Day 1: THE DAY OF REPOSE

If, on the Day of Repose, your infinite stillness and serenity is punctured by a peccadillo, will you shout and scream? Will you shatter the calm, sending violent ripples throughout the waters, confronting astounded faces, renting apart a profoundly peaceful atmosphere? Or will you retire to wring with YOURSELF and confront YOURSELF and realise that your past experiences are interfering with your present perception? Will you acknowledge that TRAUMATIC SITUATIONS IN THE PAST ARE INTERFERING WITH THE PRESENT, re-inventing for you a familiar TRAGIC CIRCUMSTANCE WORTHY OF RIGHTEOUS ANGER rather than you recognising it as the passing peccadillo it really is? How much more will this affect you if you have proclaimed for yourself – following a period of intense labour – that this is a DAY OF REPOSE?

Day 2: THE DAY OF REMORSE

If, on the Day of Remorse, you talk openly about YOUR PART in the conflict, you may experience relief, new insights, new perceptions of your motives and of the motives of others. Perhaps you will now consider black as white and white as black, falling into shame about your outburst, but know that this is REACTION as opposed to ACTION TAKEN BY A SOVEREIGN BEING. You will become a magnificent eagle, developing from a small helpless fledgling. You will battle your way, declaring this and that, experimenting with this and that, retracting this and that, and launching forth again. Despite “setbacks” and “side-stepping”, this is not a right / wrong or black / white scenario, but (from a long-term and bird’s eye view perspective) a continual learning journey which moves FORWARDS. As your wings grow stronger, as you practice more frequently, as your eye becomes more discerning over the wind currents and the lie of the land, so will you learn to GLIDE EFFORTLESSLY AT GREAT HEIGHTS. And so, days of remorse will cease and all days will be DAYS OF LEARNING AND PROGRESS.

Day 3: THE DAY OF REJUVENATION

If, on the Day of Rejuvenation, you find yourself climbing uphill, dragging your heavy boots from one step to another, remember the spritely sprints of your youth. Do not lament the swift speed of carriage, but focus on the lightness of heart, the fresh breeze of anticipation, the elation of travel to new pastures and horizons, the delight of communing and communicating with creatures and persons, overcoming the differences and finding the similarities. To avoid growing “old”, retrace these experiences, leave familiar tracks, forge ahead with the expectation of experiencing new and enlightening circumstances which further your growth and understanding. If this is so, you will enter the eternal river of youth, as you will always greet the new with an open eye instead of ancient premeditated immovable convictions. So walk, Beloveds, at whatever pace suitable to you, but walk with clear receptive minds, for much can be received which has hitherto been unknown to you.

Day 4: THE DAY OF RESPONSIBILITY

If, on the Day of Responsibility, you are found lacking, you will be confronted with ALL THE CONSEQUENCES OF YOUR NEGLIGENT BEHAVIOUR. You may have avoided this and that, out of convenience or in order to pursue “leisure”. Responsibility may have felt like a burden which rests eternally without end. You may have felt justified in evading drudgery, routine and a perceived state of lack. Yet how can you experience lack WHEN YOU ARE IN SERVICE TO OTHERS, for you will receive what you give. Indeed, it cannot be any other way: you cannot receive unless you give, under the cosmic law of balance. And so, on the Day of Responsibility, also known as the DAY OF RECKONING, all donations of your time and effort and gifting to others will be weighed against all your self dedication. Although it is necessary to love SELF, this cannot be made your AIM, unless you intend to unbalance the scales deliberately and lower your vibration (and that of your surroundings), contributing to the downward surge which would all have swamped your world were it not for celestial help. We of those realms advise you to WEIGH YOUR ACTIONS and make the necessary adjustments to achieve balance BEFORE THE DIVINE DAY OF JUDGEMENT where NOTHING CAN BE HIDDEN OR AVOIDED. We see through you. We know your motives and we assess accordingly.

Day 5: THE DAY OF REDISTRIBUTION

This day will cause great distress and great elation. If, on this day, you are expecting to be served and honoured on the basis of your financial liquidity alone, you will be thrown into a mental desert, for all will be distributed, irrespective of ownership. All will be donated according to need. And if you find yourself in the desert, this will be the optimal place, surrounded by NOTHING, to determine exactly what it is that you really NEED, and what exactly defines you. Is the watch you wear indicative of your wealth? Are the clothes you wear indicative of your beauty? Does the speed of your car (should you be fortunate enough to afford such transport) indicate your ability to TRAVEL WITH PERCEPTION AND DISCERNMENT? Are the trinkets on your hand indicative of your QUALITY? When all these are removed, and when you find yourselves in a position of SUPPOSED LACK. What will you seek first? It will be LOVE, Beloveds, in the form of those who assist you in your plight, in the form of those who gently usher you towards new and vibrant oases, who encourage you to leave behind old ways of thinking and acting. And when your material goods have been redistributed, and when you see the joy this brings to others, you will see that the greatest joy is not to possess but to DISTRIBUTE YOURSELVES in the same way that YOUR CREATOR UNDER THE NAME OF JESUS BESTOWED HIMSELF ON THIS PLANET IN NEED.

Day 6: THE DAY OF RE-EMERGENCE

The falling away of all noise, “entertainment” and distractions will be the hallmark of this day. You will suddenly and automatically be forced to shut out everything which is unnecessary, peripheral, meaningless and shallow. You will relearn to give value to all that RE-EMERGES - the intoxicating sound of a wave crashing on the rocks, the call of a gull, the innocent eyes of a child, the sun on your skin, the sand between your toes, the wind in your hair. All these will call

forth delight. And you will also delight in SIMPLICITY, in SILENCE, and in SITTING IN SILENT CONTEMPLATION AND GRATITUDE. When prevented from taking on this state of being, you will recognise electronic noise as gross disturbance which negatively irritates your sensitivity and your DIVINE CORE. This core, perfectly balanced, disturbed by none, will RE-EMERGE on the Day of RE-EMERGENCE.

