Who has drawn national borders, Beloveds? Who has partitioned society into different castes or classes or religions, and any amount of other small groups which exclude others? Who has placed obstacles in the path of unity? Who has erected physical and mental walls to contain you? Who has devised the concept of “friends” and “enemies”? These limitations are without a doubt constructed by YOURSELVES and adhered to by YOURSELVES. Only LOVE can break these walls.

There is so much longing for closeness and love in your society. Look at those accumulating huge numbers of FRIENDS on social media sites. The internet has indeed provided you with the opportunity to reach “friends” in far flung places, on the other side of the globe, and it is now obvious and accepted that friendships can be forged through written contact at great distances, with no physical contact involved. So think further, my FRIENDS ON PLANET EARTH who we also try to contact in this way, in this case through the mind of this scribe. Think further and you will find US, ever watchful, ever loving, always anticipating a written or telepathic message FROM YOU. The internet represents a humanising stage of your development, encouraging global brother and sisterhood, and in time it will be well extended beyond its present range to include US and so many other galactic friends from whom you can expect real friendship, consolation and advice.

Look at a large lake or expanse of water and regard the constant motion of the waves, and the glittering of the sunlight on its ever-changing fluid contours. This constant mix of potential and possibilities of form is YOURS TO GRASP, IS YOURS TO GRACE AND EMBRACE WITH YOUR LOVE, IS YOURS TO CONNECT WITH AND RE-CONNECT WITH IN EVER-VARYING WAYS, IN ORDER TO FURTHER EXPAND YOUR MINDS, YOUR EXPERIENCES AND YOUR CONTRIBUTIONS TO THE WHOLE – A WHOLE WHICH GROWS WITH EVERY BREATH AS YOU CONTINUE YOUR JOURNEY IN EVER-WIDENING CIRCLES AND DEPTHS WITH INCREASING OPENNESS AND JOY.

Look at the swarms of birds as they fly in perfect synchronicity together. They move AS ONE. They collect more and more members of the group, and the newcomers are in alignment with the rest. They fly together in one direction in general consensus. This is something to be imitated by humankind. No long discussions, but clear and precise intuitive decisions on the direction to be taken, and then immediate lift-off.

There will be no need for memos, no need to take issues to higher authorities to be sanctioned BECAUSE EVERYONE WILL BE A HIGHEST AUTHORITY, ACTING WITH ONE HUNDRED PERCENT RESPONSIBILITY IN THE BEST INTERESTS OF ALL. And to hold this principle will suffice. It will ensure that the direction taken will bear good fruit. It will iron out any confusion or disparities in view, as everyone will wish to benefit the majority, and everyone will recognise that their own personal needs may sometimes not be as important as the whole.

This is not to say that basic rights and legitimate desires be surrendered, but that ego-related actions and irresponsible, hurtful and squandering desires NEVER ARISE. Will you build this community built on LOVE, dear children on earth?

Recognise all which separates and destroy these self-made barriers. Do not be distracted or dismayed by the fear and helplessness of others, for your determined actions will encourage them to find their own strength and courage. And in the end you will travel rapidly and joyfully, with no barriers to stop you, moving towards a world in which it is normal to approach and talk to everyone who crosses your path, a world where your openness and inner serenity and confidence will carry you to WHERE SEPARATION IS NOT AND WHERE ONLY LOVE IS.

Seraphin Message 171: FROM YOUR PRESENT SLUMBER WILL YOU TO UNITY AWAKE

Through Rosie: 11th February 2014

R: I somehow feel that that last message was incomplete, dear Seraphin. Have you more to say about “separation”?

S: Indeed, I wish to go deeper into this topic of non-separation. One of the main opportunities for everyone everywhere is that BRIDGES CAN ALWAYS BE BUILT, whether this means initiating a casual conversation with a passing neighbour, or whether this means a planet such as your own establishing contact and relations with neighbouring planets and universes. This involves one important step – MAKING A MOVE or GIVING A DEFINITE SIGN THAT YOU HONESTLY WISH FOR GENUINE COMMUNICATION.

This “one step” can also involve a NEW REALISATION. If you regard a fishbowl full of water and place it floating in a lake of water, you may REALISE that the water within is THE SAME as the water without. If you regard a poverty-stricken woman in rags and place her next to a queen, you may REALISE that their emotional and physical needs and hopes and dreams are THE SAME. If you shed blood in a slaughterhouse and position this slaughterhouse next to a battlefield, you will realise that the bloodshed is THE SAME. If someone points to a clear sky, and if someone else points to storm clouds gathering, you may do a 180-degree turn and REALISE that they are both part of the SAME SKY. If you throw waste chemicals into the earth or sky, know also that you are polluting the SAME ENVIRONMENT and that “transport” elsewhere is no guarantee of the purity of your living space.

Thus, as you approach the NEW AGE will everything move into focus and move into your range of vision. All that you considered to be separate and unrelated will CONNECT in that you will realise that the CAUSE of all problems is ultimately THE SAME. Much of this is LACK OF RESPECT, HONESTY AND INTEGRITY, and thus is the opposite of LOVE, which we mentioned in the last message.

Whereas you may have considered yourself as an INDEPENDENT MOVER AND THINKER in comparison to others, you may now realise that you are part of an as yet unseen NETWORK. This, in a “negative” sense may be a network of duplicity and corruption. On the “positive” side, this may be a network of so-called LIGHTWORKERS who (unbeknown to each other) have been active on the same frequency in another dimension. Thus will all awake to a sense of CONNECTEDNESS, to their association with negative circumstances, or to their association with positive movements, and to their association with EVERYTHING BETWEEN THE TWO POLES OF THIS SPECTRUM. From your present slumber will you awake and towards UNITY will you travel. As always, we are here to assist you on your journey, Seraphin.

Seraphin Message 172: REMEMBERING THE REFERENCE POINT IN CIRCLES OF GROWTH

Through Rosie, 17th February 2014

Imagine you are closing your eyes on a bright summer’s day. You can feel the glorious heat of the sun on your skin. You are completely cocooned in warmth and light. You are content and at peace, in tune with nature. You are ONE with DIVINE CREATION. You rest for a while, knowing bliss, knowing silence, knowing the Source from which all motion springs.

You then reflect that to move away from this point of stillness would make you appreciate it even more. It would take you away from your REFERENCE POINT, would give you the experience of DIFFERENCE, and you would develop a meaningful RELATIONSHIP to the reference point as opposed to being continually surrounded by its beauty and eternal repose and wisdom.

You reflect that to FORGET and then to REMEMBER the point of reference would be a joyful journey, capable of inspiring others on their journey, for whom the reference point is perhaps just a naïve and pleasant but unreal dream.

And so you, like a tree trunk creating new layers, pass through ever-increasing circles of your own making, which take you further away from the reference point, but which are compassed by the reference point, as it remains at the very centre of ALL CIRCLES.

Your decision to step away temporarily from the reference point of ALL CREATION is taken. You take the opportunity to enter the physical, as a soul entering a physical body. Still are you surrounded by a protective shield of fluid warmth. Still are all your needs provided for. Still your eyes are closed.

You may perceive laughter, you may perceive tears, for both with rock you in your watery idyll inside the one you will call your “mother”, but you are not yet initiated into the circle which starts outside the womb.

When you feel the regular pulsation around you growing ever stronger, as you are pushed out into the next circle of experience, you become heavy, separate, cold, helpless. You cry to attract attention. You laugh spontaneously. You love instantly. You still retain the memory of the ONE CREATION where LOVE is ALL AND EVERYWHERE.

Now you are sometimes left unsupported. You are no longer nourished instantly, but at regular intervals. You cannot move fast. You try, but then you must sleep to recover from exertion. Your determination is staggering. You will try again and again to stand. Your curiosity knows no bounds. You will turn your face to every stranger. You will believe everything you are told. You believe in a happy and friendly world where nothing is to be feared.

You are devastated when, for reasons of lack, impatience or danger – you are told NO. You are forced to re-assess, re-address, re-act, restrain and retract. Sometimes you repeat and sometimes you retreat. You may choose to repeat one time, and then retreat. You may chose to repeat 100 times or you may choose to retreat without trying. You try to survive. You develop strategies to deal with the IMPERFECTIONS FACING YOU. You develop creativity, ingenuity and flexibility during this journey IF you look upon each situation anew, if you step into a BIGGER CIRCLE to experiment further.

In the next circle you may experiment with friendship or loss, risk or complacency, goals or resignation, compliance or refusal to co-operate, love or jealousy, patience or impatience.

If you are not too busy, if you listen closely, you may hear the voice of peace and beauty calling from the other side of the wall, calling you into the next circle of experience. You may decide to vacate your present circle or position or activity or activity or relationship for respite in the hallowed walls of a sacred circle – a sanctuary which REMINDS YOU OF THE SOURCE FROM WHENCE YOU CAME. Such a sojourn of “time-out” may strengthen you in your search, in your vocation, in your contribution to aligning your world with what you have REMEMBERED AS BEING IDEAL.

So where do you find yourselves at present, Beloveds? Can you move from one circle to the next with ease? Or do you move slowly with great regret, constantly looking behind you? Or do you move with grace and in anticipation of new and joyful experiences? Do you feel the glow of CREATION within you which lights and lightens each experience and which brightens all colours on your way?

Do you shout your truth or do you DISPLAY it through your ACTIONS? When you are pressed against a wall, do you return hurriedly to the old circle or do you seek a new one? Do you vacillate between extremes (I WILL EMANCIPATE MYSELF FULLY followed by THERE IS NOTHING I CAN DO)? Do you clean your mental windows? Do you close your mental shutters when the light is too bright, or when the truth is too much to bear? Do you close your mind to unpleasant facts? Can you bring back life to dormant desires? Can you recognise decay?

Are you observant? Do you see the clouds blown in one direction, and then in another? Know that you can decide whether to stay or go, whether to lead or follow, whether to act upon repeated signs of warning or whether to carry on as usual. You may learn to discern or you may continue to judge everything at face value. Do you see the unseen as well as the seen? Do you see what is hidden as well as what is disclosed? Are you aware that your limitations – as you perceive them – can always be broken? Are you moving forward or do you automatically retreat in self-protection?

You may question or continue to accept. You may stagnate or you may grow. ALL IS CHOICE. You may live or you may die, for this is what “death” is – the decision to terminate GROWTH on the spiritual plane, which is reflected in the demise of the body on the physical plane.

And when you reach this, your final circle, are you passive and resigned and without hope, or are you still racing around with horns blasting in search of the ultimate external excitement, attempting to distract yourselves from the fear of not knowing what lies behind the final wall, or have you learnt to look back reflectively, gathering up your experience and gift it to others? Are you still struggling or are you secure in your knowledge that you are returning to your Source?

And so your circles develop. They are endless, until you decide – consciously or subconsciously – that the lesson is learnt and that your experience of separation is complete. Then will you step again into the golden yellow light of DIVINE CREATION, back to the reference point from whence you came.

Seraphin Message 173: RECALIBRATING BEHAVIOUR ON PLANET EARTH

Through Rosie, 10th March 2014

Beloved Inhabitants of Earth who live in HASTE AND NOISE and who indulge in a veritable barrage against your own “senses”. Go to any major city, take the pulse of what transpires around you, dazzle your eyes with bright lights and bombard your ears with constant thuds and droning. Join in with EVERYTHING with breathless (thus loss of focus on breath and connection to the DIVINE) enthusiasm, with scant regard for health or emotional balance or indeed for your very sanity. Thus will you have LOST YOURSELVES and will have become A MERE SHADOW OF YOURSELVES, in total ignorance of the HUGE SPIRITUAL HEIGHTS YOU ARE CAPABLE OF SCALING, to which you can rise IN SPIRIT once you manage to progress beyond the INTOXICATION OF THE SENSES.

Does this provide you with true fulfilment? Does this leave a trail of fulfilment for others in your wake? Has your “PLAY” exasperated others? Has it caused them to pour out their hearts to you? Have you provided them with truth to live by or an arm to lean on? Have you squandered resources or have you contributed to beauty? Do you even recognise beauty when you encounter it? Do you pause to peer through fences? Do you stop when you discover a pocket of peace? Can you change direction? Do you voice protest when faced with excessive, inappropriate behaviour? Do you notice when

someone wishes you evil? Or do you wander naively, as on some pre-destined popular and tumultuous trail, vastly over-populated with pilgrims, without wondering if this is THE RIGHT WAY TO TRAVEL, or indeed without wondering if this is THE RIGHT WAY AT ALL.

What do you seek so urgently, oh restless ones on earth? You discuss trivialities with the utmost earnestness. You avoid huge and monumental issues, or dismiss them carelessly. You complain about non-functioning in the midst of abundance. You acquire more accoutrements than you can use. You change your appearance constantly in the hope that it will bring others closer to you, whereas it is actually YOUR CONSTANCY which will draw friendship to you. CHANGING IS ENTERTAINING, but abiding principles and steady support will bring you closer to what you really desire, which is constant companionship which witnesses your journey.

Can you conceive of a world where all material needs are met, and where the eyes of everyone you meet will rest ONLY upon the expression on your face. All else – your clothes, surroundings, connections – will be peripheral. They will not be interested in your status or the noise you broadcast officially to the outside world. They will look deep into your soul and listen to the tune which is being played within. And this, dearest Inhabitants of Earth, is what is happening NOW, and which has ALWAYS BEEN HAPPENING. The DIVINE IS CONSTANTLY PEERING INTO YOUR SOUL. It is not distracted by outward facades, shows or colourings. It loves UNCONDITIONALLY. Nothing can make the DIVINE or GOD or CREATION turn away from you. No petty difference or momentary failure to pay attention will distract it from YOU. YOU ARE THE CONSTANT FOCUS OF THIS CONSTANT LOVE. No force is powerful enough to PREVENT THIS LOVING EMBRACE. No noise is loud enough to shut out this PROCLAMATION OF LOVE.

Should you feel lost, should you sink so deeply into aberration or distrust or depravity, should you experience the very depths of despair, EVEN THESE ARE PERIPHERAL, EVEN THESE ARE BUT USELESS AND FLEETING PAPER BARRIERS TO THE GREATEST FLOW OF LOVE WHICH YOU CAN EXPERIENCE AND WHICH IS EVER PRESENT, the moment you remove yourself from the NOISE. In all cities there are pockets of bliss; a smile, a bird, a kind word. Take them and treasure them, for they are but reminders of the ALL-ENCOMPASSING ONE LOVE SURROUNDING YOU.

And we say to you in this momentous time, in this great changing of course, in this huge period of adjustment which approaches, PRACTICE SERENITY. BE STILL. DROP ALL SUPERFLUITIES. LIVE SIMPLY. LIVE IN LOVE. DESERT THE CROWDS. PAVE A NEW PATH OF UNDERSTANDING. DEVELOP A NEW BEHAVIOUR SUITABLE TO SUSTAINABILITY. This does not mean building BIGGER AND NEWER AND BETTER AND HIGHER AND LOUDER. This does not mean extending POWER or squandering resources. This means looking into the eyes and the soul of every person you meet. This means EMULATING THE DIVINE / GOD / CREATION, scattering all the paper barriers with your concentrated gaze. This means looking with love. You have become distortions of yourselves. You have robbed yourselves of this delight. You have stolen the keys to this lasting fulfilment and hidden them in a forgotten place. If you can sustain this gaze, the keys will be returned to you. We urge you to recalibrate your behaviour so that it is in alignment with the BEHAVIOUR OF THE DIVINE. We too are part of this divinity. We love you, Seraphin.

Seraphin Message 174: TRAVEL WELL THROUGH THE CHANGE. Through Rosie, 18th March, 2014

The degree of change awaiting you cannot be imagined or anticipated, for it has no precedent and is beyond your experience so far in this incarnation. You will start to observe changes in all areas. If you expect straight lines, they will become a circle. If you expect loud noises, they will decrease in tone. If you expect harmony and bird-song, you will find dismay and discord. If you even expect CHANGE, you may encounter STAGNATION.

Yet all will move on eventually. Nothing can stop the flow. It is as if a huge new machinery is cranking up, where cogs must inevitably fit into wheels, and where accumulated rust initially encumbers the locking process. The beginning will GRIND incessantly. But, once freed of rust and debris, the clock will spin into motion, signalling the start of a NEW ERA.

What can help you through these initial, sticky, tumultuous stages, Beloveds? Whereas “preparations” will help and ease your journey, your ability to react immediately and creatively and flexibly with new ideas and actions will be OF MOST VALUE. It is in fact a time when ALL IS REDUCED TO THAT WHICH IS OF MOST VALUE. That which is flighty, temporary, insincere or dishonest SHALL CRUMBLE. What will remain is a very bare but sturdy structure upon which SERIOUS BUILDING CAN TAKE PLACE.

What sort of FOUNDATIONS do you wish to construct for this new era, and indeed, for the NEW YOU? Will you lament what is lost to such a degree that you cannot participate in the exciting movement and development towards the NEW? We ask you: what is the bliss which is unrelated to material gain? What is the joy which cannot be bought? What is the attitude which will bring peace and prosperity to all members of your community AND THUS TO YOU?

You will be placed in front of devastating choices: TO DIE OR TO SHARE; TO HELP OR TO KILL; TO SAVE OR TO DESTROY; TO LOVE OR TO HATE. In the heat of these extreme moments, YOU WILL BE TESTED. AND YOU WILL DISCOVER YOUR REAL SELVES, YOUR REAL DESIRES, YOUR REAL JOYS, YOUR REAL SATISFACTION, YOUR REAL VOCATION, AND YOUR VERY REAL DIVINITY. We regard you in advance of this roller-coaster ride. We wonder about the path you little ones are now forced to take. We have given you our input for so long. We will now see how your fare. We will now enter your world to reinforce our words and messages. TRAVEL WELL. Love Seraphin

Seraphin Message 175: CONSTRUCTING PLACES OF BEAUTY

Through Rosie, 28th March 2014

Dear Inhabitants of Earth entering the period of destruction and construction, of ends and beginnings:

A new sensitivity requires REBIRTH on your planet. You have surrounded yourselves with veritable EYESORES which, in turn, are reflections of your inner inability to heal. For the pain on the inside is expressed on the outside. The landscape of your minds is reflected in the landscape manifested outside.

In addition to restoration of your MOTHER EARTH to her original pristine state, we would – at this colossal turning point in your history – ask you to consider and visualise IN EVERY DETAIL what scenes and surroundings would uplift and inspire you to HIGHER THINGS. Primarily we are concentrating on the visual here, with sound and music enhancing and adding an extra dimension.