Day 7: THE DAY OF RELEASE

If, on the Day of Release, you suddenly “lose” the key to all you have known, including your identity and familiar surroundings, then you may fall into unprecedented panic because you feel worthless and helpless and disorientated. If you simultaneously lose close friends and family members, this will put you in a position of great precariousness but also in a position of great challenge. Much may be required of you; deep soul-searching or recognising past wrongs or miscalculations. You may be required to walk longer, dig deeper, hold out or go into action AS NEVER BEFORE. Thus you will realise that what you considered to be your LIMITS were actually self-placed LIMITATIONS, and you will see that you are capable of SO MUCH MORE.

If you decide to stay on this earthly plane, you may achieve GREATNESS (in the eyes of others as opposed to yourself, for ego has no place in this scenario). You may develop DIVINE QUALITIES, and you may qualify for ROLES OF GREAT RESPONSIBILITY. Should you desire to continue to sleep, however, and if you do not recognise the “heat of the moment” or the change in intensity or the chance for glory, if you cannot relax into the GREAT MOMENT OF RELEASE AND THEN USE THE ENSUING MOMENTUM TO REGENERATE POSITIVE ENERGY, THEN YOU WILL CONTINUE ELSEWHERE. Imagine you are a child again, sitting on a swing and turning it round and round in one direction until it can turn no more. As you turn, you realise that the pace is slowing down and that the ropes are ever increasingly taut. You know that the turning will soon stop. When the moment of stillness arrives, you anticipate the beginning of the reverse movement with bated breath. This moment must be a MOMENT OF AWARENESS AND OF WILLINGNESS TO CHANGE, BELOVEDS, otherwise you will be removed to another “playground”.

Day 8: THE DAY OF REMEMBRANCE

If, on the Day of Remembrance, you refuse to examine the past events of your life, your “memory loss” or – more poignantly – your inner refusal to take a long hard look at your dallies, mistakes, diversions and dismissals, then this will not serve you well in the long run. Be prepared for total reversals of view and for vastly different and expanded perspectives. That which you experienced as banal, permanent, or routine may now appear exhilarating, fleeting or highly unusual. This means that you failed to appreciate the WONDERS of life and failed to cherish the PRECIOUS MOMENTS. You may be overcome with grief at this realisation, yet it will serve to further your appreciation of and gratitude for the ABUNDANCE OF THE PRESENT MOMENT. Similarly, though in reverse, moments which may at the time have felt wonderful or unique or exceptional will now fail to rouse you to any feelings of excitement. Indeed, in view of new revelations and perspectives, the memory of these may fill you with sadness and distaste. And this too is a promoter of and way shower towards true values and acts as a precursor of future behaviour which benefits society as a whole as opposed to satisfying your own supposed needs. No face will remain dry on the Day of Remembrance (as many tears will flow) since those former days were populated with friends now gone. Though this will be difficult to deal with initially, the fear of NEVER SEEING THEM AGAIN will disappear. You will be able to move on and savour the present and create the future with JOY due to your newly acquired knowledge that all souls continue eternally (if they so wish) after what you call “death”. Death, as you know it, will be no more. This is the new basis on which your relationships (and responsibilities) will grow. This is exactly what happens: relationships are always growing across many lifetimes and dimensions, steadily increasing in quality (if lessons are learnt) as karma and other choices and commitments are worked out. No one is lost. It is the FEAR OF LOSS which is lost. Thus, REMEMBER WITH JOY ON THE DAY OF REMEMBRANCE.

Day 9: THE DAY OF REDISCOVERY

You are kissed with love daily, Beloveds, and to this you will awake on the Day of Rediscovery. You will look upon all things with new eyes. You will see those who seemed strong and resilient turn into helpless shells in front of you, for this is what they were hiding. You will see beggars and miscreants and prisoners and UNDERSTAND what their real motives were and are. You will reassess your opinions and convictions, and you will discover new ways of approach, new ways of reacting and new AVENUES OF TRUTH. You will clear away hedges of hawthorns and discover MASSIVE HOLES in the walls behind. You will discover that the solid floor beneath you is actually hollow and that you have been acting upon false suppositions. You will see neglected gardens turn into a paradise as you cut away trailing plants which throttle bushes and slowly kill them. You will be astounded at the huge pile of strangling foliage which you remove, and you will be humbled at the beauty of what is revealed. And so will you move forward in joy.

Day 10: THE DAY OF REVOLUTION

This day will not be as you anticipate, Beloveds. Your idea of a revolution is strong and sometimes violent protests carried out by those few who live intensely, demand their rights and take to the streets in public view in order to force change. CHANGE there shall be, but FORCE there will not. It will not be a case of a fervent few partaking, but a movement created by EVERYONE. No one will be able to opt out of stating their opinion or taking on responsibility. VIOLENCE there shall not be – except in the interim – as PEACE is the unswerving goal and INCREASED SPIRITUALITY the bastion of the revolution. The revolutionary act will be REALIGNMENT WITH YOUR SOURCE, THE CREATION. You will learn to live in alignment with nature and with the seasons as the animals do. You will no longer create ski slopes in deserts nor hot beaches in cold climes. You will no longer indulge in such activities which serve your entertainment but ruin your habitat. It is your BEHAVIOUR which you will collectively revolutionise, not because you are fighting for your RIGHT for a better way of life but because you are prepared to SACRIFICE SELFISHNESS to provide a better way of life.

Can you see how you have contributed to strife and division through your various conflicting groups insisting on this and that, focussing on one direction or “deprived” section of society only, rather than considering the whole? Try to develop a 360-degree view instead of walking one particular road. Try to embrace all and recognise similarities rather than focussing excessively on the “unique difference” demonstrated by or adhered to by your particular group. There is a long way to go, Beloveds, before you reach this unity of feeling, but we would ask you to take the first REVOLUTIONARY STEP. This is a humble step backwards in recognition of “not your will, but yours oh Creator of All Things, Lover of All Things, Provider of All Things”. Not to fight, but to SURRENDER your will to the highest good is the path to true revolution.

Day 11: THE DAY OF RECREATION

Your Creator has put patterns and cycles into motion which recreate for you every new day. And in pursuit of perfection, which is the DIVINE GOAL, you who are also creators will recreate yourselves daily. The only question which remains is HOW AND WHAT WILL YOU CREATE? WILL YOU EMERGE EACH DAY A NEW CREATURE – a “snail” or a “butterfly”? A SLOW DROWSY INDIVIDUAL LACKING IN ENTHUSIASM, OR A LIGHT-FOOTED CREATURE SPREADING COLOUR, LIGHT AND DELIGHT? Do not underestimate the effect that your chosen state has on your surroundings, and every day REMEMBER THAT YOU CAN CHOOSE ANEW, CLOSING YOUR EYES BRIEFLY IN HALLOWED SILENCE, STATING YOUR INTENT, ASKING FOR GUIDANCE, IN HUMILITY AND LOVE AND BOUNDLESS GRATITUDE FOR ALL CHANCES OFFERED TO YOU ON THIS DAY WHICH FURTHERS YOUR LEARNING PROCESSES AND WHICH HELPS YOU TO FLY.

You have desecrated the word RECREATION, Beloveds. For you, it has come to take on the meaning of entertainment to be consumed at specific “leisure” times and in specific places. You have “recreation centres”, offering you various options of how to spend your “free” time, but

know that YOU ARE THE PRIME MOVERS, THE CREATIVE BEINGS WHO ARE A TINY MIRROR FRAGMENT OF THE GREAT CREATION. As we have said before, DO NOT LIMIT YOURSELVES, BUT CREATE THE BEST AND HIGHEST VERSIONS OF YOURSELVES EACH DAY AS EACH NEW DAWN RISES. Then shall you live in PARADISE.

Day 12: THE DAY OF RECOGNITION

This will be a painful experience if you have never recognised PAIN. To do so is to admit that you have in some way deviated from a balanced path, and losing face is something you have never allowed yourself to do. But this is, in the long term, an extremely strenuous undertaking, trying to hold up a mask which will eventually break under the strain. Those who do not make use of masks are genuinely considered “weak” or “instable” or “emotional” or “direct”, but we say to you that they are much more in contact with their REAL SELVES than those who put on a “brave face” or those who hide or those who lie to keep their reputation. The energy on the DAY OF RECOGNITION will be such that it will no longer be possible to hold in any strong emotion any more. Like a pot which boils over, much rage and sadness will be expressed. Characters – once controlled and sovereign – may turn into helpless invalids overnight. Those accustomed to such highs and lows will take their hands and guide them through the choppy waters to calmer shores. These can only be reached when ALL has been expressed and the real (as opposed to the superficial) cause recognised. Before expression has occurred, it is not possible to pin point cause correctly and thus not possible to make the correct change. Thus will you all weather the storm of emotional turmoil, either within yourselves or within others, until calm again reigns.

Day 13: THE DAY OF READJUSTMENT

On the Day of Readjustment it must be perfectly clear to you that there will be very unexpected TWISTS AND TURNS greeting you at every juncture. This is, indeed, an era of GREAT CORRECTION where decisions affecting you are taken OUTSIDE OF your tiny planet and IN SYNCHRONISATION with UNIVERSAL ADMINISTRATION, and so your personal desires and plans will be secondary to those. You will be expected to change course and not to hold onto certain preferences. The direction may change at a moment’s notice, and you will be tested as to your ability to move forward despite those surprises – some of which may be pleasant and some of which may not be so pleasant. Especially for those earth inhabitants who are used to living in calm seclusion, you will be thrown into the midst of tumultuous LIFE and will be forced to associate with those of whom you have previously disapproved or those you have even despised. You will learn to INTERACT and to appreciate their qualities of directness and readiness to assist. You will appreciate their VITALITY. These will be the beginnings of a peaceful society WHERE ALL ARE INTEGRATED AND TO WHICH ALL CONTRIBUTE. You will ignore no one. You will include everyone. You will mingle with young and old, rich and poor, healthy and infirm. Thus will your compassion be roused and your understanding deepened. Thus will you emerge as spiritually mature beings.

Day 14: THE DAY OF RESULTS

All causes set waves into motion and – at some point in the future – those waves must necessarily HIT THE SHORE. It does not matter where the wave originates or how long it has been travelling, it will impact nonetheless. So far, a number of you have been living in lands or areas of society where the EFFECTS of your actions have been largely unseen, yet know that they have been FELT nevertheless, even if this effect is felt at such a distance from yourselves that you have completely lost sight of it. Sometimes you do not even believe that this effect takes place. You do not believe in its existence. You do not believe in consequences. You believe it is possible and allowed to continually squander, debauch, manipulate and destroy all manner of resources and still live in a perfectly beautiful and harmonious enclave. Yet this is a bubble about to burst. Your disbelief is grossly erroneous. Your actions will always catch up with you. You cannot avoid the consequences of your behaviour since this is part of the inevitable and unshakeable cosmic law of CAUSE AND EFFECT.