Do you wish to live in cramped, drab, concrete homes? Do you wish your sight to be assaulted by a barrage of neon advertising signs? Do you wish to tread on concrete all day long? Do you wish to pray in dark, sombre, depressing establishments? Do you wish to be surrounded by dirt and decay? Do you wish to live in places which are CARED FOR?

If so, you must start to develop this CARE, not only for each other but also to EVERYTHING and for EVERY DETAIL. It is so easy to let things “slide” – whether in your relationships or in your environment. CONSTANT REFRESHING and this CONSTANT RENEWAL OF STRENGTH AND HOPE as well as CONSTANT ENCOURAGEMENT OF OTHERS are the results of CONSTANT CARE.

Much will fall. Much will be destroyed. Will you build makeshift hovels or glorious cathedrals to celebrate your DIVINITY and the ONE DIVINE of which you are part?

Aestheticism has been largely lost on your world. Its decimation has been deliberate. You have beautiful enclaves, yes, to which your “tourists” flock, but this should be COMMONPLACE, as in a UNIVERSAL PHENOMENON which occurs at every corner, instead of at the end of a long and expensive journey.

Hold this vision of a beautiful world in your hearts constantly, Beloveds. Imagine every curve and detail. And thus it will occur in your physical existence also. We look forward to assisting you in your endeavours. Seraphin

Seraphin Message 176: THE FORGOTTEN FORCE

Through Rosie, 12th April 2014

There is a force in your world, dear inhabitants of earth, which has been largely forgotten. Thousands of you overlook it every day, yet it exists in all things, irrespective of where you choose to place your attention. And indeed there is SO MUCH CLAIMING YOUR ATTENTION and distracting you from the truth, from authentic living, from real relationships and genuine caring.

ALL THIS WILL STOP, and thus you will resume your gaze of the DIVINE FORCE which is present in all, which impels the cocooned caterpillar to turn into a butterfly, which impels a diseased tree to produce seeds in overdose, which pumps your hearts and rebuilds your cells and heals your scratches second by second without ceasing.

It has also been called THE WILL TO LIVE, and so now we ask you IS IT YOUR WILL TO CONTINUE LIVING HERE ON THIS PLANET? IS IT YOUR WILL TO REVERSE AND OVERTURN EVERYTHING WHICH IS DETREMENTAL TO HER HEALTH? IS IT YOUR WILL TO ALIGN YOURSELF WITH THE TENDENCY WHICH SUPPORTS AND BENEFITS ALL? In other words, WILL YOU JOIN FORCES WITH THE FORCE? And reject all which contradicts her flow? Or do you prefer to forget, elude, deviate and thus by definition DESTROY.

The force is sending out its searchlights for YOU. If you accept its invitation, the journey from now on will be continuous highs and lows as you recognise the immense potential of joining forces, and as you recognise your failure to use this as your point of orientation so far.

These are times of great CHOICE and of great PARTING OF WAYS. Similarly it is a time of GREAT CLARITY which will sweep all debris – especially dry, rotting and superfluous debris – away in the great power of its forward movement, like a huge river with water pounding towards the sea. There, on the beaches will this debris be sorted, branch-by-branch, twig-by-twig, according to size, capability, and desire.

And so do we stand on the brink of the cosmic wave which will initiate this sorting period. We are here to warn you in advance and to assist you. Seraphin.

Seraphin Message 177: HOW TO BEHAVE. Through Rosie 17th April 2014

Dear Sons and Daughters of the Light who are stationed strategically on planet earth to assist with the coming changes and who will necessarily be facing extreme challenges. We would like to present you with four qualities which, if you demonstrate them well, will help you in your various endeavours. These are:

NATURAL AUTHORITY, MEASURED PATIENCE, COMPASSED COMPASSION, CONSTANT ENCOURAGEMENT

NATURAL AUTHORITY is when you enter a room full of people with deep concerns and in varying stages of worry and distress. You enter with smiling confidence, not as a saviour but as someone with consistent in-depth knowledge of the present situation and as someone who is capable of assessing potential and directing energy towards solutions, encouraging all to participate and take concrete action in co-operation with each other.

PATIENCE is necessary, as is lending a sympathetic ear, but to be **ALL EARS** to a single person who voices loudly, thus disregarding the rest, means that the overall perspective is lost. Thus, your patience must be **MEASURED**, and not eternal, as to devote oneself to listening to intricate and detailed accounts and problems may **SLOW DOWN ACTION WHICH NEEDS TO BE TAKEN RAPIDLY**. Thus, show **COMPASSION** when it is needed, but remain compassed by **COMPASSION FOR ALL**, which in some cases means shifting the focus from personal tragedies to the fate or development of the **WHOLE**, so that **ALL OF HUMANITY CAN MOVE FORWARD WITH A STRONG SENSE OF SOLDARITY**.

To gently ease your companions along this new road means that **CONSTANT ENCOURAGEMENT IS NECESSARY** in the form of hugs, sincere compliments and praising exemplary behaviour in the face of very grave and unprecedented situations. Be as the sun which provides the source of constant nourishment to pale plants. Be as the rain which constantly nurtures thirsty roots. And if necessary, be as the storm which dissipates the build-up of great tension and which leaves a feeling of freshness and renewal in its wake.

And so will you become pillars of strength which nothing can overthrow, which nothing can sully, which no thing can momentarily disconnect. And so will you serve not only in your personal actions but also as living demonstrations of exemplary behaviour for others to follow and imitate. We bless this, your path, which you have chosen. Seraphin.

Seraphin Message 178: BE THE BRIDGE. Through Rosie, 5th May 2014

To all those presently poised between two poles, two riverbanks, two worlds. Some of you are feeling the tension of finding yourselves in this position – strung between two realms, two ways of thinking, two concepts of reality, two concepts of the future and two concepts of what is actually happening at the present moment. To you who know that the situation on your planet **MUST CHANGE** and is already in the process of doing so, we say the following:

BE AWARE OF YOUR CRUCIAL POSITION AT THE MIDDLE OF THE BRIDGE. Some people may consider you insane – hanging (as they perceive it) in the middle of nowhere. Others may see the other side of the river, but may not yet recognise how attractive it is. Yet others feel or suspect that crossing the bridge could change their lives for ever, but they are afraid of taking the first step.

THIS IS WHERE YOU COME IN. A confident smile and welcoming gesture from one who has already taken the step and who seems to know where they are going, is invaluable. Perhaps you will ease the tension by singing, telling jokes or by a sympathetic and encouraging squeeze of the hand, yet keep your tone light and your comments bright and succinct. Lengthy explanations as one world suddenly crumbles away, and as untold crowds appear for education, are inappropriate here. You must know the way and show the way. When doors shut behind them, you must know how to open new ones.

Some will not be perturbed. They are the optimistic ones, or those who have nothing to lose. They will perceive the river as shallow and meandering, and they will perceive the bridge to be stable and built of stone. Theirs will be an easy crossing to the new world as they are accustomed to change. Others will perceive the river as deep and treacherous, lurking at the bottom of a very deep gorge. They will perceive the bridge to be flimsy and dangerous. Theirs will be a difficult crossing and their burden lightened only by the **BEACON WHICH IS YOU** standing on the bridge itself.

Remember: if you have already crossed 100% into the new world, into a fully co-operational, harmonious, sustainable and spiritual way of living, **YOUR PROFILE HAS BEEN LOST TO THOSE WHO STUMBLE ON THE OPPOSITE BANKS**. And if you yourself have remained on those banks out of fear, you are not a leader but one to be led. Thus your position is **ON THE BRIDGE WITH A FOOT IN BOTH WORLDS, WITHOUT WHOM MANY WILL BE LOST**.

This is your chosen responsibility if you have read these words. You have committed to helping your fellow men and women move towards a paradise in the making to which you will **ALL** contribute. So **BE THE BRIDGE WHICH ASSISTS**, however awkward your present condition or situation, for without you, **MID-WAY** on the bridge, there is no way of connecting earth with heaven. We love you and encourage you in your courageous endeavours, Seraphin.

Seraphin Message 179: DO NOT MEASURE TIME: MEASURE INTENSITY. Through Rosie, 10th May 2014

Do not measure time, but measure intensity instead. Your global collective tendency to divide up your lives into parcels of time, and your tendency to think in a purely linear manner sometimes leads to you MISSING THE POINT, and certainly MISSING THE PROCESS. You can use INTENSITY to gauge the degree to which you are really LIVING AND FOLLOWING YOUR VOCATION.

Time is your INSTRUMENT ALLOWING YOU TO LEARN AND EXPERIENCE, and it is not a unit whereby the quality of “work”, “friendships” or “relationships” can be measured. True friendships are TIMELESS in the sense that it does not matter how much time lies between two intense encounters. True friendships cannot be lost simply through the passing of time. They may peter out due to lack of interest or temporary distraction or ill health or different goals, but if the energy of both is aligned, and if they have reached a similar level of INTENSITY and MATURITY regarding their behaviour, and if they have reached a similar level of CARING, then they will be ON A PAR when they meet again and it will be as if TIME HAS NOT EXISTED. This is the intensity which exists on other planes of higher spiritual vibration, where indeed TIME does not exist in the way it is present on this evolutionary world.

Your focus on time is often unhealthy and debilitating. You may be daunted, for example, from launching into a huge project because you anticipate the LONG TIME IT WILL TAKE. The thought that the journey – whether it culminates in your desired destination or no – may be just as interesting as your goal, and that it may open up completely new and EVEN BETTER or MORE SUITABLE or MORE INSPIRING DESTINATIONS on the way, whether short or long, is often SO FAR REMOVED FROM YOUR FRAME OF MIND.

There is a saying associated with Helen in Greek mythology; she is the “FACE WHICH LAUNCHED A THOUSAND SHIPS”. WHICH FACE SHALL LAUNCH YOUR SHIP, BELOVEDS? WHICH FACE SHALL TRIGGER IN YOU THE DESIRE TO SET FORTH, EVEN THOUGH OTHERS MAY CONSIDER YOUR ACTIONS FOOLISH AND INAPPROPRIATE? Let that face be THE FACE OF DIVINE CREATION. See its beauty and its love for you, waiting for you, pulling you ever more strongly into welcoming arms.

You do not need to wait. You do not need to look for a fair wind. Your decision can be instant and can be in every moment anew. THIS IS THE INTENSITY YOU LACK – THE INTENSITY AND THE INTENSE JOY WHICH IS YOURS IF WE PROGRESS HAND IN HAND IN ULTIMATE COMPASSION, leaving ego and differences behind. Your guides are continually nudging you to embark on this journey. And when you do so, TIME WILL SEEM LIKE A DANDYLION SEED CARRIED BY THE WIND – A LIGHT AND FLEETING APPARITION instead of a HEAVY BURDEN. Release yourselves from these chains and step into the new arena.

We love you, Seraphin

Seraphin Message 180: CHECKING GROWTH: TRUE CO-OPERATION. Through Rosie, 10th May 2014

The importance of checking growth cannot be underestimated. We do not mean curbing or controlling or manipulating growth, in the sense of reducing it. We mean SUPERVISING AND GUIDING IT IN A GODLY DIRECTION. This is what your education system is destined to become in the future – guiding bright and eager minds to the fulfilment of their potential, BUT STILL REMAINING IN RELATIONSHIP WITH OTHERS.

Thus it is, if you belong to a working group. Perhaps you are working on a joint project, perhaps you are practising a song as a choir, or perhaps you are trying to reach a consensus at a meeting. During all these procedures, the best must be brought out in everyone. Simultaneously, all present must retain an overview of everyone else, even if it is only out of the corner of their eye. This is why CIRCLES (as in circular tables or seating arrangements) are so important. All are energetically included.

While it would be detrimental on occasion to follow up each suggestion or whim or comment, a smooth path can be assured through the constant awareness of the presence and feelings of one’s fellow men and women, since to ignore them may result in future upheaval on a major scale. To lubricate the co-operation and decision-making process, the ideal would be for each participant to reduce “babble” to a minimum, to weigh thoughts carefully before expressing them, and to critically assess whether they are really relevant to the subject in hand.

BEWARE of comments or actions or long tirades for which the only motive is to state LOOK AT ME. LOOK AT MY SUPERIOUR KNOWLEDGE. Other motives such as I MUST MAKE MY MARK or I CANNOT LET MYSELF BE OVERLOOKED or WHAT WILL THEY THINK IF I SAY NOTHING are similarly irrelevant. You will learn not to serve yourself but to serve YOURSELVES AS ONE.

So we urge you to KEEP ALL IN VIEW and KEEP AN OVERVIEW (whether in small groups, or as a planetary population), checking and supervising yourself and others so that the ideal framework is maintained for optimal progress towards paradise on earth. What good has been accomplished if you flourish, while your brothers and sisters on the other side of the world starve? We send you these words today as you will be put under severe strain tomorrow; you will remember these words as you struggle – in small groups and as a planetary population – to regenerate yourselves in a completely new situation. May THE DIVINE guide you in your behaviour and in your decisions.

Seraphin.

Seraphin Message 181: BREAKING THE CHAINS OF LIMITATION

Through Rosie, 18th May 2014

You have seen how your senses are limited if you have observed the bird which listens for the worm, or if you have observed the flying eagle looking for the mouse below.

You have seen how your mental constructs have expanded into momentous contorted imaginings which – if allowed to run riot unchecked – bear little relation to reality and which soil relationships.

You have realised that to hold back and ask questions rather than to force through your own line of thought brings untold surprises and joyful turnabouts.

You have seen that if left unexpressed, emotions can build up, burst and produce separation.

You have seen that a small stone – when cast into still water – will generate clear ripples travelling at a regular and even pace towards the perimeter, and you have seen that multiple stones thrown with great force into the same still waters will cause commotion, cries of warning, disorientation and confusion.

Why do we name all these examples? So that you are AWARE of the great limitations you place upon yourselves if you give into fear, ego or apathy, or if you restrict yourselves to the mere physical plane. You are so much more than this.

If launched in the appropriate way, your stone will reach a wide audience.

You may not always see the shores on which the wave you have created will actually break, yet break it will if this is your intent – if you furnish the message with wisdom, if you package it in love, and if you do not cloud it with over-emotional overtones, and if you do not attach requirements to its receipt.

There is no tracking device for such gifts. You cannot know, in your present level of consciousness, exactly how or how well they have been received.

But you can know that they will travel with every gem of wisdom which you drop into the water, causing new ripples to carry them further.

We have said this often: your every word and move has a profound effect on your future and on that of your world. Nothing will become clearer than this in the time to come, as the sum result of all actions will become visible.

Everything will become accounted for. Nothing is lost: not one fleeting hope or joy, not one insult or lack of attention to detail, not one moment of love, not one compromise.

Remember a time when you could not decide what to do – when you spent hours or days wondering which path to take. In a completely transparent world in which all are guided by SPIRIT, there is no such torture.

There will be great adjustments to make, yes, but you will feel the huge relief of CLARITY and KNOWLEDGE about which direction to take next.

We love you. We are walking with you, even if you are still walking in circles.

Seraphin.

Seraphin Message 182: THE PARADIGM SHIFT. Through Rosie, 26th May 2014

Dear Ones on Earth: you will be facing a paradigm shift, and this will be experienced throughout the planet. Whereas you presently have isolated areas suffering great trauma, this experience will be universally felt and will involve trauma of a different kind and quality. It can be both devastating and uplifting at the same time. If one is capable of integrating the new energies, the effect will be uplifting.

We hesitate to describe what this will be, as it lies beyond your present imaginings. What will be clear is that your own limited concept of reality and your own limited visions are exactly this: LIMITED. On the positive side, you will see the incredible potential and power of your thought processes, should you direct them in a way which is beneficial for your society as a whole.

This shift will change the way you regard EVERYTHING AND ANYTHING. Many of you – in your thinking processes – run on automatic. You expect “foregone conclusions”. You are used to (and you rely on) concepts or recipes which “work”. But we say to you that again and again you will find yourselves standing clueless in front of a brick wall, wondering what to do. You will come to a dead end and will have to turn around – and radically revise your thoughts and definitions of the truth – a full 180 degrees.

So far, you have been accustomed to seeing an object from one direction only. As such it could be described as two-dimensional. However, you will now be forced to walk around the object (or idea, or conviction, or belief) and regard it from all sides, and thus it will take on a completely different quality. You will see it IN ITS ENTIRETY. YOU WILL SEE ALL ITS FLAWS. YOU WILL SEE ALL THE CONSEQUENCES IT HAS CAUSED. LIES WILL NO LONGER REMAIN HIDDEN, for this is not possible in the new energy. They will come to the forefront, FULLY EXPOSED.

The old methods will no longer work. The old products will no longer be required. The old methods of communication will break down. The old routines will crumble. The old tricks and ruses will fail. Much of which you have painfully and painstakingly built – including careers, firms, communities and relationships – will be as an empty shell.

You may feel that there is nothing stable to hold onto, yet if you can overcome your focus on your “losses”, you will be able to see the ABUNDANCE of what is on offer to you at this vital stage. You can regain FULL VITALITY. You can release a lack-lustre, meaningless life and you can know – for the first time in your lives – that you can MAKE A DIFFERENCE for yourself and for the benefit of others.

Where will you find yourselves in all of this, Beloveds? Initially, perhaps, in a place of great sorrow and vulnerability. You will no longer point your finger denouncing others, for you will realise that YOU ARE THE OTHERS. However, the feeling of hopelessness or directionless or the underlying subconscious sense that you are useless or powerless WILL DISSIPATE. You will be full of joyful anticipation. You will lose all to gain all. Look forward to this great new beginning, inhabitants of earth. We watch you closely as you approach this immense turn-about. Welcome this journey. You have our compassion. Seraphin.

Seraphin Message 183: FROM SELF TO BOUNDLESS HORIZONS. Through Rosie, 29th May 2014

In the beginning, you are less aware of yourself and more aware of warmth and cold, light and dark, comfort or discomfort, love or neglect. When you encounter yourself in a mirror, you see that you are ALIVE, INDEPENDENT, CAPABLE OF MOVING IN THIS DIRECTION OR THAT, ACCORDING TO YOUR CHOICE. You realise that you can influence situations, outcomes and moods. Your confidence grows as you follow your curiosity and intuition. You explore. When you encounter barriers, your momentum is initially decreased. You examine these barriers deciding – consciously or subconsciously – whether to accept them or whether it is possible to destroy them. You assess their quality. Or you may ignore them. We say that they are HINDRANCES WHICH HELP YOU TO MOVE FORWARD TOWARDS A MORE INSPIRED AND DIVINE PATH OF VOCATION.