Watch the waves coming in from the sea. Can they be stopped, Beloveds? Regard the power of those crashing waves. THEY WILL RUN AGROUND ON THE ROCKS. THERE IS NO OTHER WAY. EVERYTHING YOU EXPERIENCE IS A RESULT AND DIRECT EFFECT OF THE WAVES WHICH YOU YOURSELF HAVE PUT INTO MOTION. This indicates TOTAL RESPONSIBILITY FOR ALL ACTIONS, and as we have said so often, YOU ARE THE CAPTAINS OF YOUR OWN SHIPS. THUS YOU CAN NEVER BE VICTIMS. It is this realisation which, if embraced by all, can radically and rapidly change your world. TRACE ALL EVENTS BACK TO THEIR SOURCE. DO NOT FEEL HELPLESS. YOU CAN ALWAYS TRACE BACK AND YOU WILL ALWAYS FIND THAT YOU HAVE HAD A HAND IN IT SOMEWHERE DOWN THE LINE. NOTHING COMES FROM NOTHING. TRACE AND TRACK THE VIOLENCE IN YOUR MENTAL PROCESSES. RELATE ALL “BACKLASHES” AND EVERYTHING WHICH APPEARS “OUT OF THE BLUE” TO YOURSELF. Thus will you grow and learn to rectify. Thus will you learn to set PURE WAVES INTO MOTION.

Long-term failure to look closely at events in your life under the CAUSE AND EFFECT microscope means that your intention to now do so may result in great shock. Your life is actually a LONG PROCESSION OF WAVES which will rise to the surface and hit the shore on the DAY OF RESULTS. Waves cannot be seen on the distant horizon. You are mainly aware of them when they crash. This is when their great strength is truly understood by you. If small and gentle, they may simply lap your toes, but if huge and strong (instigated by a hugely powerful thought or action on your part) they may sweep the sand from under your feet, hurl pebbles and knock you to the ground. Once they have hit, their “effect” is complete and played out, and they retreat immediately, leaving hard refreshed sand and a changed shoreline behind them. Although they may shock with their sudden power and surge and crash, they may also bring untold treasures to the shore in the form of beautiful shells and glinting stones, previously hidden below the surface. Thus do all sudden changes (which we may call “consequences playing out”) bring you nuggets of joy and learning. The wave retreats, unseen, but has left an indelible effect on your mental landscape. Such waves can shatter your serenity but increase your flow. All this will you experience on the DAY OF RESULTS.

Day 15: THE DAY OF RECOMPENSE

Though the great changes we warn you of may sound calamitous or staggering to your ears, this will not be exclusively so. It is in the nature of your daily propaganda to induce fear and dread in you, so will you react to our words with the same fear and dread, and you may wish to read no more and to put it all behind you, as you do with your newspapers and media reports. Yet we are those who will FREE YOU FROM THIS YOKE OF FEAR AND WHO ARE WORKING TO LIFT THIS PROPAGANDA. In addition to warnings and advice – which in view of the conditions on your world are sorely needed – we also proclaim THE GREAT HEALING to a degree which you have never before experienced. This is your reward, on the Day of Recompense, for your determination to transform yourselves and thus your world.

Day 16: THE DAY OF REJECTION

Know that most of you, on the Day of Rejection, will wish to go on a huge rampage in which you reject EVERYTHING. Many will seethe with anger and enter into violence. You will curse. You may end your own lives in shame. You may wish to take the lives of those who you consider the perpetrators. To you we say BE STILL if possible. Scream and hit imaginary beings if you must, but DO IT ALONE IN A SECLUDED PLACE. It is easy in such circumstances, where everything you ever believed comes crumbling down around your ears, to fall into desperation. Yet, if you can endure and learn to see the “good” which emerges from this process, if you can sift through the dross and find the streak of GOLDEN DIVINITY which indwells you, then you will know you are forgiven, and you will KNOW that the only way is up and onwards. Thus the Day of Rejection shall transmute into the Day of Acceptance.

Day 17: THE DAY OF REDESIGN

Take up a new drawing board, Beloveds, and redesign your lives according to DIVINE PRINCIPLES. These are the ones which SUSTAIN AND NURTURE. Your actions will SIMULTANEOUSLY TEACH AND DEMONSTRATE THESE PRINCIPLES TO OTHERS. This means the HIGHEST QUALITY IN ALL AVENUES OF LIFE. This statement is not meant to be constant pressure on you, but it means constant and steady movement towards PERFECTION. You will yourselves encounter and enjoy the high quality products and experiences of others, and this will REINFORCE YOUR DESIRE TO RE-GIFT THE SAME.

Day 18. THE DAY OF RECYCLING

This is a day of recognition of the VALUE of the RESOURCES which you have systematically squandered on an enormous scale, especially in areas of the world you call the “Western World”. Do you all need personal transport? Do you all need the same household appliances you use once a year? The great age of sharing will dawn and lives of simplicity will be led so that in the end, THERE WILL BE NOTHING TO RECYCLE BECAUSE NOTHING WILL BE KEPT SUPERFLUOUSLY, EVERYTHING WILL BE REPAIRED INSTEAD OF BEING THROWN AWAY, AND EVERYTHING WILL ALWAYS IN CONSTANT USE. Thus you will utilise the least resources possible and preserve the beauty and abundance of your natural world.

Day 19. THE DAY OF RECEPTIVITY

Will you hide, Beloved Children of Earth, when you learn that grave mistakes and experiments have been conducted on your planet? Will you defend yourselves constantly or will you be able to drop such behaviour and warmly welcome the suggestions and assistance of celestial helpers? Indeed, this assistance has been available to you for a long time, yet it has not been recognised or utilised. Will you drop on your knees in gratitude, now that the full extent of atrocities is revealed? Will you humbly accept not only the new technology but also the NEW DIVINE PRINCIPLES offered to you by your star sisters and brothers? The first is not possible without the second. The horrors of the past will linger if change cannot be WHOLESALE AND WHOLEHEARTED. This is your choice on the Day of Receptivity.

Day 20: THE DAY OF REMOVAL

If, on the Day of Removal, you have not kept your mental houses in order, you will be ill prepared. We advise casting out or distributing everything which is unnecessary. Contemplate what is absolutely integral to your happiness. Remember the untold weight of physical and mental baggage. Practice leaving everything behind. There will be those who – despite repeated warnings – will refuse to believe that the removal is coming. They will ignore the busy activities around them. They will seclude themselves and scorn and scoff. They too will be removed, as is necessary for safety and for the benefit of ALL HUMANITY AS A WHOLE. You may, at this stage, not be capable of imagining life elsewhere while your planet bursts into severe volcanic action and rebalance, yet for this you will eventually have to prepare.

Day 21: THE DAY OF RETURN

You may, on the Day of Return, have certain ideas of what “home” was or is. If this is a certain place, there is no guarantee that it will still exist. If it is a certain atmosphere, it may be your vocation to reconstruct it for the pleasure of others, if it benefits THE WHOLE. Yes, we will keep repeating this, as this is the new yardstick which will apply to all new construction projects and activities. If renovation is your skill, then renovate only that which is of unique or useful value. If your skill is organising, then the BENEFITTING ALL principle should similarly apply. Your IDEALS FOR ALL should carry you through this rebuilding period. To return wishing to find vestiges of the past – or your past way of life – is to programme yourself for vast disappointment and indeed great difficulty, as these will not always be included in the new parameters.

Instable rotting foundations – whether physical or mental – will not be supported or replenished. FLEXIBILITY OF FOCUS, DEDICATION AND ALIGNMENT WITH THE LAWS OF CREATION will ensure that you find your own highly valued and universally supported path in this NEW WORLD.

Seraphin Message 196

PROPHECY TWO: FROM MONEY TO AUTHENTICITY

Through Rosie, 29th September 2014

If you do not need to pay for a stamp, dear Children on Earth, your LOVE LETTERS may be long and arduous. You may write stacks of letters. You may write novels. You may compose oratorios for your loved ones far away AND SEND THEM THROUGH WHATEVER MEDIUM AT NO CHARGE. Also, DISTANCE will be reduced to a mere nothing since the high costs of travelling long distances WILL NOT EXIST. Thus there will be nothing preventing you from contacting or visiting distant relatives and friends UNLESS YOU CHOOSE TO MAINTAIN THAT DISTANCE.

This will be a good benchmark for the quality of your relationships and whether you REALLY WISH TO MAKE AN EFFORT AT KEEPING CONTACT. Distance is not actually the issue: THE DESIRE TO CONNECT IS THE ISSUE. Presently, high prices can be a good excuse for not calling or not visiting or not caring. Note that the eradication of the money system will, in effect, TERMINATE DISHONESTY and STRENGTHEN AND IMPROVE THE LINKS YOU VALUE.

If you can no longer show your gratitude to waiters or waitresses or other providers of services in the form of payment or tips, HOW ARE YOU GOING TO SHOW YOUR GRATITUDE? You will not be able to simply slap a bill on the counter and run off to your next important assignment or meeting. You will learn to GENUINELY APPRECIATE ALL ABUNDANCE – whether in the form of products or service – WHICH IS BESTOWED ON YOU. You will be so HUMBLLED by the experience that you will initially just sit in amazement, feeling at a loss, thinking you have arrived in paradise. This, especially, will be the experience of those accustomed to living with very little, as on so many areas of your earth. And indeed, this is where you will all have arrived, since a moneyless (NOT CASHLESS) society will be PARADISE FOR ALL.

Later, when you are well acquainted with and adjusted to the new system, you will reminisce about the era of money. You will realise the absurdity of paying money for a bunch of flowers (you will realise the even greater absurdity of paying a plane and pilot to bring you those flowers from exotic climes, preventing the native population from growing food instead). You will realise the absurdity of discussing your finances for hours, the absurdity of fighting over wills or inheritances, and the absurdity of asking for a rise. You will raise YOURSELVES above all these discussions and move into a new framework based on the VALUES OF THE HEART. The only thing you will have in your BANK ACCOUNT, with which you can “pay” others, is helpfulness, generosity, love, gratitude, understanding, a listening ear or an offer of assistance. There will be less that you HAVE TO DO, and more awareness of your own CHOICE OF PURSUIT. Yet always must you be aware of the cosmic law: what you give, you will receive.

This system will only work if all contribute to the BEST of their abilities. Laziness will be frowned upon. There will be no such thing as being OUT OF WORK. All will be urged to develop what it is that they do BEST, and bestow this on others. This leads to a continuous CIRCLE AND CYCLE OF UPLIFTMENT.

The “levelling” of money means the levelling of society. All will be equal. No one will have MORE MONEY or LESS MONEY than anyone else. It will no longer be possible to purchase the best lawyers or the best caterers or the best (and most expensive) services for exclusive personal use. The providers of services (EVERYONE WILL BECOME A PROVIDER OF

SERVICES) will themselves decide WHERE THEIR SERVICES ARE BEST PLACED. LIP SERVICE WILL BE A THING OF THE PAST. IT WILL BE REPLACED BY REAL SERVICE.