You may lose faith or confidence. You may seek to retrieve these through magic formulas, rituals, books, drugs or groups which promise speedy forward progression. Yet progress can only be made by YOURSELF, by increasing your critical abilities and inner strength, using each encounter and obstacle to learn and to move upwards.

You may still be the same person when you look in the mirror, yet you are continually changing, just as the mirror (which is the world around you, of your own making) changes with you. We would like to draw your attention to these multi-layered perspectives and to stress THE UNIQUE QUALITY OF ANY GIVEN MOMENT. It is always unique as it has never happened before in the same circumstances with the same perspective. You are always varying in your degree of insight, in your mood, in the extent to which unhealed traumas or triggered emotions may colour your view. Thus, not only the scenes around you change as you choose your path and interact with others on them, but also your perceptions are ever changing. Is there a “constant” in all this, Beloveds? There is – if you choose it - the constant striving towards a sacred goal – also of your own choosing.

If you find yourself afflicted with thoughts of “Oh no, not her again” Or “But he is always so annoying” Or “Why do they never realise that”, then you DO NOT RECOGNISE THIS ETERNAL AND UNIQUE FLOW. If you use the words

AGAIN, ALWAYS or NEVER, you are vastly reducing the range of your experience and you are forming your future according to preconceived ideas. BE OPEN FOR ALL, THEN ALL WILL BE OPEN FOR YOU. The more open you are, the more quickly and effortlessly will you travel. The more luggage in the form of pre-conceived ideas and formulas for "success" you are carrying, the more you will burden yourself and slow down your journey. And when you reach the peak, new and beautiful vistas will open up to you. We rejoice with you when you reach this new horizon. Seraphin.

Seraphin Message 184: YOUR DIVINE FOOTPRINT. Through Rosie, 4th June 2014

Divinity is not counted in hours. It is not a short or a long meditation which ends at a certain point in time. It drenches ALL CONTINUOUSLY. It is not something which is automatically accessed only within certain buildings (known to you as "churches" or "temples" or "mosques") after the completion of certain rituals. It is not to be found in inanimate objects revered above all else and used to create a "divine" atmosphere. Is your DIVINE SELF not worth more than these?". And here we already find ourselves at the VERY HEART OF THE MATTER, FOR YOU CARRY YOUR DIVINITY WITHIN ALWAYS.

Whether you recognise this, whether you nurture this, whether you feed this with appropriate sustenance or whether you allow this flame to die, IS YOUR CHOICE. Whether it is visible to others is only an indication of how EXPANSIVE AND ALL ENCOMPASSING YOUR DIVINITY HAS GROWN. YOU ARE A LIVING DEMONSTRATION OF DIVINITY (of the level of divinity you have personally developed)) TO THOSE WHO ENCOUNTER YOU. YOU LEAVE A SPIRITUAL FOOTPRINT BEHIND YOU WHICH AFFECTS YOUR FELLOW HUMANS, WHICH GROUNDS DIVINE VIBRATIONS INTO THE EARTH YOUR MOTHER, WHICH FORMS A FOCAL POINT FOR OTHER SEARCHING SOULS.

And we stress to you now that there has never been such a time when your FOOTPRINT HAS BEEN SO NEEDED. EFFORT TO BE A LIGHT OF TRUE DIVINITY LIKE THE MANY AND VARIED MASTERS OF THIS WORLD WHO HAVE COME TO BENEFIT HUMANITY THROUGHOUT THE AGES. RISE, FOR YOUR TIME HAS COME.

MESSAGE 185: CONVERSATION WITH MY HEART

By Rosie, inspired by Seraphin

What do you have to say to me, MY HEART?

I have been with you always, from the first moment. I have seen you grow physically and I have provided for your nourishment and flow. I have never tired of this, though largely you are unaware of me. It is unusual for anyone to ask us – the heart organ as a collective of living and conscious cells – what we may wish to say or what we may desire. Indeed, it is a superfluous question in that our direction and motivation is clear and unswerving – to keep you alive and in good health. If we swerve for a moment, you are endangered. This would be the fatal consequence of our inattention. Therefore, we are totally committed to our path.

But we work in unison with you. If you wish to make our job easy, Beloveds, then you will seek BALANCE. You will treasure your bodies as the temples they are. You will pace yourselves. You will not place yourselves in extreme situations which endanger you. You will seek out adequate rest and movement. You will not fall into lethargy or despondency, for this will prevent movement on a mental, spiritual AND THEREFORE PHYSICAL level, thus slowing down our capabilities. If movement stops, growth stops also. Excess hesitation means drifting towards listlessness. You become distracted. You lose your centre (and it is no coincidence that we, your heart cells, are present at your centre). In the severe, last stages of decay, you may even have forgotten that you have a centre at all. Then, your memories of it are clouded. Instead of glowing like a guiding beacon for others, you will perceive your centre as an indefinable mass floating randomly on a stagnant pond. When you lose your awareness of your heart, your heart cells will degenerate also.

The lines in the face of a man or woman can tell a story to the initiated. They do not suddenly appear due to "old age". They appear because the mouth or forehead has been pulled repeatedly in a one direction by the individual concerned. These are often cells which have been nourished with WORRY instead of LOVE. We, your heart cells, also bask in your smile and your attention. We complete our task more rapidly with your gratitude and blessing. Compassion for all is the key.

We, the cells of your heart, are symbolic of this COMPASSION, and indeed our work is of compassionate nature – seeking to serve you to our best ability continuously. We work in perfect unison within your body. Our message to you on earth in physical bodies is TO ACT IN UNISON ALSO – with the world within yourselves and the world outside of yourselves. The connection to all others is there, whether you see it or not, whether you feel it physically or not, so seek to feel this connection with the utmost compassion, but without forgetting yourselves.

Let compassion take the lead. Be patient. Do not judge. It is not that you cannot understand another person; it is that you have not dug deep enough to find that which would help you understand. There is no sudden unsponsored action. A response may seem automatic, but actually there is a reason for that automatism. It may be a SAFETY NET or a SURVIVAL KIT for the person displaying it. When you know this, how can you look upon anyone without compassion? Re-discover that yearning which drives you to search out company and exchange with others. Remember being in love – how you could not wait to fall into their arms. Remember how you did EVERYTHING to secure their comfort. Be this for yourselves. Be this for others. We urge you to let your heart speak. May it never be silenced: may the dialogue be everlasting.

Message 186: DEMOLITION OF DERELICT HOUSES. Through Rosie, 21st June 2014

Over the years, Beloved Inhabitants of Earth, we have chosen many parables and examples to attempt to show you WHAT ACTION YOU SHOULD NECESSARILY TAKE, and now in these end times this large body of instruction can actually be reduced to one sentence only, and that is: GET YOUR SPIRITUAL HOUSES IN ORDER. The time, expense and devotion you dedicate to your physical housing (YOUR BODY) are largely misdirected, as it is the EFFECT and not the CAUSE of your beauty. The inner beauty of your soul determines your “encasing” and your outward reality – not the other way around.

If you are “new” to such thoughts, you may ask WHAT DOES SPIRITUAL MEAN? You are living in a spiritual way if you are capable of stopping in wonder at the glimmer on a butterfly’s wing. You are living in a spiritual way if you critically assess the influence of your words and actions on others, determining whether they are ultimately in alignment with the greater benefit of all. You are living in a spiritual way if you are conscious of every decision you make, whether large or small.

You are living in a spiritual way if you stand up for values which – if espoused by all – will transform this earth into a paradise. You are living in a spiritual way if you only take what you need. You are living in a spiritual way if you live in gratitude. You are living in a spiritual way if your happiness is not dependent on others. You are living in a spiritual way if your connection to the DIVINE SPARK WITHIN, WHICH CARRIES GREAT WISDOM, is communed with daily.

You are living in a spiritual way if you are prepared to let go of everything in order to move on towards a more fulfilling experience. You are living in a spiritual way if you do not insist on being right. You are living in a spiritual way if you constantly pursue a path of learning and if you fill your SPIRITUAL HOUSE with visions and creative ideas which sponsor learning and beauty.

And what if your SPIRITUAL HOUSE IS EMPTY, BELOVEDS? If you have not been busily about your spiritual business, if your spiritual house is neglected and in decay, if the door is locked and the garden overgrown, THEN IT IS DUE FOR DEMOLITION, DEAR ONES, for it will not be in alignment with the NEW BUILDING PLANS FOR YOUR EARTH which aim to preserve all which is valuable and which aim to sweep away all that is of little value.

The designs have been drawn. All already existing constructs have been examined and assessed on the barometer of spirituality. The orders for the execution of those plans are on the table. Thus we say to you again and again until their final enactment: GET YOUR SPIRITUAL HOUSE IN ORDER.

Seraphin Message 187: SEEK THE ROSE. Through Rosie, June 2014

We, the celestial beings observing your planet, wish to speak to you now. You are similar to sleepers resting within cocoons of your own making, sometimes wondering what may be beyond the wall, but still reluctant to awake. The DIVINE LIGHT WILL TOUCH YOU, Beloveds, so that you will need to rise from your slumber and address what surrounds you.

Beyond the wall you erected due to a combination of fear, desire to protect and wish to stay within a certain “safe” mind-frame (or so you anticipated) is a desert waste. The ground is parched. You scour the horizon for a sign of growth, yet the dry expanse is unrelenting. It is the confirmation of your worst dreams, and initially you congratulate yourselves on building the wall, wishing to retreat behind it again.

And yet, the DIVINE LIGHT, which has ignited your own DIVINE LIGHT WITHIN YOU, is quietly whispering SEEK THE ROSE IN THE DESERT. When you hear these words you are transfixed by a vision of beauty so poignant that you start to tremble. Tears fall as you REMEMBER the beauty that once was – long, long, long ago. And so you breathe more deeply, turning your eyes once more to explore the horizon in search of the beauty, but you encounter a desecrated landscape of ravaged trees and demolished buildings.

With a shock of realisation you understand that this was carried out WHILE YOU WERE ASLEEP. You intend – voicing this with great determination – that this will NEVER HAPPEN AGAIN. You approach the dead trees, put your arms around them and say PLEASE FORGIVE ME. I AM SORRY. I WILL PROTECT YOU.

And because the spark of divinity within you has been lighted, you will fill the tree with new life. Just as you can rejuvenate your surroundings, so does the DIVINE LIGHT work in agreement with you, turning the land to sea, filling the sky with its joyful and colourful presence FOR ALL TO SEE.

And still you hear the whisper SEARCH FOR THE ROSE WHICH WILL MIRROR YOUR FUTURE, AND GIVE BIRTH TO THAT WHICH YOU FIND. GROW BEAUTY, INNOCENCE, LAUGHTER AND LOVE AND BESTOW YOURSELF AS SEEDS ON THE DESERT PLAIN TILL ALL THE WORLD IS A GARDEN.

Seraphin Message 188: BE LIKE THE BEE. Through Rosie, 27th June 2014

You are entering a very grave period in your lives, Children of Earth. Some of you may be aware of this. Others are so numbed to the violence and depravity surrounding them, that they do not react. Yet others have restricted their view – for whatever reason – so that they only perceive the beautiful and the pleasant, and even if they do observe snatches of depravity through the chink in their well-established and usually perfectly well kept wall, then they will retaliate with disgust and reject it as separate from themselves. They will repair the wall immediately to prevent further viewing through the crack. But this does not mean to say it is not there, Beloveds, waiting on your doorstep.

A complete change of attitude is now necessary. Instead of dragging your heels or hiding behind walls or ignoring all who are “below” you, or peeping in from the periphery of a situation, you will be asked to enter and engage with life one hundred percent. With regard to this, we would ask you to consider the behaviour of a bee.

The bee is constantly flying from one source of interest to another – from one flower to another – and if the first flower does not provide it with nectar, THE BEE WILL NOT SHOUT AND SCREAM OR ASK OTHER BEES TO PROVIDE IT FOR HIM. NEITHER WILL THE BEE HOARD NECTAR IN HIDDEN PLACES OUT OF FEAR THAT THERE MAY, ONE DAY, NOT BE ENOUGH. No, the bee continues without pausing from one flower to another, collecting what it can and then bringing it back FOR THE GOOD OF THE COLLECTIVE. There is no complaining. There is no envy. There is no ego. There is no delight in having collected more nectar than another bee. There is no difference in outward attire to suggest that one bee has gathered more than the next. There is no exploitation. There is no propaganda. There are no advertisements put out by the flowers saying COME TO ME BECAUSE MY NECTAR WILL TASTE THE BEST AND MAKE YOU MORE ATTRACTIVE TO OTHER BEES. There are no signs saying THESE FLOWERS ARE RESERVED FOR QUEEN BEES ONLY. There are no contracts which say IF YOU RETRIEVE THIS AMOUNT OF NECTAR, THEN YOU RECEIVE THESE OR THOSE ADVANTAGES.

Bees do not force their way into a bud which is not already open. They do not destroy the plant in the process. They do not say Oh, NOW IT IS THE WEEKEND. I CAN'T WORK TODAY. They do not clock in to work or need to be checked to see whether they have completed their task. They do so automatically, as this is their contribution. They do not get paid. They enjoy abundance and give abundantly. They have no punishing or judicial systems. They are self-regulatory.

Bees do not cry or make petulant noises when they do not find what they want the first time around. They patiently keep going. They are not angry with other bees for having got to the nectar first. They bear no grudges. They are focussed on the communal goal. They act according to instinct for the common good. They are not selfish. They have a strong loyalty to “family” and to oneness. They do not gossip or complain or cheat or manipulate.

Can the same be said of yourselves Beloveds? Can you see the steps you have to take?

Observation of ants can help you humans to change also. They form paths towards their goals and keep to them. They support each other carrying tremendous loads. They live together peacefully in huge numbers. The loads you will have to bear are large, dear ones, and so you will learn to share the workload, and the burdens, and also the joys which ensue from co-operation and drawing together under hardship. This many have experienced during wars. This will be a “war” without fighting, where you will be given the chance to organise yourselves on a communal basis to GIVE AND RECEIVE, forming new caring communities.

You are approaching this time so it will be beneficial to you to adjust your mindsets in accordance with the examples we have just given. We stand by you, Seraphin

Seraphin Message 189: HARD LANDINGS AND SPIRITUAL WINGS. Through Rosie, 13th June 2014

So many warnings we have issued, indicating the urgent necessity to change your behaviour, individually and collectively. A few have taken these warnings seriously, despite their repetition and remonstrative nature. They are the ones who are able to reflect upon themselves, to observe their own reactions and to accept constructive criticism.

But the majority turn away their heads, thinking THIS DOES NOT APPLY TO ME or NONE OF THESE ADMONITIONS HAVE TURNED OUT TO BE RELEVANT AS NOTHING HAS TRANSPIRED. To that we would add the word YET (“Nothing has transpired YET”), as happenings are ongoing, though perhaps they have not YET entered your range of vision or experience. This is, however, inevitable.

Just as a bird inevitably feeds her young, the power masters are feverishly feeding their mental offspring – plans so hideous that they have taken great care to hide them from the view of the general populace. This will explode into view.

Those who have extended their range of vision will not be caught out unawares. Those who have restricted themselves to one direction, one perspective, on path, one mind-set will be severely shaken. There will be HARD LANDINGS. As everyone will be forced to leave the cosy nest they have constructed for themselves. In this new environment where everything is different, which reframes so many thoughts and experiences you have had, the past will seem surreal, as in a dream.

If you have grown your SPIRITUAL WINGS, you will survive this HARD LANDING, yet if you are a fledgling, you will struggle. You will fare ill. You will be overwhelmed and disorientated. Will you learn then, dear ones? Or will you give up, remaining motionless. Your growth is required for survival.

If you cling to antiquated, irrelevant, dangerous and abusive concepts, you will be forcibly removed from that which is pure, forward seeking and searching to implement corrective measures. You will be removed for fear that you will taint these searching ones, for fear that you will cause them to fall back into restrictive and destructive ways of thinking. In short, there will be no place for you here.

This scribe puts her head into her hands with a heavy heart, as she is associated with the bringing of these warnings, and she is subject to some alienation as a result. But we will continue. Despite all the messages we have already given through, we ask you again to STOP AND THINK. INVESTIGATE YOURSELVES AND THE VERY REASONS FOR WHICH YOUR WORLD SUFFERS. ERRADICATE THOSE DETREMENTAL QUALITIES WHICH LEAD TO WAR, POWER MONGERING, ABUSE, MISUNDERSTANDINGS AND HATRED. INSTEAD OF LETTING EGO AND GODLESSNESS RUN RIFE, FURTHER PERSONAL DIVINTIY, FOSTER GOOD RELATIONS, BE EXAMPLES OF EXCELLENCE.

We pass this on to you because we see now – in advance – the HARD LANDINGS which lie before you. It is our COMPASSION FOR YOU – and not our wagging finger as some of you may surmise – which impels us to yet again contact you urgently before all this comes to fruition. We love you, Seraphin

Seraphin Message 190: YOUR TASK: UNDERSTANDING EACH OTHER. Through Rosie, 17th July 2014

What does a ladybird running across the skin of your finger understand of you, Beloveds? She may explore the surface of you, travelling over fingernails and hairs. She may discover that the five fingers she traverses are connected, or she may view them as five separate pink hills, according to whether she hops from one to another, or whether she laboriously runs to each finger tip and back, starting from the palm of your hand. In effect, she knows very little of your ESSENCE, though she may indeed acquire a more accurate impression of you and your size if she SPREADS HER WINGS AND FLIES, THUS VIEWING YOU FROM A GREATLY EXPANDED PERSPECTIVE.

And what do you know of an ant, Beloveds? If its movement on the ground should catch your attention at all, and if you should be touched by a desire to crouch down for better viewing, and if you have the inclination to stop your “normal” routine for a while to investigate, you may begin (but only begin) to gain a tiny insight into what might impel an ant to disappear into a sandy burrow and reappear multiple times, going backwards, following seemingly unmarked trails, sometimes appearing to shovel sand into different piles and directions. This behaviour – should you be in a position to observe it at all – may appear to be CRAZY. The longer you persist in observing, the more you attempt to imagine what the ant’s motives and desires may be, the more you withhold your instant and automatic reactions and judgements, and the MORE ABLE YOU WILL BE TO UNDERSTAND YOUR NEIGHBOURS GREAT AND SMALL WHO SHARE THIS BELOVED PLANET TOGETHER WITH YOU.