If you do not have to pay for food, will this change your habits? If those providing the food decide it is in everyone's best interest to produce healthy and morally viable (NO KILLING OR EXPLOITATION OF ANIMALS) products only, will you protest? Will you attempt to continue your addictions? Or, if you have been on the receiving end of very little nutrients, will you suddenly go overboard and launch into massive overdoses? These will be the initial difficulties, yet we say that the overall and overriding wish to live modestly, sustainably and healthily – a trait which everyone will learn to develop and adhere to – will bring balance and prosperity.

And what about your other addictions? Games, drugs, sex? Do you think that these will be provided “free” for your continued “pleasure” and self-abuse? Do you imagine that prostitutes will of their own accord continue, or will they prefer to reject that which is alien to their very nature and which they practised as a last resort? Will you need drugs to get a high? If the fact that everything is available and “free” is not enough to make you happy, you will have to confront the real reasons for your behaviour and your unhappiness. In such cases, you will be strongly reminded of your own divinity.

Remember the feeling you get when you receive an unexpected present, or when you receive something for “free”. Even if it is only a tiny gesture, you are filled with exhilaration and gratitude. How great will this feeling be, Beloveds, when you live IN GRATITUDE every moment of the day: when you experience this in ALL AREAS OF YOUR LIFE, WHEN ALL IS “FREE” and present IN ABUNDANCE. You will, in effect, DANCE ETERNALLY.

Throughout much of your world, your style of living DEPENDS on how much money you have at your disposal. So, WHAT WILL YOU DEPEND ON ONCE MONEY HAS GONE? It will be your KINDNESS, your RESOURCEFULNESS, your CREATIVITY, your ABILITY TO COMMUNICATE, your READINESS TO CO-OPERATE WITH OTHERS, and above all, YOUR LACK OF GREED (All new subjects to be taught in your new schools). You will take ONLY THAT WHICH SUFFICES. YOU WILL SHARE. You will not hoard surpluses unless this is for a specific project to benefit others. You will distribute resources and materials and skills freely, as needed. You will not waste the resources of the earth who loves you dearly and whom you have treated with the utmost disdain and cruelty.

You will not produce faulty or low quality articles, since this would not serve HUMANKIND. AND SERVING HUMANKIND IS YOUR DIVINE GOAL. With your eradication of money, your concepts of “profit” and “loss” will go out of the window. The squandering practice of obsolescence (deliberate and in-built corruption and programming of goods, involving future breakdowns to encourage the repurchase of same to ensure continuing “profits” and “jobs”) will be eradicated. There will be no point to this. This means that ALL BUSINESSES will have to change their mind-set – initially, a difficult undertaking. Yet you will get used to the idea of asking yourselves WHO WILL RECEIVE THE BENEFIT OF THIS PRODUCT? And HOW CAN I PRODUCE EXCELLENCE? And HOW CAN I COLLABORATE WITH OTHERS TO PRODUCE EXCELLENCE, IRRESPECTIVE OF NATION OR CREED? And HOW CAN I IMPROVE THE QUALITY OF MY WORK SO THAT IT LAST FOR AS LONG AS POSSIBLE?

ALL THIS WILL YOU LEARN. And you will rejoice in the certain knowledge that you are taking part in a huge movement to help everyone, including yourself, instead of fighting to keep alive through the sale of shady, dubious, poisonous, superfluous, useless and shoddy produce. This will LIFT YOUR SPIRITS enormously. You will know the ULTIMATE VALUE of your work. You will be loved and respected for your contribution. No one shall be more or less than anyone else. The only way to earn credit or stature in the eyes of others will be the extent and depth and intensity of your SINCERE CONTRIBUTION.

Will you, on the DAY OF NO MONEY, continue to produce weapons, Beloveds? Is this an occupation which will increase your esteem in the eyes of ALL? This is the new criterion – to benefit ALL. Will killing ALL be part of your agenda? Will you choose war, or will you choose peace? The “defence” industry shall change into a UNIVERSAL SUPPORT INDUSTRY. It will change from an industry supporting FEAR to an industry spreading LOVE. It will not destroy. LIKE ALL OTHER INDUSTRIES, IT WILL NURTURE.

These are but a few of the consequences of the changes which WILL COME TO YOU, Beloved children on earth who we love so much, who we wish to see in constant joy, who we continue to warn although we are chided and rejected. So deep is our desire to move you towards harmony and away from self-destruction that we will – again and again – present you with NEGATIVE ASPECTS OF YOURSELVES so that you may learn all the faster. We urge you to change your behaviour BEFORE IT IS FORCIBLY CHANGED.

We honour your choices, Seraphin.

PROPHECY FOUR: YOU WILL LIVE IN CONTINUOUS ECSTASY

Through Rosie, 3rd October 2014

For most people, when they hear this, experiencing continuous ecstasy will seem like IMPOSSIBILITY. This is because they are thinking about their present life circumstances involving stress and many other aspects which are anything but “ecstatic”. They may experience snatches of ecstasy here and there – moments of great happiness or insight or inspiration – but mostly their mental landscapes are populated with THING TO DO, and so these happy moments are infrequent and brief, cut off by MORE IMPORTANT THINGS.

The very nature of ecstasy is foreign to the majority. Most of you have been heavily influenced by media and propaganda which hail SEX and DRUGS as the very height of ecstasy (indeed, there is a drug with this name). But to hold this opinion is actually LIMITING YOUR EXSTATIC EXPERIENCE WHICH CAN LAST INDEFINITELY. We are not talking eternal orgasms here.

We would ask you to turn for a moment to the world of nature and we would ask you to consider which animals under which conditions demonstrate ecstasy: you may think of the eagle, soaring effortlessly at great heights on unseen currents. You may think of lizards basking in the sunshine. You may think of frogs floating motionless in a secluded pond in a position of ultimate relaxation and WEIGHTLESSNESS, carrying no burden whatsoever.