Can you understand a tree? Can you stand still and bear all weather? Can you imagine hearing the approaching saws and not being able to run? Can you imagine dying as they do? Can you feel the sorrow and pain of the wounded? Can you feel the despair of those who lose children or families? Can you understand the earth? Can you feel the pain we have inflicted and continue to inflict upon her body? Can you understand a star? Can you imagine the waves emanating from our weapons of destruction reaching and deforming its atmosphere?

From these examples you may see that UNDERSTANDING does not happen in a casual encounter or split second. It is a long process involving unflinching concentration, patience, and a willingness to transfer attention away from oneself TOWARDS THE OTHER. It involves making mental decisions or coming to definite conclusions and then REVERSING THEM IN FAVOUR OF A MORE ACCURATE AND BALANCED ASSESSMENT AS NEW FACTORS AND OBSERVATIONS COME INTO VIEW OR AS THEY EXPAND THE PICTURE. THIS CAN YOU – WITH OPENNESS AND AN ABDICATION OF INSTANT JUDGEMENT – MOVE STEP BY STEP TOWARDS UNDERSTANDING (AND LOVING) OTHERS. THIS IS THE PATH TO LOVE. REGARD YOUR “ENEMIES” IN THIS WAY AND THEY WILL CEASE TO BE ENEMIES.

YOU MUST PERSEVERE. YOU MUST BE CURIOUS. We remind you that the DIVINE UNIVERSAL FATHER / CREATION IS MASTER OF THIS ART AND LOVES ALL. DEVELOP A DISCERNING EYE. SEEK TRUTH. SEEK THE WIDER PICTURE AND ATTEMPT TO GROW THE PICTURES WHICH OTHERS HAVE DEVELOPPED AND WHICH ARE (from your viewpoint) SEVERELY LIMITED. And so will you all learn from each other how to understand each other better, AND CONFLICT SHALL BE NO MORE.

We speak to you on the eve of many conflicts, seen and unseen, and again put out a plea for understanding and for a significant change in the way you consider others. We decry the conflict on this planet and implore you all to ascertain the reasons for its continuous and sustained presence. The winds of change are blowing. You must change with them. BEGIN.

Seraphin Message 191: EVERYTHING COUNTS IN THE WAR ROOM

Through Rosie, 25th July 2014

If you enter a room, all the more so if you enter with great awareness and highly attuned antennae, then you will notice that the act of your entering has changed the atmosphere in the room, even if your presence has not been noticed, and even if your presence has been IGNORED, for DELIBERATELY IGNORING SOMETHING is a decision and a behavioural trait which again causes multiple repercussions, not only in this room you have entered, but far beyond the barriers of the room.

Every act contributes in this way either to the continuation of or dissolution of a behavioural trend or situation. Thus, be aware of all this when you enter every room. You bring a new element, however small and insignificant you may consider it to be – to the table. If you speak, the nuance and tone and emotion of your words will fall upon the ears of your listeners, affecting them in whatever way they are able to receive. But even if they do not receive, the message has entered the etheric realm irreparably and cannot be “deleted”, unless consciously addressed and worked through.

If someone is thrown out of the room, the memory of their presence and the conflict they may have instigated remains in the room. If a telephone rings in the room, then the occupants can decide whether to answer – allowing new perspectives or worlds to enter – or not. What is certain in either case is that thinking patterns and the direction of any conversation has been temporarily halted, providing a pause allowing redirection or new choices. Such interruptions can often be seen as blessings.

Thoughts can influence the room. We can compare them to the wind – an unseen element. If a ribbon hangs on a tree, even a very slight breeze may cause it to move, and thus it is recognised by all observers that wind exists. It has found a SOUNDING BOARD, and therefore manifests in physical reality. The strength of thought may also be compared to the strength of the sun in the sense that if light falls on a piece of glass – on a shiny surface capable of reflection – IT WILL BE TRANSFERRED TO ANOTHER SURFACE. AS CARRIERS AND EMITORS OF LIGHT, BELOVEDS, THIS SENTENCE SHOULD HOLD SPECIAL MEANING FOR YOU.

As representatives of light, one of your major questions is WHICH ROOM SHALL I ENTER AND HOW? As EVERYTHING COUNTS, you are capable of exerting a tremendous effect WHEREVER YOU ARE. Yet still this is a journey of experimentation and you can make your choices. Some lights enter the darkest of places and are immediately recognised and extinguished as a result of their dramatic appearance and dazzling brilliance in a room where they are not wanted. Other lights enter the same dark rooms undercover, revealing nothing of their intense brightness. They enter thus in order to study the darkness and to assess how much light the occupants could bear to have in their midst without culling it.

Yet other lights decide to enter rooms where light only prevails. AND THUS THEY HAVE NEVER REALLY EXPERIENCED WHAT A DARK ROOM IS, AND ACTUALLY THEY ARE NOT REALLY CONVINCED OF THEIR EXISTENCE, HAVING PUSHED THEM FOR SO LONG TO THE DEEPEST RECESSES OF THEIR MINDS.

Let us now turn our attention to another perspective. Your mind is also a room, consisting of many experiences, convictions, creeds, aims and strategies. As with so many of you humans on earth, the mind room is a WAR ROOM, constantly working on solutions and strategies to surpass and displace others. You are also searching for snatches of “pleasure” of all kinds in-between, filling holes which symbolise “lack”, and you are obsessed with gaining progress on a material level. This involves pushing others behind you and continuously weighing up what is best for SELF despite the harm to others. THIS WAR ROOM OF YOUR MIND IS THE MICROCOSM OF THE WAR ROOMS OF YOUR MILITARY GENERALS WORLDWIDE. DO YOU HEAR ME, BELOVED CHILDREN ON EARTH? EVERY THOUGHT AND ACTION COUNTS ON THIS PLANET, MOVING US COLLECTIVELY TOWARDS EITHER WAR OR PEACE. THERE ARE NO GREY AREAS. YOU WILL BE SORTED ACCORDING TO THE DIRECTION YOU CHOSE.

Regard your own behaviour. Imagine you are in the “war room” of your own mind, and a new person walks in with a new idea, or the telephone rings. Do you adjust or reject? Do you judge immediately or suppress immediately, or do you act as a RECEIVER? Do you integrate or destroy? Do you recognise this “disturbance” to your carefully crafted strategies as valid or threatening? Or do you welcome new ideas or suggestions which will bring improvement for ALL, even if it means completely rearranging all the furniture in the room, or throwing it out completely?

Maybe you choose to disregard the knocks on the door. Maybe you are “right” to do so. Yet if frustration mounts on the outside, you can be sure that there will be more knocks on your door and more disrupting phone calls and more attempts to reach you. If you continue to exclude AD INFINITUM, then you must prepare yourself for INVASION. And the word INFINITUM is significant here. This life is but a single room – only one in a great mansion of which there are many – only one in an ever-expanding experience in an ever-expanding and eternal universe.

Only when you on earth realise that EVERYTHING IS OF SIGNIFICANCE and that conscious awareness of EVERYTHING (however unpleasant or disturbing) is NECESSARY will you as a GLOBAL ROOM achieve lasting GLOBAL HARMONY.

Seraphin Message 192: WHERE LIES YOUR SECURITY?. Through Rosie, 6th August, 2014

If you hold onto a piece of paper, Beloveds, when you are giving a “speech”, you limit yourself to your own pre-chewed words, your standard expressions and structures of thinking. It is pre-planned and perfect, with no possibility of seeming ill prepared, unknowledgeable or unprofessional. Whereas this is sometimes appropriate in some circumstances, we live in EVER SHIFTING TIMES WHICH REQUIRE FLEXIBILITY.

To continually hold onto this piece of paper, or this list of instructions from another, or this authoritative advice from superiors, or this prescribed sheet music in your hands, means that you NEVER LEAVE THE SCORE, THAT YOU NEVER SING YOUR OWN INDIVIDUAL TUNE, THAT YOU CHOOSE TO CONFINE YOURSELF WITHIN SPECIFIED LIMITS RATHER THAN BEING READY TO CHANGE DIRECTION AT ANY GIVEN MOMENT SO THAT YOU ARE MORE IN ALIGNMENT WITH THE SMALL VOICE OF DIVINITY WITHIN YOU. It is this inner connection which you must learn to trust, leaving all outward vestiges and trappings behind you.

We know that such words will THREATEN YOUR FEELING OF SECURITY. But we ask you; can you honestly feel “secure” in the world around you, saturated as it is with crime, debasement, war and desecration? You may banish all this, relegating it to worlds and areas outside of your experience. You may banish it also, thinking that all that unpleasantness is far – so very far – away from your pleasant homes.

But do you hear the warning signs, Beloveds? Do you feel the unseen forces which have been manipulating your existence, lulling you into a feeling of FALSE SECURITY? And then, when the same unseen forces DELIBERATELY INTRODUCE ROGUE ELEMENTS TO DISTURB THAT FAKE SECURITY, DO YOU NOTICE THAT THIS IS A PRETEXT TO TIGHTEN THE NOOSE?

What will happen when everything you rely on falls like a pack of cards? Will you be able to move on into a new framework with new priorities, or will you sink in panic and lament the breakdown of your convenient but perfidious STATUS QUO? What will your security be then?

Though you may be initially devastated, the approaching chaos will serve to bring out STRENGTH. You will have power over your destiny like never before, in the sense that you will RECOGNISE A POWER WHICH HAS BEEN LATENT (HOWEVER SUPPRESSED) ALL THE TIME. You will recognise that you have lived in prisons. You will realise that there is a GREATER GOOD directing your lives, now and always. You will return to lives of service. Your “security” will lie in the irrefutable knowledge that you are eternal beings (a fact carefully contained by a number of your religions and authorities) and that you are always on an upward path, should you take that direct route.

We approach the GREAT COSMIC CROSSROADS, Beloveds, where all becomes clear, and when you DECIDE WHERE TO PLACE YOUR NEXT FOOTSTEP. It will not be a step of convenience or avoidance. You will not be able to hide in “secure” shadows for there will be LIGHT only. You can try to retreat, surrounded by minions, supplies and gold, but this will not exempt you from FACING UP TO YOUR PREVIOUS ACTIONS. Your present individual concerns will be SECONDARY TO THE WELL-BEING OF THE PLANET AND OF HUMANITY AS A WHOLE. There are only a limited number of “last chances”. Heed us well, for the bells are tolling, bringing in the new era.

Seraphin Message 193 PROPHECY ONE: 21 DAYS YOU WILL EXPERIENCE IN THE FUTURE
Through Rosie, August / September 2014

- Day 1: THE DAY OF REPOSE
- Day 2: THE DAY OF REMORSE
- Day 3: THE DAY OF REJUVENATION
- Day 4: THE DAY OF RESPONSIBILITY
- Day 5: THE DAY OF REDISTRIBUTION
- Day 6: THE DAY OF REEMERGENCE
- Day 7: THE DAY OF RELEASE
- Day 8: THE DAY OF REMEMBRANCE
- Day 9: THE DAY OF REDISCOVERY
- Day 10: THE DAY OF REVOLUTION
- Day 11: THE DAY OF RECREATION
- Day 12: THE DAY OF RECOGNITION
- Day 13: THE DAY OF READJUSTMENT
- Day 14: THE DAY OF RESULTS
- Day 15: THE DAY OF RECOMPENSE
- Day 16: THE DAY OF REJECTION
- Day 17: THE DAY OF REDESIGN
- Day 18: THE DAY OF RECLYCLING
- Day 19: THE DAY OF RECEPTIVITY
- Day 20: THE DAY OF REMOVAL
- Day 21: THE DAY OF RETURN

Day 1: THE DAY OF REPOSE

If, on the Day of Repose, your infinite stillness and serenity is punctured by a peccadillo, will you shout and scream? Will you shatter the calm, sending violent ripples throughout the waters, confronting astounded faces, renting apart a profoundly peaceful atmosphere? Or will you retire to wring with YOURSELF and confront YOURSELF and realise that your past experiences are interfering with your present perception? Will you acknowledge that TRAUMATIC SITUATIONS IN THE PAST ARE INTERFERING WITH THE PRESENT, re-inventing for you a familiar TRAGIC CIRCUMSTANCE WORTHY OF RIGHTEOUS ANGER rather than you recognising it as the passing peccadillo it really is? How much more will this affect you if you have proclaimed for yourself – following a period of intense labour – that this is a DAY OF REPOSE?

Day 2: THE DAY OF REMORSE

If, on the Day of Remorse, you talk openly about YOUR PART in the conflict, you may experience relief, new insights, new perceptions of your motives and of the motives of others. Perhaps you will now consider black as white and white as black, falling into shame about your outburst, but know that this is REACTION as opposed to ACTION TAKEN BY A SOVEREIGN BEING. You will become a magnificent eagle, developing from a small helpless fledgling. You will battle your way, declaring this and that, experimenting with this and that, retracting this and that, and launching forth again. Despite “setbacks” and “side-stepping”, this is not a right / wrong or black / white scenario, but (from a long-term and bird’s eye view perspective) a continual learning journey which moves FORWARDS. As your wings grow stronger, as you practice more frequently, as your eye becomes more discerning over the wind currents and the lie of the land, so will you learn to GLIDE EFFORTLESSLY AT GREAT HEIGHTS. And so, days of remorse will cease and all days will be DAYS OF LEARNING AND PROGRESS.

Day 3: THE DAY OF REJUVENATION

If, on the Day of Rejuvenation, you find yourself climbing uphill, dragging your heavy boots from one step to another, remember the spritely sprints of your youth. Do not lament the swift speed of carriage, but focus on the lightness of heart, the fresh breeze of anticipation, the elation of travel to new pastures and horizons, the delight of communing and communicating with creatures and persons, overcoming the differences and finding the similarities. To avoid growing “old”, retrace these experiences, leave familiar tracks, forge ahead with the expectation of experiencing new and enlightening circumstances which further your growth and understanding. If this is so, you will enter the eternal river of youth, as you will always greet the new with an open eye instead of ancient premeditated immovable convictions. So walk, Beloveds, at whatever pace suitable to you, but walk with clear receptive minds, for much can be received which has hitherto been unknown to you.

Day 4: THE DAY OF RESPONSIBILITY

If, on the Day of Responsibility, you are found lacking, you will be confronted with ALL THE CONSEQUENCES OF YOUR NEGLIGENT BEHAVIOUR. You may have avoided this and that, out of convenience or in order to pursue “leisure”. Responsibility may have felt like a burden which rests eternally without end. You may have felt justified in evading drudgery, routine and a perceived state of lack. Yet how can you experience lack WHEN YOU ARE IN SERVICE TO OTHERS, for you will receive what you give. Indeed, it cannot be any other way: you cannot receive unless you give, under the cosmic law of balance. And so, on the Day of Responsibility, also known as the DAY OF RECKONING, all donations of your time and effort and gifting to others will be weighed against all your self-dedication. Although it is necessary to love SELF, this cannot be made your AIM, unless you intend to unbalance the scales deliberately and lower your vibration (and that of your surroundings), contributing to the downward surge which would all have swamped your world were it not for celestial help. We of those realms advise you to WEIGH YOUR ACTIONS and made the necessary adjustments to achieve balance BEFORE THE DIVINE DAY OF JUDGEMENT where NOTHING CAN BE HIDDEN OR AVOIDED. We see through you. We know your motives and we assess accordingly.

Day 5: THE DAY OF REDISTRIBUTION

This day will cause great distress and great elation. If, on this day, you are expecting to be served and honoured on the basis of your financial liquidity alone, you will be thrown into a mental desert, for all will be distributed, irrespective of ownership. All will be donated according to need. And if you find yourself in the desert, this will be the optimal place, surrounded by NOTHING, to determine exactly what it is that you really NEED, and what exactly defines you. Is the watch you wear indicative of your wealth? Are the clothes you wear indicative of your beauty? Does the speed of your car (should you be fortunate enough to afford such transport) indicate your ability to TRAVEL WITH PERCEPTION AND DISCERNMENT? Are the trinkets on your hand indicative of your QUALITY? When all these are removed, and when you find yourselves in a position of SUPPOSED LACK. What will you seek first? It will be LOVE, Beloveds, in the form of those who assist you in your plight, in the form of those who gently

usher you towards new and vibrant oases, who encourage you to leave behind old ways of thinking and acting. And when your material goods have been redistributed, and when you see the joy this brings to others, you will see that the greatest joy is not to possess but to **DISTRIBUTE YOURSELVES** in the same way that **YOUR CREATOR UNDER THE NAME OF JESUS BESTOWED HIMSELF ON THIS PLANET IN NEED**.

Day 6: THE DAY OF RE-EMERGENCE

The falling away of all noise, “entertainment” and distractions will be the hallmark of this day. You will suddenly and automatically be forced to shut out everything which is unnecessary, peripheral, meaningless and shallow. You will relearn to give value to all that **RE-EMERGES** - the intoxicating sound of a wave crashing on the rocks, the call of a gull, the innocent eyes of a child, the sun on your skin, the sand between your toes, the wind in your hair. All these will call forth delight. And you will also delight in **SIMPLICITY**, in **SILENCE**, and in **SITTING IN SILENT CONTEMPLATION AND GRATITUDE**. When prevented from taking on this state of being, you will recognise electronic noise as gross disturbance which negatively irritates your sensitivity and your **DIVINE CORE**. This core, perfectly balanced, disturbed by none, will **RE-EMERGE** on the Day of **RE-EMERGENCE**.