Ultimate BLISS, another word for ecstasy, is not a short-lived hallucination or high, induced by alcohol or the thrills created by the practice of dangerous sports. The ecstasy of such activities is not only the activity itself but also the fact that one can say LOOK! I HAVE DIVED FROM THE HIGHEST CLIFF or LOOK! I HAVE CLIMBED THE HIGHEST MOUNTAIN (would-be climbers of Everest in bad weather have sometimes found themselves in this extreme dilemma: whether to climb to the top for that moment of ecstasy, but knowing that if they do so, they will not survive to descend before night closes or before a fatal storm strikes, blinding their way). Such activities may lift you and your ego for a while, but will not satisfy you eternally. Once over, you will have to continue your search for the next high or the next drug.

So what is the answer, beloved friends on earth? How is continuous ecstasy possible? Imagine you are, like the frog, hanging in warm water on a beautiful summer's day. You may choose to be swimming with companions and discuss this and that – the price of petrol or what you are going to cook for dinner – but if you remain in silence and increase your awareness, you will move into another plane where your realisations bring you bliss.

You may wonder at the water, fluid and transparent, consisting of so many droplets. You may be aware that they close in on you, on every inch of your skin, in sweet caress. You may notice the ripples of the waves pushing beautifully to the edge. You may see the light playing on the water reflecting upwards onto overhanging rocks. You may marvel at the tiny fish – perfectly formed creatures for this watery paradise - which slip effortlessly around you. You may look up and watch the clouds draw past above you. You may feel safe and peaceful and AT ONE with nature and thus AT ONE WITH THE CREATIVE SPIRIT WHO DESIGNED THEM. You may express DEEP GRATITUDE FOR ALL THIS, or you may choose to discuss dinner instead.

Sharpen your awareness, dear ones, and if you feel yourselves descending into doldrums, remember that water and sky and the air which is ever present and always ready to bestow itself for your next breath are SO VERY CLOSE TO YOU AND ALWAYS AVAILABLE FOR YOUR INSPIRATION. EVERY LEAF IS A MIRACLE. This is what you can say to yourself every time you pass a plant pot or a tree.

And one of the greatest miracles, from your point of view, and one which is VERY CLOSE, is YOURSELF! How can you not continuously wonder at the fascinating constant functioning of your body? How can you not wonder at the fascinating encounters you have with others? And once you have understood that all encounters of whatever nature are intended BY DIVINE DECREE for your very own personal learning processes and benefit, how can you not be in a state of CONTINUAL REJOICE?

With the growth of spiritual values and insights on your earth, and with the removal of those who wish you to regress to purely materialist and sensualist automatons, you will move ever more quickly towards the intense state of constant upliftment and OVERFLOWING BLISS. You will contain so much bliss THAT IT WILL OVERFLOW ONTO OTHERS, and you will feel impelled to teach others HOW THIS CAME TO BE and how they themselves can become a crucible of bliss. Thus will you all grow and delight in each other. This our prophesy for today. Seraphin.

PROPHECY FIVE: YOU WILL UNITE AS ONE WORLD

Through Rosie, 9th October 2014

We of the celestial realms worry so much about our children – our wards on earth – not so much on a physical level, though that is also our concern – but on a spiritual level. It is our delight to see you GROW in this regard, and it is our dismay to see you descend into mindlessness, wandering about as if hypnotised, succumbing as if there is no alternative choice, fighting for your “rights” against those who are – in your perception – “different”.

But from our observation point – on which time and space has little bearing – you are all going through a similar experience on one small evolutionary planet – one of millions such, though your history (unknown to yourselves) is extraordinary. Again, a wider perspective such as this will provide you with great insights in the future, and you will realise, as we have said so many times already, that your supposed differences will dissipate into nothings. ALL THAT REMAINS WILL BE YOUR SIMILARITY, AND YOUR COMMON CONCERN WILL BE HOW TO BEST PROCEED ALONG THE DIVINE PATH.

Perhaps the idea of OVERRIDING UNITY is difficult to visualise in view of the present mental climate on earth where so many different (and fiercely defended) beliefs and customs and habits and cultures and tribes reign. HOW CAN WE SIMPLY PUT ALL THAT ASIDE? You may ask. You may be sure that this will involve the ACTIVE PARTICIPATION OF EVERY REMAINING INDIVIDUAL, AND THE ACTIVE RELEASE OF ALL DOGMA, SUPERSTITION AND CUSTOMS which do not serve humanity as a whole. Your belief systems are mostly destined to crumble. You will be provided with sensible, worthy, comprehensive,

comprehensible and credible explanations WHICH EVERYONE WILL RECOGNISE AS THE TRUTH. Thus will you be UNITED in your despair of having followed – for so long – erroneous paths and beliefs, and UNITED you shall also be in the tremendous new upsurge in your hearts and in your UNIVERSAL DEDICATION to improve, walking a new path towards UNIVERSAL HAPPINESS.

Much corrective action must take place on all levels. As in all situations involving disaster, you will be drawn together and help one another. You will not sit on your laurels. You will search urgently for the right answers. You will have so many questions that they will last a lifetime. You will universally rise out of stagnation and get together to form real supportive communities. You will take on RESPONSIBILITY. You will UNITE not only with each other but also with your animals and plants, knowing and treating them ALL as sentient and sensitive beings.

Similarly will you UNITE with the ever present but (for you) as yet UNSEEN OFF-PLANET MEMBERS OF YOUR UNIVERSE who will provide you with so much assistance. Once your consciousness EXPANDS to include these, you will feel an ever-increasing consciousness of YOUR CREATOR, developing a closeness which will also – in the long run – lead to UNIFICATION.