Day 7: THE DAY OF RELEASE

If, on the Day of Release, you suddenly “lose” the key to all you have known, including your identity and familiar surroundings, then you may fall into unprecedented panic because you feel worthless and helpless and disorientated. If you simultaneously lose close friends and family members, this will put you in a position of great precariousness but also in a position of great challenge. Much may be required of you; deep soul-searching or recognising past wrongs or miscalculations. You may be required to walk longer, dig deeper, hold out or go into action **AS NEVER BEFORE**. Thus you will realise that what you considered to be your **LIMITS** were actually self-placed **LIMITATIONS**, and you will see that you are capable of **SO MUCH MORE**. If you decide to stay on this earthly plane, you may achieve **GREATNESS** (in the eyes of others as opposed to yourself, for ego has no place in this scenario). You may develop **DIVINE QUALITIES**, and you may qualify for **ROLES OF GREAT RESPONSIBILITY**. Should you desire to continue to sleep, however, and if you do not recognise the “heat of the moment” or the change in intensity or the chance for glory, if you cannot relax into the **GREAT MOMENT OF RELEASE AND THEN USE THE ENSUING MOMENTUM TO REGENERATE POSITIVE ENERGY, THEN YOU WILL CONTINUE ELSEWHERE**. Imagine you are a child again, sitting on a swing and turning it round and round in one direction until it can turn no more. As you turn, you realise that the pace is slowing down and that the ropes are ever increasingly taut. You know that the turning will soon stop. When the moment of stillness arrives, you anticipate the beginning of the reverse movement with bated breath. This moment must be a **MOMENT OF AWARENESS AND OF WILLINGNESS TO CHANGE, BELOVEDS**, otherwise you will be removed to another “playground”.

Day 8: THE DAY OF REMEMBRANCE

If, on the Day of Remembrance, you refuse to examine the past events of your life, your “memory loss” or – more poignantly – your inner refusal to take a long hard look at your dalliings, mistakes, diversions and dismissals, then this will not serve you well in the long run. Be prepared for total reversals of view and for vastly different and expanded perspectives. That which you experienced as banal, permanent, or routine may now appear exhilarating, fleeting or highly unusual. This means that you failed to appreciate the **WONDERS** of life and failed to cherish the **PRECIOUS MOMENTS**. You may be overcome with grief at this realisation, yet it will serve to further your appreciation of and gratitude for the **ABUNDANCE OF THE PRESENT MOMENT**. Similarly, though in reverse, moments which may at the time have felt wonderful or unique or exceptional will now fail to rouse you to any feelings of excitement. Indeed, in view of new revelations and perspectives, the memory of these may fill you with sadness and distaste. And this too is a promoter of and way shower towards true values and acts as a precursor of future behaviour which benefits society as a whole as opposed to satisfying your own supposed needs. No face will remain dry on the Day of Remembrance (as many tears will flow) since those former days were populated with friends now gone. Though this will be difficult to deal with initially, the fear of **NEVER SEEING THEM AGAIN** will disappear. You will be able to move on and savour the present and create the future with **JOY** due to your newly acquired knowledge that all souls continue eternally (if they so wish) after what you call “death”. Death, as you know it, will be no more. This is the new basis on which your relationships (and responsibilities) will grow. This is exactly what happens: relationships are always growing across many lifetimes and dimensions, steadily increasing in quality (if lessons are learnt) as karma and other choices and commitments are worked out. No one is lost. It is the **FEAR OF LOSS** which is lost. Thus, **REMEMBER WITH JOY ON THE DAY OF REMEMBRANCE**.

Day 9: THE DAY OF REDISCOVERY

You are kissed with love daily, Beloveds, and to this you will awake on the Day of Rediscovery. You will look upon all things with new eyes. You will see those who seemed strong and resilient turn into helpless shells in front of you, for this is what they were hiding. You will see beggars and miscreants and prisoners and UNDERSTAND what their real motives were and are. You will reassess your opinions and convictions, and you will discover new ways of approach, new ways of reacting and new AVENUES OF TRUTH. You will clear away hedges of hawthorns and discover MASSIVE HOLES in the walls behind. You will discover that the solid floor beneath you is actually hollow and that you have been acting upon false suppositions. You will see neglected gardens turn into a paradise as you cut away trailing plants which throttle bushes and slowly kill them. You will be astounded at the huge pile of strangling foliage which you remove, and you will be humbled at the beauty of what is revealed. And so will you move forward in joy.

Day 10: THE DAY OF REVOLUTION

This day will not be as you anticipate, Beloveds. Your idea of a revolution is strong and sometimes violent protests carried out by those few who live intensely, demand their rights and take to the streets in public view in order to force change. CHANGE there shall be, but FORCE there will not. It will not be a case of a fervent few partaking, but a movement created by EVERYONE. No one will be able to opt out of stating their opinion or taking on responsibility. VIOLENCE there shall not be – except in the interim – as PEACE is the unswerving goal and INCREASED SPIRITUALITY the bastion of the revolution. The revolutionary act will be REALIGNMENT WITH YOUR SOURCE, THE CREATION. You will learn to live in alignment with nature and with the seasons as the animals do. You will no longer create ski slopes in deserts nor hot beaches in cold climes. You will no longer indulge in such activities which serve your entertainment but ruin your habitat. It is your BEHAVIOUR which you will collectively revolutionise, not because you are fighting for your RIGHT for a better way of life but because you are prepared to SACRIFICE SELFISHNESS to provide a better way of life.

Can you see how you have contributed to strife and division through your various conflicting groups insisting on this and that, focussing on one direction or “deprived” section of society only, rather than considering the whole? Try to develop a 360-degree view instead of walking one particular road. Try to embrace all and recognise similarities rather than focussing excessively on the “unique difference” demonstrated by or adhered to by your particular group. There is a long way to go, Beloveds, before you reach this unity of feeling, but we would ask you to take the first REVOLUTIONARY STEP. This is a humble step backwards in recognition of “not your will, but yours oh Creator of All Things, Lover of All Things, Provider of All Things”. Not to fight, but to SURRENDER your will to the highest good is the path to true revolution.

Day 11: THE DAY OF RECREATION

Your Creator has put patterns and cycles into motion which recreate for you every new day. And in pursuit of perfection, which is the DIVINE GOAL, you who are also creators will recreate yourselves daily. The only question which remains is HOW AND WHAT WILL YOU CREATE? WILL YOU EMERGE EACH DAY A NEW CREATURE – a “snail” or a “butterfly”? A SLOW DROWSY INDIVIDUAL LACKING IN ENTHUSIASM, OR A LIGHT-FOOTED CREATURE SPREADING COLOUR, LIGHT AND DELIGHT? Do not underestimate the effect that your chosen state has on your surroundings, and every day REMEMBER THAT YOU CAN CHOSE ANEW, CLOSING YOUR EYES BRIEFLY IN HALLOWED SILENCE, STATING YOUR INTENT, ASKING FOR GUIDANCE, IN HUMILITY AND LOVE AND BOUNDLESS GRATITUDE FOR ALL CHANCES OFFERED TO YOU ON THIS DAY WHICH FURTHERS YOUR LEARNING PROCESSES AND WHICH HELPS YOU TO FLY.

You have desecrated the word RECREATION, Beloveds. For you, it has come to take on the meaning of entertainment to be consumed at specific “leisure” times and in specific places. You have “recreation centres”, offering you various options of how to spend your “free” time, but know that YOU ARE THE PRIME MOVERS, THE CREATIVE BEINGS WHO ARE A TINY MIRROR FRAGMENT OF THE GREAT CREATION. As we have said before, DO NOT LIMIT YOURSELVES, BUT CREATE THE BEST AND HIGHEST VERSIONS OF YOURSELVES EACH DAY AS EACH NEW DAWN RISES. Then shall you live in PARADISE.

Day 12: THE DAY OF RECOGNITION

This will be a painful experience if you have never recognised PAIN. To do so is to admit that you have in some way deviated from a balanced path, and losing face is something you have never allowed yourself to do. But this is, in the long term, an extremely strenuous undertaking, trying to hold up a mask which will eventually break under the strain. Those who do not make use of masks are genuinely considered “weak” or “instable” or “emotional” or “direct”, but we say to you that they are much more in contact with their REAL SELVES than those who put on a “brave face” or those who hide or those who lie to keep their reputation. The energy on the DAY OF RECOGNITION will be such that it will no longer be possible to hold in any strong emotion any more. Like a pot which boils over, much rage and sadness will be expressed.

Characters – once controlled and sovereign – may turn into helpless invalids overnight. Those accustomed to such highs and lows will take their hands and guide them through the choppy waters to calmer shores. These can only be reached when ALL has been expressed and the real (as opposed to the superficial) cause recognised. Before expression has occurred, it is not possible to pin point cause correctly and thus not possible to make the correct change. Thus will you all weather the storm of emotional turmoil, either within yourselves or within others, until calm again reigns.

Day 13: THE DAY OF READJUSTMENT

On the Day of Readjustment it must be perfectly clear to you that there will be very unexpected TWISTS AND TURNS greeting you at every juncture. This is, indeed, an era of GREAT CORRECTION where decisions affecting you are taken OUTSIDE OF your tiny planet and IN SYNCHRONISATION with UNIVERSAL ADMINISTRATION, and so your personal desires and plans will be secondary to those. You will be expected to change course and not to hold onto certain preferences. The direction may change at a moment's notice, and you will be tested as to your ability to move forward despite those surprises – some of which may be pleasant and some of which may not be so pleasant. Especially for those earth inhabitants who are used to living in calm seclusion, you will be thrown into the midst of tumultuous LIFE and will be forced to associate with those of whom you have previously disapproved or those you have even despised. You will learn to INTERACT and to appreciate their qualities of directness and readiness to assist. You will appreciate their VITALITY. These will be the beginnings of a peaceful society WHERE ALL ARE INTEGRATED AND TO WHICH ALL CONTRIBUTE. You will ignore no one. You will include everyone. You will mingle with young and old, rich and poor, healthy and infirm. Thus will your compassion be roused and your understanding deepened. Thus will you emerge as spiritually mature beings.

Day 14: THE DAY OF RESULTS

All causes set waves into motion and – at some point in the future – those waves must necessarily HIT THE SHORE. It does not matter where the wave originates or how long it has been travelling, it will impact nonetheless. So far, a number of you have been living in lands or areas of society where the EFFECTS of your actions have been largely unseen, yet know that they have been FELT nevertheless, even if this effect is felt at such a distance from yourselves that you have completely lost sight of it. Sometimes you do not even believe that this effect takes place. You do not believe in its existence. You do not believe in consequences. You believe it is possible and allowed to continually squander, debauch, manipulate and destroy all manner of resources and still live in a perfectly beautiful and harmonious enclave. Yet this is a bubble about to burst. Your disbelief is grossly erroneous. Your actions will always catch up with you. You cannot avoid the consequences of your behaviour since this is part of the inevitable and unshakeable cosmic law of CAUSE AND EFFECT.

Watch the waves coming in from the sea. Can they be stopped, Beloveds? Regard the power of those crashing waves. THEY WILL RUN AGROUND ON THE ROCKS. THERE IS NO OTHER WAY. EVERYTHING YOU EXPERIENCE IS A RESULT AND DIRECT EFFECT OF THE WAVES WHICH YOU YOURSELF HAVE PUT INTO MOTION. This indicates TOTAL RESPONSIBILITY FOR ALL ACTIONS, and as we have said so often, YOU ARE THE CAPTAINS OF YOUR OWN SHIPS. THUS YOU CAN NEVER BE VICTIMS. It is this realisation which, if embraced by all, can radically and rapidly change your world. TRACE ALL EVENTS BACK TO THEIR SOURCE. DO NOT FEEL HELPLESS. YOU CAN ALWAYS TRACE BACK AND YOU WILL ALWAYS FIND THAT YOU HAVE HAD A HAND IN IT SOMEWHERE DOWN THE LINE. NOTHING COMES FROM NOTHING. TRACE AND TRACK THE VIOLENCE IN YOUR MENTAL PROCESSES. RELATE ALL “BACKLASHES” AND EVERYTHING WHICH APPEARS “OUT OF THE BLUE” TO YOURSELF. Thus will you grow and learn to rectify. Thus will you learn to set PURE WAVES INTO MOTION.

Long-term failure to look closely at events in your life under the CAUSE AND EFFECT microscope means that your intention to now do so may result in great shock. Your life is actually a LONG PROCESSION OF WAVES which will rise to the surface and hit the shore on the DAY OF RESULTS. Waves cannot be seen on the distant horizon. You are mainly aware of them when they crash. This is when their great strength is truly understood by you. If small and gentle, they may simply lap your toes, but if huge and strong (instigated by a hugely powerful thought or action on your part) they may sweep the sand from under your feet, hurl pebbles and knock you to the ground. Once they have hit, their “effect” is complete and played out, and they retreat immediately, leaving hard refreshed sand and a changed shoreline behind them. Although they may shock with their sudden power and surge and crash, they may also bring untold treasures to the shore in the form of beautiful shells and glinting stones, previously hidden below the surface. Thus do all sudden changes (which we may call “consequences playing out”) bring you nuggets of joy and learning. The wave retreats, unseen, but has left an

indelible effect on your mental landscape. Such waves can shatter your serenity but increase your flow. All this will you experience on the DAY OF RESULTS.

Day 15: THE DAY OF RECOMPENSE

Though the great changes we warn you of may sound calamitous or staggering to your ears, this will not be exclusively so. It is in the nature of your daily propaganda to induce fear and dread in you, so will you react to our words with the same fear and dread, and you may wish to read no more and to put it all behind you, as you do with your newspapers and media reports. Yet we are those who will FREE YOU FROM THIS YOKE OF FEAR AND WHO ARE WORKING TO LIFT THIS PROPAGANDA. In addition to warnings and advice – which in view of the conditions on your world are sorely needed – we also proclaim THE GREAT HEALING to a degree which you have never before experienced. This is your reward, on the Day of Recompense, for your determination to transform yourselves and thus your world.

Day 16: THE DAY OF REJECTION

Know that most of you, on the Day of Rejection, will wish to go on a huge rampage in which you reject EVERYTHING. Many will seethe with anger and enter into violence. You will curse. You may end your own lives in shame. You may wish to take the lives of those who you consider the perpetrators. To you we say BE STILL if possible. Scream and hit imaginary beings if you must, but DO IT ALONE IN A SECLUDED PLACE. It is easy in such circumstances, where everything you ever believed comes crumbling down around your ears, to fall into desperation. Yet, if you can endure and learn to see the “good” which emerges from this process, if you can sift through the dross and find the streak of GOLDEN DIVINITY which indwells you, then you will know you are forgiven, and you will KNOW that the only way is up and onwards. Thus the Day of Rejection shall transmute into the Day of Acceptance.

Day 17: THE DAY OF REDESIGN

Take up a new drawing board, Beloveds, and redesign your lives according to DIVINE PRINCIPLES. These are the ones which SUSTAIN AND NURTURE. Your actions will SIMULTANEOUSLY TEACH AND DEMONSTRATE THESE PRINCIPLES TO OTHERS. This means the HIGHEST QUALITY IN ALL AVENUES OF LIFE. This statement is not meant to be constant pressure on you, but it means constant and steady movement towards PERFECTION. You will yourselves encounter and enjoy the high quality products and experiences of others, and this will REINFORCE YOUR DESIRE TO RE-GIFT THE SAME.

Day 18. THE DAY OF RECYCLING

This is a day of recognition of the VALUE of the RESOURCES which you have systematically squandered on an enormous scale, especially in areas of the world you call the “Western World”. Do you all need personal transport? Do you all need the same household appliances you use once a year? The great age of sharing will dawn and lives of simplicity will be led so that in the end, THERE WILL BE NOTHING TO RECYCLE BECAUSE NOTHING WILL BE KEPT SUPERFLUOUSLY, EVERYTHING WILL BE REPAIRED INSTEAD OF BEING THROWN AWAY, AND EVERYTHING WILL ALWAYS IN CONSTANT USE. Thus you will utilise the least resources possible and preserve the beauty and abundance of your natural world.

Day 19. THE DAY OF RECEPTIVITY

Will you hide, Beloved Children of Earth, when you learn that grave mistakes and experiments have been conducted on your planet? Will you defend yourselves constantly or will you be able to drop such behaviour and warmly welcome the suggestions and assistance of celestial helpers? Indeed, this assistance has been available to you for a long time, yet it has not been recognised or utilised. Will you drop on your knees in gratitude, now that the full extent of atrocities is revealed? Will you humbly accept not only the new technology but also the NEW DIVINE PRINCIPLES offered to you by your star sisters and brothers? The first is not possible without the second. The horrors of the past will linger if change cannot be WHOLESALE AND WHOLEHEARTED. This is your choice on the Day of Receptivity.

Day 20: THE DAY OF REMOVAL

If, on the Day of Removal, you have not kept your mental houses in order, you will be ill prepared. We advise casting out or distributing everything which is unnecessary. Contemplate what is absolutely integral to your happiness. Remember the untold weight of physical and mental baggage. Practice leaving everything behind. There will be those who – despite repeated warnings – will refuse to believe that the removal is coming. They will ignore the busy activities around them. They will seclude themselves and scorn and scoff. They too will be removed, as is necessary for safety and for the benefit of ALL HUMANITY AS A WHOLE. You may, at this stage, not be capable of imagining life elsewhere while your planet bursts into severe volcanic action and rebalance, yet for this you will eventually have to prepare.

Day 21: THE DAY OF RETURN

You may, on the Day of Return, have certain ideas of what “home” was or is. If this is a certain place, there is no guarantee that it will still exist. If it is a certain atmosphere, it may be your vocation to reconstruct it for the pleasure of others, if it benefits THE WHOLE. Yes, we will keep repeating this, as this is the new yardstick which will apply to all new construction projects and activities. If renovation is your skill, then renovate only that which is of unique or useful value. If your skill is organising, then the BENEFITTING ALL principle should similarly apply. Your IDEALS FOR ALL should carry you through this rebuilding period. To return wishing to find vestiges of the past – or your past way of life – is to programme yourself for vast disappointment and indeed great difficulty, as these will not always be included in the new parameters. In stable rotting foundations – whether physical or mental – will not be supported or replenished. FLEXIBILITY OF FOCUS, DEDICATION AND ALIGNMENT WITH THE LAWS OF CREATION will ensure that you find your own highly valued and universally supported path in this NEW WORLD.

Seraphin Message 196: PROPHECY TWO: FROM MONEY TO AUTHENTICITY

Through Rosie, 29th September 2014

If you do not need to pay for a stamp, dear Children on Earth, your LOVE LETTERS may be long and arduous. You may write stacks of letters. You may write novels. You may compose oratorios for your loved ones far away AND SEND THEM THROUGH WHATEVER MEDIUM AT NO CHARGE. Also, DISTANCE will be reduced to a mere nothing since the high costs of travelling long distances WILL NOT EXIST. Thus there will be nothing preventing you from contacting or visiting distant relatives and friends UNLESS YOU CHOOSE TO MAINTAIN THAT DISTANCE.

This will be a good benchmark for the quality of your relationships and whether you REALLY WISH TO MAKE AN EFFORT AT KEEPING CONTACT. Distance is not actually the issue: THE DESIRE TO CONNECT IS THE ISSUE. Presently, high prices can be a good excuse for not calling or not visiting or not caring. Note that the eradication of the money system will, in effect, TERMINATE DISHONESTY and STRENGTHEN AND IMPROVE THE LINKS YOU VALUE.

If you can no longer show your gratitude to waiters or waitresses or other providers of services in the form of payment or tips, HOW ARE YOU GOING TO SHOW YOUR GRATITUDE? You will not be able to simply slap a bill on the counter and run off to your next important assignment or meeting. You will learn to GENUINELY APPRECIATE ALL ABUNDANCE – whether in the form of products or service – WHICH IS BESTOWED ON YOU. You will be so HUMBLED by the experience that you will initially just sit in amazement, feeling at a loss, thinking you have arrived in paradise. This, especially, will be the experience of those accustomed to living with very little, as on so many areas of your earth. And indeed, this is where you will all have arrived, since a moneyless (NOT CASHLESS) society will be PARADISE FOR ALL.

Later, when you are well acquainted with and adjusted to the new system, you will reminisce about the era of money. You will realise the absurdity of paying money for a bunch of flowers (you will realise the even greater absurdity of paying a plane and pilot to bring you those flowers from exotic climes, preventing the native population from growing food instead). You will realise the absurdity of discussing your finances for hours, the absurdity of fighting over wills or inheritances, and the absurdity of asking for a rise. You will raise YOURSELVES above all these discussions and move into a new framework based on the VALUES OF THE HEART. The only thing you will have in your BANK ACCOUNT, with which you can “pay” others, is helpfulness, generosity, love, gratitude, understanding, a listening ear or an offer of assistance. There will be less that you HAVE TO DO, and more awareness of your own CHOICE OF PURSUIT. Yet always must you be aware of the cosmic law: what you give, you will receive. This system will only work if all contribute to the BEST of their abilities. Laziness will be frowned upon. There will be no such thing as being OUT OF WORK. All will be urged to develop what it is that they do BEST, and bestow this on others. This leads to a continuous CIRCLE AND CYCLE OF UPLIFTMENT.

The “levelling” of money means the levelling of society. All will be equal. No one will have MORE MONEY or LESS MONEY than anyone else. It will no longer be possible to purchase the best lawyers or the best caterers or the best (and most expensive) services for exclusive personal use. The providers of services (EVERYONE WILL BECOME A PROVIDER OF SERVICES) will themselves decide WHERE THEIR SERVICES ARE BEST PLACED. LIP SERVICE WILL BE A THING OF THE PAST. IT WILL BE REPLACED BY REAL SERVICE. If you do not have to pay for food, will this change your habits? If those providing the food decide it is in everyone’s best interest to produce healthy and morally viable (NO KILLING OR EXPLOITATION OF ANIMALS) products only, will you protest? Will you attempt to continue your addictions? Or, if you have been on the receiving end of very little nutrients, will you

suddenly go overboard and launch into massive overdoses? These will be the initial difficulties, yet we say that the overall and overriding wish to live modestly, sustainably and healthily – a trait which everyone will learn to develop and adhere to – will bring balance and prosperity. And what about your other addictions? Games, drugs, sex? Do you think that these will be provided “free” for your continued “pleasure” and self-abuse? Do you imagine that prostitutes will of their own accord continue, or will they prefer to reject that which is alien to their very nature and which they practised as a last resort? Will you need drugs to get a high? If the fact that everything is available and “free” is not enough to make you happy, you will have to confront the real reasons for your behaviour and your unhappiness. In such cases, you will be strongly reminded of your own divinity.

Remember the feeling you get when you receive an unexpected present, or when you receive something for “free”. Even if it is only a tiny gesture, you are filled with exhilaration and gratitude. How great will this feeling be, Beloveds, when you live IN GRATITUDE every moment of the day: when you experience this in ALL AREAS OF YOUR LIFE, WHEN ALL IS “FREE” and present IN ABUNDANCE. You will, in effect, DANCE ETERNALLY.

Throughout much of your world, your style of living DEPENDS on how much money you have at your disposal. So, WHAT WILL YOU DEPEND ON ONCE MONEY HAS GONE? It will be your KINDNESS, your RESOURCEFULNESS, your CREATIVITY, your ABILITY TO COMMUNICATE, your READINESS TO CO-OPERATE WITH OTHERS, and above all, YOUR LACK OF GREED (All new subjects to be taught in your new schools). You will take ONLY THAT WHICH SUFFICES. YOU WILL SHARE. You will not hoard surpluses unless this is for a specific project to benefit others. You will distribute resources and materials and skills freely, as needed. You will not waste the resources of the earth who loves you dearly and whom you have treated with the utmost disdain and cruelty.

You will not produce faulty or low quality articles, since this would not serve HUMANKIND. AND SERVING HUMANKIND IS YOUR DIVINE GOAL. With your eradication of money, your concepts of “profit” and “loss” will go out of the window. The squandering practice of obsolescence (deliberate and in-built corruption and programming of goods, involving future breakdowns to encourage the repurchase of same to ensure continuing “profits” and “jobs”) will be eradicated. There will be no point to this. This means that ALL BUSINESSES will have to change their mind-set – initially, a difficult undertaking. Yet you will get used to the idea of asking yourselves WHO WILL RECEIVE THE BENEFIT OF THIS PRODUCT? And HOW CAN I PRODUCE EXCELLENCE? And HOW CAN I COLLABORATE WITH OTHERS TO PRODUCE EXCELLENCE, IRRESPECTIVE OF NATION OR CREED? And HOW CAN I IMPROVE THE QUALITY OF MY WORK SO THAT IT LAST FOR AS LONG AS POSSIBLE?

ALL THIS WILL YOU LEARN. And you will rejoice in the certain knowledge that you are taking part in a huge movement to help everyone, including yourself, instead of fighting to keep alive through the sale of shady, dubious, poisonous, superfluous, useless and shoddy produce. This will LIFT YOUR SPIRITS enormously. You will know the ULTIMATE VALUE of your work. You will be loved and respected for your contribution. No one shall be more or less than anyone else. The only way to earn credit or stature in the eyes of others will be the extent and depth and intensity of your SINCERE CONTRIBUTION.

Will you, on the DAY OF NO MONEY, continue to produce weapons, Beloveds? Is this an occupation which will increase your esteem in the eyes of ALL? This is the new criterion – to benefit ALL. Will killing ALL be part of your agenda? Will you choose war, or will you choose peace? The “defence” industry shall change into a UNIVERSAL SUPPORT INDUSTRY. It will change from an industry supporting FEAR to an industry spreading LOVE. It will not destroy. LIKE ALL OTHER INDUSTRIES, IT WILL NURTURE.

These are but a few of the consequences of the changes which WILL COME TO YOU, Beloved children on earth who we love so much, who we wish to see in constant joy, who we continue to warn although we are chided and rejected. So deep is our desire to move you towards harmony and away from self-destruction that we will – again and again – present you with NEGATIVE ASPECTS OF YOURSELVES so that you may learn all the faster. We urge you to change your behaviour BEFORE IT IS FORCIABLY CHANGED. We honour your choices, Seraphin.

Seraphin Message 198: **PROPHECY FOUR: YOU WILL LIVE IN CONTINUOUS ECSTASY**
Through Rosie, 3rd October 2014

For most people, when they hear this, experiencing continuous ecstasy will seem like IMPOSSIBILITY. This is because they are thinking about their present life circumstances involving stress and many other aspects which are anything but “ecstatic”. They may experience snatches of ecstasy here and there – moments of great happiness or insight or inspiration – but mostly their mental landscapes are populated with THING TO DO, and so these happy moments are infrequent and brief, cut off by MORE IMPORTANT THINGS. The very nature of ecstasy is foreign to the majority. Most of you have been heavily influenced

by media and propaganda which hail SEX and DRUGS as the very height of ecstasy (indeed, there is a drug with this name). But to hold this opinion is actually LIMITING YOUR EXSTATIC EXPERIENCE WHICH CAN LAST INDEFINITELY. We are not talking eternal orgasms here. We would ask you to turn for a moment to the world of nature and we would ask you to consider which animals under which conditions demonstrate ecstasy: you may think of the eagle, soaring effortlessly at great heights on unseen currents. You may think of lizards basking in the sunshine. You may think of frogs floating motionless in a secluded pond in a position of ultimate relaxation and WEIGHTLESSNESS, carrying no burden whatsoever.

Ultimate BLISS, another word for ecstasy, is not a short-lived hallucination or high, induced by alcohol or the thrills created by the practice of dangerous sports. The ecstasy of such activities is not only the activity itself but also the fact that one can say LOOK! I HAVE DIVED FROM THE HIGHEST CLIFF or LOOK! I HAVE CLIMBED THE HIGHEST MOUNTAIN (would-be climbers of Everest in bad weather have sometimes found themselves in this extreme dilemma: whether to climb to the top for that moment of ecstasy, but knowing that if they do so, they will not survive to descend before night closes or before a fatal storm strikes, blinding their way). Such activities may lift you and your ego for a while, but will not satisfy you eternally. Once over, you will have to continue your search for the next high or the next drug.

So what is the answer, beloved friends on earth? How is continuous ecstasy possible? Imagine you are, like the frog, hanging in warm water on a beautiful summer's day. You may choose to be swimming with companions and discuss this and that – the price of petrol or what you are going to cook for dinner – but if you remain in silence and increase your awareness, you will move into another plane where your realisations bring you bliss.

You may wonder at the water, fluid and transparent, consisting of so many droplets. You may be aware that they close in on you, on every inch of you skin, in sweet caress. You may notice the ripples of the waves pushing beautifully to the edge. You may see the light playing on the water reflecting upwards onto overhanging rocks. You may marvel at the tiny fish – perfectly formed creatures for this watery paradise - which slip effortlessly around you. You may look up and watch the clouds draw past above you. You may feel safe and peaceful and AT ONE with nature and thus AT ONE WITH THE CREATIVE SPIRIT WHO DESIGNED THEM. You may express DEEP GRATITUDE FOR ALL THIS, or you may choose to discuss dinner instead. Sharpen your awareness, dear ones, and if you feel yourselves descending into doldrums, remember that water and sky and the air which is ever present and always ready to bestow itself for your next breath are SO VERY CLOSE TO YOU AND ALWAYS AVAILABLE FOR YOUR INSPIRATION. EVERY LEAF IS A MIRACLE. This is what you can say to yourself every time you pass a plant pot or a tree. And one of the greatest miracles, from your point of view, and one which is VERY CLOSE, is YOURSELF! How can you not continuously wonder at the fascinating constant functioning of your body? How can you not wonder at the fascinating encounters you have with others? And once you have understood that all encounters of whatever nature are intended BY DIVINE DECREE for your very own personal learning processes and benefit, how can you not be in a state of CONTINUAL REJOICE?

With the growth of spiritual values and insights on your earth, and with the removal of those who wish you to regress to purely materialist and sensualist automatons, you will move ever more quickly towards the intense state of constant upliftment and OVERFLOWING BLISS. You will contain so much bliss THAT IT WILL OVERFLOW ONTO OTHERS, and you will feel impelled to teach others HOW THIS CAME TO BE and how they themselves can become a crucible of bliss. Thus will you all grow and delight in each other. This our prophesy for today. Seraphin.

Seraphin Message 199: **PROPHECY FIVE: YOU WILL UNITE AS ONE WORLD**
Through Rosie, 9th October 2014

We of the celestial realms worry so much about our children – our wards on earth – not so much on a physical level, though that is also our concern – but on a spiritual level. It is our delight to see you GROW in this regard, and it is our dismay to see you descend into mindlessness, wandering about as if hypnotised, succumbing as if there is no alternative choice, fighting for your “rights” against those who are – in your perception – “different”. But from our observation point – on which time and space has little bearing – you are all going through a similar experience on one small evolutionary planet – one of millions such, though your history (unknown to yourselves) is extraordinary. Again, a wider perspective such as this will provide you with great insights in the future, and you will realise, as we have said so many times already, that your supposed differences will dissipate into nothings. ALL THAT REMAINS WILL BE YOUR SIMILARITY, AND YOUR COMMON CONCERN WILL BE HOW TO BEST PROCEED ALONG THE DIVINE PATH.

Perhaps the idea of OVERRIDING UNITY is difficult to visualise in view of the present mental climate on earth where so many different (and fiercely defended) beliefs and customs and habits and cultures and tribes reign. HOW CAN WE SIMPLY PUT ALL THAT ASIDE? You may ask. You may be sure that this will involve the ACTIVE PARTICIPATION OF EVERY REMAINING INDIVIDUAL, AND THE ACTIVE RELEASE OF ALL DOGMA, SUPERSTITION AND CUSTOMS which do not serve humanity as a whole. Your belief systems are mostly destined to crumble. You will be provided with sensible, worthy, comprehensive,

comprehensible and credible explanations WHICH EVERYONE WILL RECOGNISE AS THE TRUTH. Thus will you be UNITED in your despair of having followed – for so long – erroneous paths and beliefs, and UNITED you shall also be in the tremendous new upsurge in your hearts and in your UNIVERSAL DEDICATION to improve, walking a new path towards UNIVERSAL HAPPINESS.

Much corrective action must take place on all levels. As in all situations involving disaster, you will be drawn together and help one another. You will not sit on your laurels. You will search urgently for the right answers. You will have so many questions that they will last a lifetime. You will universally rise out of stagnation and get together to form real supportive communities. You will take on RESPONSIBILITY. You will UNITE not only with each other but also with your animals and plants, knowing and treating them ALL as sentient and sensitive beings. Similarly will you UNITE with the ever present but (for you) as yet UNSEEN OFF-PLANET MEMBERS OF YOUR UNIVERSE who will provide you with so much assistance. Once your consciousness EXPANDS to include these, you will feel an ever-increasing consciousness of YOUR CREATOR, developing a closeness which will also – in the long run – lead to UNIFICATION.

UNIFICATION can be demonstrated on many levels: it is constant awareness of DIVINE GUIDANCE; it is communication with personal unseen guides during meditation; it is strong family bonds in the sense that EVERYONE is your family; it is entering the mind and instantly understanding the needs of all those you meet – knowing this and providing this BEFORE YOU ARE ASKED. There will be no sense of SACRIFICE or of PRIDE when you do this. These emotions may presently arise while “doing good”, but they have no place in the new world. For you, united as you will be, WILL KNOW THAT YOU AND EVERYONE ELSE ARE PART OF ONE WHOLE. We prophesy that, at the end of every day as the shadows lengthen, you will sit in supreme gratitude for what you have received and for what you have learnt FROM THE WHOLE and for what you have given TO THE WHOLE. No action will be lost or squandered or remain unappreciated. You will KNOW that you have contributed to the health and harmony of a new united earth.

Seraphin Message 200: PROPHECY SIX: YOU WILL LIVE LIVES OF CONTINUOUS ADVENTURE

Through Rosie, 19th October 2014

Today we would like to ask you what role ADVENTURE plays in your lives at this present time on earth. Do you even contemplate that you might GIVE UP EVERYTHING and TRAVEL LIGHT FOR THE SAKE OF LEARNING rather than MOVING CUMBERSOMELY TO ACQUIRE MORE STATUS OR MONEY OR GOODS OR LEISURE TIME?

Know that even now, whether comparatively stationary or on the road, YOUR LIFE IS AN ADVENTURE. This may seem like an incredible statement to those who feel caught in a web of conflict or responsibility or duty or restrictive circumstances. Your freedom is to CHOOSE - each day, each hour, each minute – HOW TO REACT or rather HOW TO CREATE THE NEXT MOMENT THIS TIME. So, your lives are eternal (if you desire) adventures once you CONCEIVE of your lives as adventures. Thus you can REBIRTH yourselves daily. How can we change our perceptions, you may ask. ASK YOURSELF QUESTIONS! Do you know, Beloveds, what lies beneath your feet as you wander across a city? Do you know what flies beyond the perimeter of your earth? (MORE THAN YOU THINK!) Do you know the real needs and feelings and intentions of those who pass you fleetingly, or of those whose conversations you may overhear for a split second? And what about the speeches of “famous” people? Are these short scripted pieces a true reflection of themselves or of “reality”? Do you know your own capabilities and potentials? If you already know the answer to that question, then you have already limited yourselves. Do you know if and when someone will approach you or not? Do you know whom you will approach and for what reason?

We prophesy that in the time to come, so much will arise of which YOU HAD NO IDEA that you will feel like someone taking a long trip in a small wooden boat in the midst of HUGE WAVES, hit by one revelation after another. Can you imagine the exhilaration of taking the helm? Can you imagine the satisfaction of pursuing a course and finding the shore? Can you imagine the solidarity you will feel with your fellow travellers? Can you imagine the HEIGHTENED

PERCEPTION which all this will develop in YOU, and the KNOWLEDGE THAT THERE IS SO MUCH MORE TO DISCOVER, BOTH ON YOUR WORLD AND BEYOND, BOTH IN YOUR PAST AND IN YOUR FUTURE, BOTH OUTSIDE AND INSIDE OF YOURSELVES? Be joyful Beloved Earth Children, for like a small green spider relentlessly climbing across stalks of wheat in a large field, you will discover life in abundance, fruits in abundance, and nourishment in abundance. Though the path may be long or difficult. The rewards are already ensured. We love you, Seraphin.

Seraphin Message 201: PROPHECY SEVEN: YOU WILL FEEL THE GOLDEN LIGHT

Through Rosie, 26th October 2014

The golden light is something only rarely experienced. If so, it has descended on a few individuals, but what will now probably transcend is a COLLECTIVE EXPERIENCE. It will not be heralded by trumpets (unless this message is a trumpet!) There will be no introductions, speeches or interpreters, for it will be YOUR TASK (WITHOUT INTERMEDIARIES) TO WELCOME, ADDRESS AND TRANSLATE THE MEANING of this new energy. You will have no preparation or rehearsal time. Those who have already prepared themselves spiritually in advance WILL BE PREPARED FOR THIS, WILL UNDERSTAND THIS, WILL BE IN A POSITION TO EMBRACE THIS SO THAT IT BECOMES AN INTEGRAL PART OF THEMSELVES.