UNIFICATION can be demonstrated on many levels: it is constant awareness of DIVINE GUIDANCE; it is communication with personal unseen guides during meditation; it is strong family bonds in the sense that EVERYONE is your family; it is entering the mind and instantly understanding the needs of all those you meet – knowing this and providing this BEFORE YOU ARE ASKED. There will be no sense of SACRIFICE or of PRIDE when you do this. These emotions may presently arise while “doing good”, but they have no place in the new world. For you, united as you will be, WILL KNOW THAT YOU AND EVERYONE ELSE ARE PART OF ONE WHOLE. We prophesy that, at the end of every day as the shadows lengthen, you will sit in supreme gratitude for what you have received and for what you have learnt FROM THE WHOLE and for what you have given TO THE WHOLE. No action will be lost or squandered or remain unappreciated. You will KNOW that you have contributed to the health and harmony of a new united earth.

PROPHECY SIX: YOU WILL LIVE LIVES OF CONTINUOUS ADVENTURE

Through Rosie, 19th October 2014

Today we would like to ask you what role ADVENTURE plays in your lives at this present time on earth. Do you even contemplate that you might GIVE UP EVERYTHING and TRAVEL LIGHT FOR THE SAKE OF LEARNING rather than MOVING CUMBERSOMELY TO ACQUIRE MORE STATUS OR MONEY OR GOODS OR LEISURE TIME?

Know that even now, whether comparatively stationary or on the road, YOUR LIFE IS AN ADVENTURE. This may seem like an incredible statement to those who feel caught in a web of conflict or responsibility or duty or restrictive circumstances. Your freedom is to CHOOSE - each day, each hour, each minute – HOW TO REACT or rather HOW TO CREATE THE NEXT MOMENT THIS TIME. So, your lives are eternal (if you desire) adventures once you CONCEIVE of your lives as adventures. Thus you can REBIRTH yourselves daily.

How can we change our perceptions, you may ask. ASK YOURSELF QUESTIONS! Do you know, Beloveds, what lies beneath your feet as you wander across a city? Do you know what flies beyond the perimeter of your earth? (MORE THAN YOU THINK!) Do you know the real needs and feelings and intentions of those who pass you fleetingly, or of those whose conversations you may overhear for a split second? And what about the speeches of “famous” people? Are these short scripted pieces a true reflection of themselves or of “reality”? Do you

know your own capabilities and potentials? If you already know the answer to that question, then you have already limited yourselves. Do you know if and when someone will approach you or not? Do you know whom you will approach and for what reason?

We prophesy that in the time to come, so much will arise of which YOU HAD NO IDEA that you will feel like someone taking a long trip in a small wooden boat in the midst of HUGE WAVES, hit by one revelation after another. Can you imagine the exhilaration of taking the helm? Can you imagine the satisfaction of pursuing a course and finding the shore? Can you imagine the solidarity you will feel with your fellow travellers? Can you imagine the HEIGHTENED PERCEPTION which all this will develop in YOU, and the KNOWLEDGE THAT THERE IS SO MUCH MORE TO DISCOVER, BOTH ON YOUR WORLD AND BEYOND, BOTH IN YOUR PAST AND IN YOUR FUTURE, BOTH OUTSIDE AND INSIDE OF YOURSELVES?

Be joyful Beloved Earth Children, for like a small green spider relentlessly climbing across stalks of wheat in a large field, you will discover life in abundance, fruits in abundance, and nourishment in abundance. Though the path may be long or difficult. The rewards are already ensured. We love you, Seraphin.

PROPHECY SEVEN: YOU WILL FEEL THE GOLDEN LIGHT

Through Rosie, 26th October 2014

The golden light is something only rarely experienced. If so, it has descended on a few individuals, but what will now probably transcend is a COLLECTIVE EXPERIENCE. It will not be heralded by trumpets (unless this message is a trumpet!) There will be no introductions, speeches or interpreters, for it will be YOUR TASK (WITHOUT INTERMEDIARIES) TO WELCOME, ADDRESS AND TRANSLATE THE MEANING of this new energy. You will have no preparation or rehearsal time. Those who have already prepared themselves spiritually in advance WILL BE PREPARED FOR THIS, WILL UNDERSTAND THIS, WILL BE IN A POSITION TO EMBRACE THIS SO THAT IT BECOMES AN INTEGRAL PART OF THEMSELVES.

Those who have kept to the lower planes of existence will be confronted with something that is so entirely new to them that their initial response may be fear. THEY MAY REJECT IT OUTRIGHT, WHICH IS EQUIVALENT OF REJECTING ONE'S LIFE BLOOD. They may resort to screaming or violence, for there will be no way to stop it. The only way to prevent penetration of its vibration is to EXIT THE BODY, and indeed, this may be your choice. Know that all this will happen in a split second, like a tide of sound suddenly breaking, similar to that of thunder – a sound you are familiar with.

It will occur in a moment, yet it will open up eternal spaces in a great moment of cosmic understanding. If you have never contemplated ETERNITY, then you will be OVERWHELMED. Perhaps it is not your will to consider never-ending destinies. Perhaps in your heart of hearts you do not wish to learn, yet if a tiny spark of desire to start the eternal journey is ignited, you will very slowly but perceptively learn to understand the divine signs which will bless this earth. Thus will you all be initiated into higher realms if possible. Train your response times, Beloveds. Prepare to meet your "Maker" in the widest, deepest and most expansive sense. And even as you stumble in despair, it needs only one brief call, one desperate plea, one outstretched hand on your part for us, the celestial hierarchy, to respond to your plight. LET US IN, oh ones on earth, to help you towards that life-changing moment. We are standing by. Seraphin.