Those who have kept to the lower planes of existence will be confronted with something that is so entirely new to them that their initial response may be fear. THEY MAY REJECT IT OUTRIGHT, WHICH IS EQUIVALENT OF REJECTING ONE'S LIFE BLOOD. They may resort to screaming or violence, for there will be no way to stop it. The only way to prevent penetration of its vibration is to EXIT THE BODY, and indeed, this may be your choice. Know that all this will happen in a split second, like a tide of sound suddenly breaking, similar to that of thunder – a sound you are familiar with.

It will occur in a moment, yet it will open up eternal spaces in a great moment of cosmic understanding. If you have never contemplated ETERNITY, then you will be OVERWHELMED. Perhaps it is not your will to consider never-ending destinies. Perhaps in your heart of hearts you do not wish to learn, yet if a tiny spark of desire to start the eternal journey is ignited, you will very slowly but perceptively learn to understand the divine signs which will bless this earth. Thus will you all be initiated into higher realms if possible. Train your response times, Beloveds. Prepare to meet your "Maker" in the widest, deepest and most expansive sense. And even as you stumble in despair, it needs only one brief call, one desperate plea, one outstretched hand on your part for us, the celestial hierarchy, to respond to your plight. LET US IN, oh ones on earth, to help you towards that life-changing moment. We are standing by. Seraphin.

Seraphin Message 194: MISTAKEN IDENTITY: INDIVIDUAL, GLOBAL AND COSMIC

THROUGH ROSIE, 11TH SEPTEMBER 2014

The time will come when it will become painfully clear to all of you that you have indulged in cases of MISTAKEN IDENTITY on a massive scale. This applies to several areas. First of all, consider the vast array of human beings on your planet, not only in appearance (which is staggering in itself, as you are all UNIQUE CHILDREN OF THE DIVINE), but also the vastly different mind-sets you carry and the different life experiences you have created in vastly different settings.

If you were constantly aware of this, then your every encounter with another human being would be a HUGE ADVENTURE OF DISCOVERY. But no: for the most time, you judge after a brief glance, putting him or her into a mental box, labelling them and identifying them as THIS or THAT before the first exchange even takes place. Instead you stare glassy-eyed into the middle distance. This is nothing short of BARBARIC BEHAVIOUR when viewed by beings of greater sensitivity residing on more spiritually advanced planets.

Only if the person you meet is strongly affected by emotion or in some sort of visible need is it sometimes enough to break you out of this icy stance. We foretell a time where this need and these strong emotions of fear, sadness and anger will CONSTANTLY BE LYING ON THE SURFACE, AND THAT THEY WILL BE UNAVOIDABLE. YOU WILL NO LONGER BE ABLE TO OVERLOOK THEM OR TURN A "BLIND EYE". And you yourselves, in the throes of your own trauma, will attract the attention of others. Thus will all be transparent, and you will inevitably come to the conclusion that you have constructed for yourselves many cases of MISTAKEN IDENTITY.

Those who seemed shy and retiring may step bravely into the limelight. Those who seemed tired and inactive may turn into heroes. Those who showered others with favours or those in high, dominating positions may cower and plead. These changes will be massive and fluctuating. You will not only have to revise yourselves and track your own emotions and reactions, but also track those around you. It will resemble an ever-fluctuating sea, with high and low tides, with calms and storms. Some waves may crush you. Others may lift you.

You who know in advance of the dire situation on this planet and who are wary of its diverse causes will be better prepared but not exempt from these necessary revisions of your perceptions. You must be ever at the ready to spot new areas of strife and new areas of potential and search for solutions accordingly.

Your concept of your earth's identity will similarly change. You will learn about her real history and her real position in the universe as opposed to the suggestion of autonomous and unique isolation. Special she is, but you shall have to swallow your arrogant view that you are the only inhabited orb in the universe. In this also, you have been grossly mistaken.

But perhaps the greatest case of mistaken identity is your failure to recognise YOURSELVES AS EMMISARIES OF THE DIVINE. Your destiny is not to sit comfortably in some stagnant pool, watching time go by, but to actively provide IMPETUS FOR CHANGE to improve whatever possible in your particular area of expertise. These gifts you must DISCOVER IN YOURSELVES AND DEVELOP ACCORDINGLY. You will see extra assistance being provided to nurture your qualities. Some of this will ensue from extra-terrestrial helpers who have either been observing the planet up to this point, or from those of other origin who walk the planet already, unbeknown to yourselves, and who will reveal themselves at the appropriate time (another case of mistaken identity on your part, as you will see).

And what will be the purpose of so many revealed "mistakes", Beloveds? Nothing but to provide you with an immense opportunity to GROW IN FANTASTIC LEAPS AND BOUNDS. Identities of the sort you have harboured or imagined or assigned WILL HAVE TO FALL. Appreciation will be shown for GREAT MERIT AND SERVICE alone. Titles shall only be given to those who have visibly earned them. We look forward with great excitement to see you enter this new stage on earth. May we all work together in COSMIC BROTHERHOOD. Seraphin.

Seraphin Message 195: THE DIRE CONSEQUENCES OF NOT NOTICING

Through Rosie, 13th Sept. 2014

TO THOSE WHO STAND ACCUSED OF NOT NOTICING:

Some of you, when presented with suspicious circumstances which you KNOW are just the beginning of grossly unjust and immoral trends, will react and put out some sort of sign that this must be stopped. Sometimes you cannot make this sign openly because you will immediately be struck down. You will immediately be considered ENEMY and will be attacked as such. This means, in effect, that you have NOTICED TOO LATE. We advise absolute watchfulness at all times. If you collectively had protested AT THE VERY BEGINNING, then you would not have to work UNDERCOVER. You are walking a tightrope of truth.

Do not be discouraged by our words, for courage it takes to make any sign at all, whether private or public. Also, to show your true selves is to be recognised by others of like mind and receive support. So we say MAKE YOURSELVES KNOWN TO THOSE YOU CAN TRUST. USE EVERY OPPORTUNITY TO DEMONSTRATE YOUR OPPOSITION. This may be through voice. This may be through unseen action or non-action.

Many have been heroes in the past, with varying degrees of success. To enter the dark side has often been more heroic than to try and forestall it. There are so many layers to this situation that we could continue ad infinitum, giving you a take on it from every angle. To illustrate it simply, we will describe scenes which this scribe has seen recently in a half awake state.

She saw herself attempting to protest against severe logging by replacing an official notice with her own, but was quickly advised by others to remove this from public view. Every time she looked out of her window, another row of trees had been levelled to the ground. She cried desperately to see beautiful avenues of ancient trees removed. Her gaze was fixed upon this one direction in front of her window. That her village was being surrounded by barbed wire, she did not notice. That large metallic buildings were being built behind her in the hills, she did not notice. That wild animals were roaming outside the enclave, she only noticed when attempting to leave. And we say LEAVE YOUR FAMILIAR PATHS DEAREST CHILDREN ON EARTH BECAUSE YOU ARE MISSING WHAT IS REALLY GOING ON. IF YOU DO NOT VENTURE BEYOND YOUR WELL-TRODDEN PATHS, YOU WILL NOT REALISE YOUR IMPRISONMENT, AND THAT THE NOOSE IS CLOSING EVER TIGHTER.

This does not mean physical travel. This means INNER TRAVEL, directing your MIND and your INTERESTS into new areas. This means RESEARCH into things which you find so distasteful that you can hardly believe they exist. This means questioning everything and thoroughly investigating ALL CONFLICTING THEORIES. This means ASKING WHY SO MANY PEOPLE ARE ACTUALLY IMPRISONED AND WHY ARE SO MANY KILLED. What is their crime? Have they even committed one? What would they like to say? Or if "guilty", what circumstances have allowed such deviant behaviour to develop? ASK, ASK and ASK AGAIN, BELOVEDS, till you have discovered the TERRIBLE TRUTHS and the WONDERFUL REVELATIONS. THEY GO HAND IN HAND. Abandon complacency, lethargy and fear and step out bravely into new areas. Only in this way will you really understand WHO YOUR OPPOSITION IS and WHERE IT COMES FROM. Only in this way will you unearth EVIL and discover BLISS. Only in this way will you RISE TO IMPLEMENT CHANGE. We implore you at this critical time. ALL THIS WILL BE THROWN IN YOUR FACES IN THE END ANYWAY. Pre-empt this, for it will reduce your shock and help you to understand so that you can readily explain to those who fall in pain and disbelief. RALLY TO OUR CALL, dearest WARRIORS OF LIGHT. YOU ARE SO SORELY NEEDED. WE RIDE WITH YOU, Seraphin

Seraphin Message 202: EMERGENCY CALL TO EARTH. Through Rosie, 28th October 2014

Who will rescue you now, Children of Earth, now that you have pushed your planet and yourselves to the brink of spiritual meltdown? (and failure to recognise this is proof of your failure to critically perceive and care). Where brotherly and sisterly love no longer reigns (having given way to aggression, sex/food/gratification on demand), the only emergency plans you have in place for such a breakdown will inevitably be SELFISH ONES.

Of course, you can call the fire brigades and the social services and the police forces, but they will not be able to save your SPIRITUAL HOUSES from burning. Neither will they solve your SPIRITUAL CRISES, for their training is (deliberately) on a purely different level, devoting themselves to regimenting the physical symptoms and repercussions of anything which runs OUT OF CONTROL and BEYOND THE NORM.

This is where you must go into action and QUESTION NORMALITY. Is it "normal" to exploit others? Is it normal to scatter refuse across the globe with no thought for tomorrow? Is it normal to change your outward appearance constantly when it is the content of your SOUL and your intrinsic energy which attracts the next experience and the next person? Is it NORMAL to live on an earth riddled with deadly bullets and poisoned air? Is it normal to step across the soil in fear of being blown up by land mines? Is it NORMAL to allow pornography to flourish, to allow abuse to continue, to allow BREAKDOWNS OF COMMUNICATION in all manner of important issues on levels both individual and international?

So, do you not conclude, as we (despite all our love for you) conclude, that this is some kind of self-generated madhouse? So, do you think you can handle it all yourselves, inhabitants of earth? Can you REVERSE ALL THESE PAINFUL, DISHONEST, HARMFUL TRENDS WHICH ARE CORRUPTING YOURSELVES AND YOUR ENVIRONMENT? Can you do it? Tell us exactly HOW you will attempt this. Will wealthy individuals (with hidden ulterior motives) launch forward with bravado and optimism, tackling minor surface issues with a big splash and many trumpets in your diseased media, basking in the admiration of those who consider them "GOD" and who are convinced that they are doing GOOD? OR WILL YOU ALL, EVERYONE OF YOU, GO WITHIN, EXAMINE YOUR CONSCIENCE AND THE ULTIMATE CONSEQUENCES OF YOUR EVERY ACTION, ASSESSING IT AS TO ITS BENEFIT TO THE WHOLE OF HUMANITY?

WILL YOU ALL UNDERGO A SHIFT IN CONSCIOUSNESS, AN EXPANSION OF THE HEART, AND PROCEED WITH ABSOLUTE DETERMINATION TO ERRADICATE 100% OF DETRIMENTAL BEHAVIOUR AND ITS DETREMENTAL EFFECTS?

And we say to you, in view of EMERGENCY OPERATION EARTH, this is your ONLY OPTION. Humble yourselves and do the necessary inner work. There is no other way. And because, in our assessment due to lengthy observation of your behaviour, you are apparently not all prepared to take this on, WE OF THE SPIRITUAL HIERARCHY ("God's helpers" if you will) ARE STANDING BY WITH OUR OWN EMERGENCY PLANS FOR YOU, to be implemented at the tipping point. Then will we prevent the scales from plummeting into self-annihilation. But even this will not "save" you. It may produce completely different learning conditions, BUT LEARN YOU MUST. We hope we have made things clear. Our harsh tone is, again, only an indication of the severity of the situation and of our deepest concern for you. We hope for your immediate participation. Seraphin

Seraphin Message 203: THE BELLS TOLL FOR YOU. Through Rosie, 9th November 2014

The bells toll for all of you, dear Children on Earth, for what is about to pass is all encompassing and so powerful in its brightness that it will light up every corner of dust and decay. All those unpleasant events, encounters and sufferings which you have pushed under the metaphorical carpet shall re-emerge into full view. From the blurred and murky depths will arise images of unmistakable clarity and precise definition. It will be all lucid and laid out before every one of you, whether adult or child and whatever stage of spiritual development you have reached. Whatever your situation, a NEW PERSPECTIVE will be provided to present you with another learning opportunity.

For some it will be like descending a magnificent staircase into a sumptuous hall. For others it will feel like landing with a bump in a strange and foreign land. For yet others, it will be as in a prison restricting their former misguided behaviour. All will encounter huge change. All will be required to leave familiar routines and surroundings behind them, for this will be a global experience with no exceptions.

Ponder, then, the effect of this joint experience. You will cry together, you will suffer together, and you will grow together. You will form inseparable bonds. You will understand what it means to go through the same trauma. You will share your help and advice and knowledge freely as you will be able to sympathise with everyone.

So, as the bell tolls, do not linger in regret but rejoice in the opportunity to serve each other and form links of solidarity. The new earth will emerge as a result of your joint efforts. We will join you in this, Seraphin.

Seraphin Message 204: THE EXTRAORDINARY MOMENT AND FULFILLING THE DREAM

Through Rosie, 19th November 2014

Oh, if you on earth could just see the ways your minds trip and fall, winding blindly through alleyways, missing the important turnings, taking irresponsible risks and ending up in front of brick walls. So long have we observed your strivings – some good and some not so good – along various paths. But generally, they have missed the mark. You have failed to pinpoint the reasons for the violence you exert upon one another. You have failed to lay down the uncompromising principles which form the base of a **STRONG AND SAFE AND ABUNDANT SOCIETY**.

IN EFFECT, THIS IS WHAT YOU DREAM OF – A PARADISE WHERE LIFE IS A JOY AND A BLESSING. But you do not believe it is in your power to construct. You believe yourselves at the whim of destructive, nameless, uncontrollable forces which sweep you in any direction they chose. **YET YOU ARE THE PERPETRATORS OF THE NEXT MOMENT**, dear children on earth. Indeed, you are also the perpetrators of the next **EXTRAORDINARY, UNFORESEEN, DEVASTATING AND IRREPERABLE MOMENT**, as it is your behaviour which propels us, your galactic neighbours, to take action.

All will be well in the end. All will find their place, although it will initially feel like an **INTENSIFICATION** of the present turmoil. But there will be one great difference: you will have absolute clarity. You will recognise where you have compromised and the choices you face will be crystal clear, as will the consequences of these choices be crystal clear. You may have to release much of what is familiar. You may live for some time in regret. Yet surges of joy will be on the increase.

How many times have we put out a plea for a change in behaviour, and how many have genuinely responded? The quotient is more than low, Beloveds. From **THE GREAT MOMENT** on you will receive **OVERT** celestial guidance. There will be no way of averting your eyes from the depravity of the past, yet we will illuminate your future and lead you to the “green and pleasant lands” of your dreams, providing we have your co-operation. Those who do not wish to cooperate with the Divine Will (which we serve) will be removed to a place **WHERE THEY CAN DISCOVER IT, WHERE THEY WILL YEARN FOR IT WITH SUCH STRENGTH THAT THEY WILL NECESSARILY MAKE THE CONNECTION – AN INNER CONNECTION WHICH THEY FOUND IMPOSSIBLE TO GRASP OR CONTEMPLATE HERE ON EARTH.**

And so we draw nearer to the end of this period which is so riddled with strife and deliberate crime and deliberate suffering. The grace of the **ONE CREATION** is about to shine on you. Remember to keep your eyes open and accept the light in all humility. Seraphin.

Seraphin Message 205: A MESSAGE TO THE BEACONS: RAISE THE HEADS. Through Rosie, 28th November 2014

Our message to you today is for all those who consider themselves beacons of light in a darkened world – who feel that they have valuable information and perspectives which can **BRIGHTEN** and **LIGHTEN** those heads which are bowed in sadness, in submission, in despair. You know if you are in the “beacon” category. You are continuously on the lookout for those who will respond to a smile (issued by yourself), who clench their fingers, who either throw all frustrations out into the world in a verbal waterfall of pain, fear or contempt, or who retreat in stony silence without giving any expression to same.

Beacons will recognise **NEED**, will recognise opportunities to interject, uplift, encourage and interfere. It is not a passive role in which one looks on arrogantly from a distance, withholding compassion, indulging in self-pity and licking ones own wounds. It means direct involvement. It means following the inner intuition, the urge to “move” something or someone on into a place where they can better understand. It involves both holding back and moving forward **AT THE RIGHT MOMENT** to ensure an overall **MOVEMENT FORWARD**. It involves **ULTIMATE PATIENCE** but also **SEIZING THE MOMENT** when you realise that a line has been crossed.

Your personal feelings and views are required if genuine connection is to be made, and if your attempts are to be gratefully received. You are not automatons or policemen or women. You are **MOTIVATORS**, searching continuously for the right moment to motivate. You may find yourselves in a sea of people, yet you will keep afloat and be able to remain poised enough to give directions. You may find yourself in a crowd of desperate people who have lost all, stranded in a new physical or mental landscape which they could never have envisaged, even in their worst imaginings. It will be your call to show sympathy and courage and introduce and demonstrate the new level of thinking, feeling and acting which has been so gravely missing on this planet – behaviour based on strong spiritual principles and integrity.

You must be strong, if you wish them to be strong. You must be honest, if you wish them to be honest. If you wish to lead this earth into a new harmonious existence for all, **YOU MUST CREATE THIS HARMONY**, however difficult the circumstances, and if you wish to do a perfect job, there is no room for carelessness or laziness. You must be impeccable to achieve an impeccable result.

We survey the situation at this present time and we say that **YOU ARE NEEDED AS NEVER BEFORE**. Those who wholeheartedly engage will receive their reward. We thank you for your assistance on the earthly plane as we watch and support you from afar. Seraphin.

Seraphin Message 206: A CALL TO THE DESERTERS OF THE HOLY PLAN. Through Rosie, 4th December 2014

There are those of you who are presently involved in great struggles, torn this way and that as you valiantly attempt to resolve conflicts, adjust energies and realign with your DIVINE SELVES. This may be accompanied by a feeling of great heaviness – something which may have been weighing upon you for a long time, but which has only now come into your range of vision, demanding immediate attention. You are doing what is called WORKING ON YOURSELVES, IRONING OUT THE WRINKLES, PREPARING YOURSELVES TO ACT – IN THE PUREST OF WAYS – AS ACTUAL WAYSHOWERS. You we congratulate, for we know how hard this is on the dense earthly plane where so much karma and negativity of all varieties are working themselves out, culminating in the GRAND CONCLUSION.

We now turn our attention to those who have DESERTED, to those who KNOW the sacrilege they have been committing, but who regard this not as sacrilege but as INDEPENDENCE AND SOVEREIGNTY. They consider themselves exempt from karmic rules, thus appointing THEMSELVES AS RULERS, spitting in the face of the DIVINE PLAN. But the DIVINE PLAN has always existed, and even in your defection from and in defiance of HOLY INTENT, and even in the depths of depravity and corruption in which you have taken part, EVEN YET YOU ARE STILL PART OF THE HOLY PLAN WHICH IS – EVEN AT THIS MOMENT – CRANKING SLOWLY BUT INEVITABLY (AS IN A HUGE CLOCKWORK APPARATUS INTERLOCKING ON MANY LEVELS) TO A CLIMAX, AND WHICH WILL RING IN THE NEW AGE AS IT TURNS THE FINAL CYCLE.

WHETHER YOU WILL OR NOT, YOUR PERVERSE ACTIONS ARE FORCING THE FINAL SPLIT, SEPARATING THE WHEAT FROM THE CHAFF, AND SO THEREFORE, DEAR DESERTERS (for you are dear to us; we do still look upon your souls with love and anguish as all this unfolds) UNDERSTAND THAT YOU ARE INCREASING THE PACE INSTEAD OF SLOWING IT DOWN AS YOU HAD HOPED. DO YOU SEE NOW BELOVEDS? THERE IS NO WAY YOU CAN STOP THIS MOTION. YOU ARE EVEN CONTRIBUTING TO IT. THE HOLY PLAN HAS BEEN AT WORK ALL ALONG, WITH YOU FUELLING THE MECHANISM, AND IT WILL BE IMPLEMENTED. TRY TO SEE YOURSELVES AS THE CONTRIBUTORS YOU ARE. THIS DOES NOT RELEASE YOU FROM YOUR KARMA, HOWEVER, YOU WILL FIND YOURSELVES ON THE WRONG SIDE OF THE DIVIDING LINE

UNLESS, UNLESS UNLESS

You take all your courage, all your humility, and step away from your previous lifestyle and occupations and associates in the deepest and most profound regret. IT IS POSSIBLE. IT IS POSSIBLE STILL, yet the tide will turn, and then the moment of opportunity will be irreparably lost as far as this incarnation and learning experience is concerned. We beg you to listen. Seraphin.

Seraphin Message 207: A CALL TO THE UNSUSPECTING. Through Rosie, 6th December 2014

To awake you from your slumberings, beloved children of earth, has been very very hard. Despite continuous efforts from the unseen angelic and celestial realms – efforts which are always in your favour and motivated by pure love – we have not achieved the success we were hoping for.

“Success” is perhaps a word which will not resonate with you. Maybe you will immediately retaliate and retort angrily WHAT HAVE YOU (OR THIS MESSENGER) GOT TO DO WITH MY LIFE AT THIS TIME? or HOW DARE THIS MESSENGER PRESUME I AM ASLEEP? or WHAT ON EARTH ARE THEY TALKING ABOUT?

These things which shall come to pass are not OF EARTH, beloveds. With earthly and material things you are all too familiar. They will be OF SPIRIT – a word which will conjure up so many different associations in your minds, according to present religious influences or convictions. We ask you to release these and be open to new concepts and new terms.

Your infusion with SPIRIT (or failure to recognise the existence of such) is the experience you lack and which will open up so many new perspectives and visions, with the result that the old world shall fall away like a fragile paper cut-out.

Because the world INSIDE YOU is unfamiliar ground, you may curl up and refuse to look. In fact this is an image – that of the embryo before birth – which is entirely relevant to this moment in time. Like small children with INFINITE POTENTIAL, bestowed with a DIVINE BLUEPRINT, you will receive the impetus to start NEW AND GLORIOUS GROWTH. It will be as if a beautiful bowl of spiritual fruits is handed to you on a silver platter. All you need to do, in all humility and gratitude, is take.

Will you respond THIS TIME, Beloveds, to the special gift you are offered? Or will you turn away in anger, in petulance, in disappointment or callous hardheartedness? Callous you sometimes seem to us, when we regard your widespread destructive behaviour on earth – whether towards each other or towards the generous and bounteous gifts of food and resources freely given by NATURE, by your ensouled planet who – still loving you deeply – grieves that you have not yet managed to stem the tide of carnage or to develop respect for every living being of whatever category.

Yet we do also know of your burdens and of the restrictions – unbeknown to yourselves – placed upon the humanoid form many many many eras ago. Your decrease in perception and abilities, schooled partly by the degenerated bodily material

you inhabit, in combination with the “schooling” cemented into place by those on your planet who hold the strings of power, have kept spiritual evolution to a minimum for many centuries and beyond.

At the end of this cycle (which is actually a synchronisation of the end of many cycles on different levels) a leap in consciousness is now on offer to you. For you, the COMPLETELY UNSUSPECTING, it will be a difficult birth, involving shock, much self-questioning, and a reversal in modes of thinking. It will cause your view of the world and her people and her history to CHANGE DRAMATICALLY. It will FORCE YOU to reassess and become creative and flexible.

Resistance means NO GROWTH. And as a seed or flower or an embryo which grows no more, to grow NOT has very serious consequences – the slowing down and eventual extinguishing of life forces.

We realise that it is not easy to address you, the UNSUSPECTING, since you expect everything to continue as it always has, and since your lives have – so far – taken place in a realm which has been partitioned off from SPIRIT. This wall will now be removed. SPIRIT will flood in. It will penetrate your every cell. You may feel overwhelmed. You may reject it outright. You may surrender in love. You may accept it and integrate it into your lives.

Ponder that you have been living in a sort of artificially constructed womb up until this time, and that you are on the brink of REBIRTH INTO THE REAL, BRIGHT WORLD OF LIVING SPIRIT. We hope that our words and our worlds (in the sense of our concepts and perspectives) will reach you and prepare you for what is to come. We regret that the new worlds approaching you are so difficult to explain here in a brief and clear way, and that our words will probably provoke more questions than provide answers. This is only the beginning: you have a long career of learning in front of you, during which clarity can and will be gained for all the topics we touch upon so lightly here. You may look forward to GREAT EXPANSIONS in knowledge and consciousness on this spiritual journey.

Like the master who walked your planet 2000 years ago, and all the other messengers who preceded and followed him, we are searching out the “lost sheep” and invite them lovingly back into the DIVINE FOLD. We embrace you with love and great anticipation, Seraphin and the Legion of Light.

Seraphin Message 208: CALL TO THE FEARFUL. Through Rosie, 6th December 2014

To you who live in FEAR we address this message. You feel that something mysterious and incomprehensible is happening, perhaps to your bodies, perhaps to your surroundings, perhaps to your family and friends, perhaps to your MINDS and to ALL MINDS which are part of the UNIVERAL DIVINE MIND. Realisation of this (unless you have the misplaced fear of losing „individuality“) may take away your fear, turning the dread of the UNKNOWN into the JOY OF THE LOVING AND ALL-ENCOMPASSING FAMILIAR.

In vague and exuberant terms we speak, perhaps, in your perception, yet your perception is about to CHANGE on a permanent basis. In fact, the permanence of it will be it's CONSTANT FLUX AND EXPANSION. According to your present limited perspective, there is SO MUCH which can instil fear, yet if the EXACT SOURCE is recognised (as will become the case) it will become clear to you that the PRECISE SOLUTION CAN BE CREATED, AND THAT PROBLEMS, HOWEVER SERIOUS IN NATURE (CONCOCTED BY YOURSELVES COLLECTIVELY), CAN BE COLLECTIVELY SOLVED.

While some fears have been falsely fanned for purposes of control, we also bring to you the very grave news that many „negative“ entities and events and structures which fuel your fear REALLY EXIST, beyond your present powers of imagination. But we also bring the glorious news THAT THEY SHALL FALL and THAT THERE WILL BE NO MORE REASON FOR FEAR BEACUSE THOSE WHO REMAIN WILL BE ROOTED IN LOVE. TO GROW THESE ROOTS AND HARVEST THOSE FRUITS AND PLANT HARMONY ON THIS SPHERE WILL BE YOUR TASK.

We urge you to take heart. Seraphin.

Seraphin Message 209: A CALL TO THE DELIBERATELY DESTRUCTIVE

Through Rosie, 6th December 2014

To our destructive brothers: if you read through the other „calls“ in this series of calls, you, the DELIBERATELY DESTRUCTIVE will understand the turmoil you have brought to this earth. It is no longer appropriate to try and usher you gently from your ways of depravity. It is time to receive the FULL CONSEQUENCES of your actions, in accordance with the DIVINE LAW of CAUSE AND EFFECT – to feel the FULL PAIN that you have inflicted upon others.

AND YET, AND YET, AND YET ...

You will always have the choice to turn towards divinity. CHOOSE WELL.
Seraphin.

Seraphin Message 210: THE NEW CONCEPT: DANCING TOGETHER. Through Rosie, 9th Dec. 2014

How many times, Dearly Beloved Children of Earth, have you retreated into a distant and dark corner when faced with problems which have brought you great pain and anxiety? Your first instinct is to MOVE AWAY FROM THE SUPPOSED SOURCE OF THAT PAIN, YET WE SAY THAT THIS REACTION IS FATAL FOR THE FACE OF YOUR PLANET.

Your concept of pain is that it is something to be avoided at all costs. Your RIGHT TO HAPPINESS is put above all else, Your main interest – expressed by so many of you – is to create the perfect COMFORT ZONE where nothing can touch you and where an indelible and constant state of security is guaranteed.

Do not misunderstand, Beloveds; your strivings for “happiness” are normal and also commendable, yet this does not involve sitting on a fluffy pink cloud singing hosannas in the eternal presence of the ALMIGHTY. Nor does this happiness involve all personal effort being replaced by that of SERVANTS, COOKS, GARDENERS or other minions.

No one can live in isolation; indeed, if this were the DIVINE PLAN, then you would all be living in your own space in a totally self-reliant capacity in order to secure exactly this particular experience.

No; your task is to MOVE TOWARDS EACH OTHER and in particular to EXPERIENCE LIFE TOGETHER and to GROW AS A RESULT OF ALL ENCOUNTERS, WHETHER PLEASANT OR UNPLEASANT. TO NEGLECT THE UNPLEASANT IS GROSS NEGLIGENCE, FOR THE CONFLICTS – UNSPOKEN, UNTREATED AND THUS UNHEALED – WILL NOT BE RESOLVED UNLESS LOOKED UPON.

So look around you, inhabitants of earth. WHAT SORT OF DANCE ARE YOU PARTAKING OF, AND WHO ARE YOU DANCING WITH, AND WHAT SORT OF PATTERNS ARE YOU CREATING ON THE DANCE FLOOR? IS EVERYONE PARTAKING? ARE THERE WALLFLOWERS, TOO SHY TO STEP UP ONTO THE FLOOR THEMSELVES? ARE THERE OTHERS WHO FOR REASONS OF “STATION” OR DEFIANCE OR LACK OF “CREDENTIALS” OR FINANCING WHO HAVE NOT EVEN ENTERED THE BALLROOM?

DO YOU PLAY TO THE RULES OF THE GAME? DO YOU CHOOSE YOUR OWN PARTNER AND YOUR OWN MUSIC? DO YOU DANCE TO YOUR OWN TUNE? DO YOU CONTINUE TO DANCE WHEN THE PRESCRIBED MUSIC (WHICH HAS BEEN PLAYING TO YOU CONTINUOUSLY LIKE A STUCK RECORD IN ORDER TO CONTROL YOUR BEHAVIOUR) ENDS?

THE MUSIC WILL STOP, dear Children, and then you will hear the SILENCE, REFLECT UPON THE MUSIC THAT WAS, NOT HAVING YET COMPOSED THE MUSIC TO BE. YOU WILL CHOOSE YOUR NEXT DANCING PARTNERS AND DEVELOP YOUR NEW CONCEPT FOR THE MUSICAL SCORE OF THE FUTURE.

Seraphin Message 211: MISTAKES AND NEW TAKES. Through Rosie, 17th December 2014

Countless times, dear Inhabitants on Earth, have you found yourselves in a position of WAVERING, of oscillating between two poles. For some, for whom self-reflection is a factor unknown, the choices may be easy. For others, with a clear sense of RIGHT AND WRONG, the choices may also be easy. But for many, it is a battle between RESPECT and SELF-RESPECT, between FRIENDSHIP and REJECTION, between IDEALS and MATERIAL GAIN. And so you torment yourselves, wishing to have THE BEST DEAL FOR YOU (which may result in ADORATION, MATERIAL WEALTH, POWER, SELF-IMPORTANCE, POSITIONS OF UNQUESTIONING AUTHORITY WHICH COMPEL ABSOLUTE RESPECT).

But what is the BEST DEAL FOR HUMANITY? We would ask you to examine your motivations well, and to realise that despite your oscillations from one extreme to another (slowing down your journey), pulled by your conscience and lack of same, it is YOUR CHOICE and indeed YOUR EVER RENEWED CHOICE which pinpoints your position of the spiritual scales. Your choices will bring you to a new position from which you may then view your NEW CHOICES. Thus you move forward from one platform to another, progressing to ever new perspectives, leaving what you recognise (in that particular context and time) to be a MISTAKE, but which from higher platforms may be less of a mistake and more of a NEW TAKE on the same situation, and it will lead to MORE INFORMED FUTURE CHOICES.

To dwell on one particular platform, fighting continuously for ground, insisting that you are “in the right”, will keep you in conflict and will keep you on the same level eternally. Similarly, to make no decision at all and to squander your precious time in a NO DECISION LAND will not further your progress: it will result in constant anxiety through inability to choose combined with an awareness of all choices, or it may result in domination of you by the decisions of others.

So what light can guide you through this jungle of possibilities and interactions? You are requested to be HONEST, to EXPRESS YOURSELVES TO OTHERS CLEARLY, to EXERCISE BALANCE, to REMAIN CENTRED, TO ACT but also to LISTEN, to ACKNOWLEDGE OTHERS but not to COMPROMISE YOUR TRUTH, and to CONSTANTLY OBSERVE YOURSELF and IMPLEMENT CORRECTION ASSIDUOUSLY if you find your behaviour LACKING or REQUIRING CORRECTION.

For this is indeed the great CORRECTING TIME when all will be tested and measured for AUTHENTICITY, HONESTY and INTEGRITY. How will you score on this on, Beloveds? For the celestials who observe you have every insight into the workings of your thought processes, and nothing can be overlooked or hidden.

We see some of you rebel automatically in your thoughts when we mention that this is a “testing” time, and that it is something akin to an “examination”. Yet this is exactly what it is. Do you stand for spiritual degeneration or for spiritual growth? And how do you demonstrate and manifest this? This is the question we ask you all today. Your answer will determine your grade.

We are again attempting to help you through our words which may seem harsh, but which are motivated by our deep concern for the fate and future of the human race. Seraphin.

Seraphin Message 212: A NEW YEAR: A NEW LIFE. Through Rosie, 22nd December 2014

For those who are familiar with the feelings of elation which a NEW YEAR can bring, who raise their glasses in celebration, realising that this is a momentous and unrepeatable and unique moment, pregnant with the potential for effecting change, KNOW THAT A LIFE IN BLISS, IN ALIGNMENT WITH THE PRINCIPLES OF THE DIVINE AND WITH THE LAWS OF THE COSMOS IS FORMED OF AN ETERNAL CHAIN OF SUCH MOMENTOUS MOMENTS OF DEEP AWARENESS, WHEN PERCHING ON THE EDGE OF THE OLD, HOLDING YOUR BREATH BRIEFLY BEFORE PLUNGING WITH EXHILARATION INTO THE NEW.

In reality, there is no real difference between one moment and the next – between 5 to 12 and 5 minutes after 12, apart from your AWARENESS OF THE PASSING and your perception of the possibility of a change for the better. Let us concentrate on the word PASSING. HOW CAN YOUR TIME BE PASSED IN AN OPTIMUM WAY, inhabitants of earth? Can you look forward, on New Year’s Eve, to great projects or exhilarating travels within and without which IMPROVE HUMANITY’S FATE, in however small and large a way? Do you recognise PERFECTION in your motives, COURAGE in your actions and DEDICATION in manifesting your intentions? Does your ENTHUSIASM affect others, help others, or are you all too soon swamped over by the same “routine”, by “expectations” or “necessities” or “acceptances” which dominated your OLD YEAR?

Try and remember the excitement of first falling in love. You felt light, positive, exuberant, full of great anticipation, desperate for a glimpse of the ADORED. Glimpsing the face of the ADORED DIVINE, should you search and find it in the great creation which is you, which incorporates you, and which incorporates all others, will similarly transport you to this plane of bliss which causes you to bless and love everything and everyone you encounter.

It is a delicate and precious feeling, as if being stretched taut, as if thin transparent porcelain is flooded with light, seemingly so fragile and easily broken by rowdy and clumsy players in the game of life. And yet, we can off this up to the collective consciousness as our own personal gift – a CHRIST gift in this CHRIST CONSCIOUSNESS SEASON, so that in the end, ALL SEASONS will shine in this way, commemorating the teachings of this particular master and his various associates who preceded and followed him, all with the intention of lifting YOU to this new level of love for all, without exception.

So join this upward surge in consciousness and maintain it far beyond the clinking of glasses on your first day of the year, for it will carry you through chaos, distress and sadness on a wave of ever-increasing strength and solidarity which, in its cumulative state, will gather force and crush all opposition.

THAT WHICH IS SACRED WILL RETURN. THAT WHICH IS OPPOSED TO THE SACRED LIGHT SHALL SINK BACK INTO THE SHADOWS, AND INDEED THE SHADOWS THEMSELVES SHALL RECEDE UNTIL ABSOLUTE CLARITY AND TRANSPARENCY REIGNS.

THUS WE URGE YOU TO CONTINUE THE CHARITOUS FEELINGS YOU HARBOUR AT YOUR “CHRISTMAS” OR “HOLIDAY” INTO A CONTINUOUS STREAM OF GOODWILL TO ALL WHICH WILL BUILD A NEW AGE OF HARMONY AND CONSOLIDATE THE PEACE FOR WHICH YOU SO DESPERATELY YEARN.

We close this message expressing our deepest love for those who read these lines and who act upon them, for you will be blessed as way showers for the disheartened. We love you, Seraphin
